The Scripts of Ancient Northwest Semitic Seals Larry C. Herr, 2019-11-26 Solving Riddles and Untying Knots Jonas Carl Greenfield, 1995 Jonas Greenfield was one of the foremost epigraphers and biblical scholars of this generation This volume dedicated to Professor Greenfield by his students colleagues and friends reflects the broad spectrum of academic <u>Identifying Biblical Persons in Northwest Semitic Inscriptions</u> interests he pursued Bible Oumran epigraphy and Semitics of 1200-539 B.C.E. Lawrence J. Mykytiuk, 2004 The first comprehensive system for associating persons mentioned in the Hebrew Bible with persons mentioned in Northwest Semitic inscriptions This book applies this system in detail to a small number of Hebrew inscriptions the Mesa Inscription and the Tel Dan stele Appendixes updated through mid 2002 briefly evaluate potential identifications of over 75 biblical persons in over 90 Northwest Semitic inscriptions which are mostly contemporary with the person Resulting identifications and non identifications appear in six categories of strength or weakness from unmistakable to disqualified The final product is a first ever corpus consisting only of inscriptions that name biblical persons This technical book will appeal to scholars graduate students seminarians religious leaders and others who have a working knowledge of at least one Northwest Semitic language and to nonspecialists interested in questions about *Edom at the Edge of Empire* Bradley L. Crowell, 2021-09-17 A comprehensive history of a state on Judah's border Edom at the Edge of Empire combines biblical epigraphic archaeological and comparative evidence to reconstruct the history of Judah's neighbor to the southeast Crowell traces the material and linguistic evidence from early Egyptian sources that recall conflicts with nomadic tribes to later Assyrian texts that reference compliant Edomite tribal kings to offer alternative scenarios regarding Edom's transformation from a collection of nomadic tribes and workers in the Wadi Faynan as it relates to the later polity centered around the city of Busayra in the mountains of southern Iordan This is the first book to incorporate the important evidence from the Wadi Faynan copper mines into a thorough account of Edom s history providing a key resource for students and scholars of the ancient Near East and the Hebrew Bible The Balaam Text from Deir 'Alla Re-Evaluated Hoftijzer, Kooij, 2024-03-11 The Balaam text written in ink on wall plaster was discovered during archaeological excavations at Deir Alla in the Jordan Valley in 1967 and published in 1976 by Brill Aramaic Texts from Deir Alla The importance of this badly damaged inscription which is dated either ca 800 BC or the first half of the 8th century BC was clear from the beginning and many studies have been published about it since It was the aim of the International Symposium in Leiden 1989 to evaluate these studies and to advance the understanding of the text by a meeting of scholars who had worked extensively with it The Proceedings include all the lectures often reworked and annotated as well as the prepared responses to them some short communications and an additional note based on the discussion of one topic Six different aspects of study of the Balaam text are dealt with the archaeological context the palaeography the general interpretation the language interpretation of a number of details and its relation to Old Testament studies In this way the

book is not just an addition to the current discussions concerning the Balaam text but it also includes new data and new proposals and well as evaluations and attempts at scholarly agreements In the Service of the King Nili S Fox, 2000-12-31 Titles have always been conferred on persons both to identify their functions in society and to assign honorary status In Egypt even more than in Mesopotamia function related and honorary titles were so valued that officials and functionaries of varying stations collected the titles accrued in their lifetime and preserved them in a titulary the ancient equivalent of a resume Israelites serving at the royal courts in Jerusalem and Samaria or in local administrations also held title but the sources suggest far fewer of them than their neighbors Nili Fox analyzes the titles and roles of civil officials and functionaries in Israel and Judah during the monarchy including key ministers of the central government regional administrators and palace attendants The nineteen titles fall into three categories status related titles function related titles and miscellaneous designations that could be held by a variety of officials Fox sets these Israelite and Judahite titles in their ancient context through extensive study of Egyptian Akkadian and Ugaritic records She also draws upon the corpus of Hebrew epigraphic material which allows her to explore economic components of state organization such as royal land grants supply networks and systems of accounting which would be impossible to understand on the basis of the Hebrew Bible alone Fox also treats the widely debated issue of whether Israelite state organization was influenced by foreign models and if so how much The evidence of non Hebrew sources offers little concrete material to substantiate theories that Israel modeled its government after a foreign prototype and Fox offers a more finessed approach Many features of Israelite administration are best explained as basic elements of any monarchic structure in the ancient Near East that developed to satisfy the needs of an evolving local system Other seemingly foreign features have a long tradition in Canaan and probably were naturally assimilated Fox recognizes the interconnections between the cultures in the region but emphasizes the need to closely examine the Israelite system with internal evidence The Scribe in the Biblical World Esther Eshel. Michael Langlois, 2022-12-05 This book offers a fresh look at the status of the scribe in society his training practices and work in the biblical world What was the scribe s role in these societies Were there rival scribal schools What was their role in daily life How many scripts and languages did they grasp Did they master political and religious rhetoric Did they travel or share foreign traditions cultures and beliefs Were scribes redactors or simply copyists What was their influence on the redaction of the Bible How did they relate to the political and religious powers of their day Did they possess any authority themselves These are the questions that were tackled during an international conference held at the University of Strasbourg on June 17 19 2019 The conference served as the basis for this publication which includes fifteen articles covering a wide geographical and chronological range from Late Bronze Age royal scribes to refugees in Masada at the end of the Second Temple period

Knoppers, Manfred Oeming, 2011-06-30 In April 2008 an international colloquium was held at the University of Heidelberg the fourth convocation of a group of scholars with some rotating members who gathered to discuss the status of Judah and the Judeans in the exilic and postexilic periods The goal of this gathering was specifically to address the question of national identity in the period when many now believe this very issue was in significant foment and development the era of the Persian Achaemenid domination of the ancient Near East This volume contains most of the papers delivered at the Heidelberg conference considering the matter under two rubrics 1 the biblical evidence and the diversity of data from the Bible and 2 the cultural historical social and environmental factors affecting the formation of national identity Contributors K Schmid J Schaper A C Hagedorn C Nihan J Middlemas D Rom Shiloni J W hrle Y Dor K Southwood D N Fulton P A Beaulieu L E Pearce D Redford A Lemaire J F Quack B Becking R G Kratz O Tal J Blenkinsopp R Albertz J L Wright D S Vanderhooft M Oeming and A Kloner Earlier volumes in the series of conferences are Judah and the Judeans in the Neo Babylonian Period Judah and the Judeans in the Persian Period and Judah and the Judeans in the in the Fourth Century B C E the Lord Shall Go Forth Carol L. Meyers, Michael Patrick O'Connor, 1983 This volume contains fifty two essays composed in honor of David Noel Freedman and organized around the topics Hebrew Poetry and Prophecy The Prose of the Hebrew Bible History and Institutions of Israel Northwest Semitic Epigraphy and Other Perspectives A bibliography of the honoree is Early History of the Israelite People Thompson, 2024-07-15 Through a review of historical scholarship of the past included century and an analysis of data drawn from archaeological excavations and surveys and from written and historical records from the late second and early first millennium the author reconstructs the historical basis of Israel's origins within the contexts of geography anthropology and sociology Thompson argues that none of the traditional models for the origin of

biblical Israel in terms of conquest peaceful settlement or revolution are viable. The indigenous nature of the Israelite people has roots that lead back to the late Neolithic period The Iron I period is not the period in which the origins of Israel are to be sought Rather the geographical and regional expansion of settlements in this period reflects an economic response to drought conditions that affected the entire East Mediterranean basin The ninth and eighth century states of Samaria and Jerusalem had separate and independent origins rooted in the development of a Mediterranean economy and an expansion of trade brought about by Assyrian interests The development of the ethnic concept of biblical Israel with its roots in the United Monarchy finds its context in history first at the time of the Persian renaissance guided by the theological concepts of exile and restoration Finally Thompson argues that biblical Israel is historically the creation of the tradition itself in the Persian period and attempts to outline both a historical context and an interpretative matrix for the Bible Early History of the Israelite People Thomas L. Thompson,1992 Archaeological Sources Early History of the Israelite People Thomas L. Thompson, 2000-01-01 This is a groundbreaking book on the origins of Israel taking into account the contexts of geography anthropology and sociology and drawing on a careful analysis of archaeological and written evidence Thompson argues that none of the traditional models for the origin of biblical Israel in terms of conquest peaceful settlement or revolution are viable The ninth and eighth century BC State of Israel is a product of the Mediterranean economy The development of the ethnic concept of biblical Israel finds its context in history first at the time of the Persian renaissance The volume presents a clear historical context and an interpretative matrix for the Bible What is Stronger Than a Lion?
