**The Clarks of Kentucky** Douglas C. Harrison,2011-11-16 When John Clark Married Ann Rogers in 1749 in Virginia they would eventually produce ten children six sons and four daughters Like most early American rural couples John and Ann thought that they were raising farm hands and kitchen help Little did they dream that their children and two more generations of Clarks would have such a great impact on Americas development from coast to coast Three of the Clark sons would become officers and help to win the Revolutionary War in the east George Rogers Clark would become a general and win the Revolution in the west thus giving America the eastern one third of the continent George would also found Louisville and the state of Kentucky William Clark as the youngest Clark son was seventeen years

younger than big brother George his hero William would also pursue a military career and partner with Meriwether Lewis to explore the Louisiana Purchase thus giving America the middle third of the continent William would later become a great Indian diplomat and help to establish the state of Missouri Williams son Meriwether Lewis Sr Lewis would go to West Point become a famous architect and fight in three wars They included the Mexican War which gave America the western third of the continent Lewis son Meriwether Lewis Clark Jr Lutie would basically save the thoroughbred industry in Kentucky and America after the Civil War He created the pari mutuel system of betting set up racing rules and started Churchill Downs and the Kentucky Derby all of which still exist John and Ann Clark and all of the other living off springs eventually moved to Louisville and added to the Clarks of Kentucky

**Kentucky Countryside in Transition** Stephanie Bower,2024-01-12 Kentucky Countryside in Transition charts the rise of the American middle class at the turn of the twentieth century by examining the migration from the Kentucky countryside to the city and subsequently the suburbs of Louisville The formation of the middle class in Louisville was fostered by two factors a boom in white collar employment and the electric streetcar an innovation that fundamentally changed the urban landscape Ultimately a narrative of industrialization and modernity this study focuses on a group of forty two families who lived at the end of the Broadway Trolley line in an area that came to be known as the Cherokee Triangle This suburban neighborhood was dominated by white collar commuters who were driven to Louisville by a desire to get ahead but continued to embrace a nostalgia for country life In this meticulous three generation study Stephanie Bower follows this group of families as they make the transition from rural farmers and cultivators to city laborers and white collar workers By mining census records city directories and county records Bower carefully reconstructs the biographical details of residents in an effort to paint a picture of life in this streetcar suburb during this important period of transformation Regional studies of the middle class during this pivotal era are often overlooked in contemporary scholarship Consequently this analysis will be of interest to those researching Louisville middle class formation and suburbanization as well as to local genealogists tracing their family histories Stephanie Bower is professor emeritus of history at the University of Indiana Southeast She is the author of *Famism The Impact of Demographic Factors on Family Structure* and her articles have appeared in *Hispanic American History Review* *The Americas* *LOCUS* and *Historical Methods*

*Genealogical Material and Local Histories in the St. Louis Public Library* St. Louis Public Library,1927 **The Papers of Henry Clay** Henry Clay,2015-02-05 This supplement to *The Papers of Henry Clay* contains documents discovered too late to be included in the proper chronological sequence in earlier volumes Spanning the years from 1793 to 1852 the items shed important light on Clay s early years in Kentucky his legal career and his work for the Bank of the United States Material dealing with the Corrupt Bargain charge is particularly rich and many of the letters that appear in this volume fill gaps in exchanges already published Clay s correspondence with Benjamin Watkins Lee of Virginia and Mary Bayard wife of Delaware senator Richard Henry Bayard is especially interesting An essay on Clay portraits by Clifford Amyx professor

emeritus of art at the University of Kentucky provides a detailed discussion of the paintings statues busts engravings and daguerreotypes that featured Clay as the subject Appended to the essay is a calendar listing each major work the artist date of completion and present location A comprehensive bibliography of works cited in the entire series will benefit researchers seeking information in addition to that provided in the annotations This supplement is an essential addition to the earlier volumes in the series      **Catalog of Copyright Entries** Library of Congress.
