others allow full access to all areas for both sexes But which is right In this compelling email exchange Lis Goddard and Clare Hendry search the Scriptures for guidance on the roles of women and men in church leadership today Against the busy backdrop of everyday life their conversation covers all the key passages leaving no tricky verse unexamined Passionately arguing their respective corners they pinpoint where they disagree and agree all the while modelling Christian debate and friendship Points to ponder helpfully enable readers to explore their own conclusions

**A Metaphysics of Love** George Pattison, 2021 As the third part of a philosophy of Christian life A Metaphysics of Love builds on a view of Christian life as shaped by the dynamic of call response and promise It argues that love is the ultimate content of this dynamic and considers how far this claim extends Taking its bearings from Dante's vision of divine love as the power that moves the sun and other stars this study explores the requirement that love is both human and cosmic uniting being and beings Cognizant of much recent philosophy's desire to overcome or move beyond a metaphysics of being it examines some of the formal structures that make love possible including language time social being forgiveness and ultimacy Following on from the earlier volumes extensive use is made of

the idea of the poetic as the eminent mode of Christian witness contextualized within the prose of everyday life Heidegger provides fundamental philosophical orientation whilst key features of love are brought to the fore through dialogue with Kierkegaard Dante and Dostoevsky are frequent points of reference in addition to a range of literary and religious sources including the Scottish poet Edwin Muir Leading scholar George Pattison concludes that the phenomenon of love requires us to articulate a metaphysics that involves both being and nothingness thereby taking a critical position vis vis both classical theism and existential atheism
