## Love And A Promise:

**Attraction Is a Feeling. Love Is a Promise.** Grenville W. Phillips, II, 2013-05 Marriage can be a satisfying and exciting life journey for a man and a woman who love each other. However, the significant number of divorced and separated persons indicates that there is a fundamental problem with their marriage preparation. The dreaded phrases "I just don't love you anymore" and "where has the love gone" are common among those who mistook their intense feelings of attraction as love. Attraction is not love. Attraction is an emotional force that we can feel while love is a promise to do four progressively challenging things. The couple who is ready to make and keep their promises of love is ready to get married. Spouses of those with no intention of keeping these promises are destined to endure a life sentence of misery. This book is written specifically to help men to understand if they are ready to keep the promises of love. *Learning to Live the Love We Promise* Lewis B. Smedes, 2001-03-20 Each one of us enjoys deep relationships held together by an invisible cord called commitment, and every important community depends on the strength of that unseen cord. At times we find it a joy to keep our commitments. At others it seems difficult, even impossible, to honor those spoken and unspoken pledges. If you deeply desire to make and keep commitments, if you want insight into what makes relationships work or to learn what to do when a relationship is in crisis, if you feel trapped by a bad commitment and wonder if you can experience grace and a new beginning. Best-selling author Lewis Smedes offers insights that will profoundly affect the way you interact with and relate to others. Find out what you and those you love can gain from committed relationships, discover how to cope when someone close to you breaks your trust, and determine which, if any, relationships should continue forever, as well as how you can make these relationships last. *Learning to Live the Love We Promise* *Love's Promises* Martha M. Ertman, 2016-05-24 Blends memoir and legal cases to show how contracts can create family relationships. Most people think of love and contracts as strange bedfellows or even opposites. In *Love's Promises*, however, law professor Martha Ertman shows that far from cold and calculating, contracts shape and sustain families. Blending memoir and law, Ertman delves into the legal cases, anecdotes, and history of family law to show that love comes in different packages, each shaped by different contracts, and mini-contracts she calls deals. Family law should, and often does, recognize that variety because legal rules like relationships aren't one-size-fits-all. The most common form of family, which Ertman calls Plan A, come into being through different kinds of agreements than the more uncommon families that she dubs Plan B. Recognizing the contractual core of all families shows that Plan B is neither unnatural nor unworthy of legal recognition, just different. After telling her own moving and often irreverent story about becoming part of a Plan B family of two moms and a dad raising a child, Ertman shows that all kinds of people, straight and gay, married and single, related by adoption or by genetics, use contracts to shape their relationships. As couples navigate marriage, reproductive technologies, adoption, and cohabitation, they encounter contracts. Sometimes hidden and other times openly acknowledged, these contracts ensure that the people they think of as family are legally recognized as family in the eyes of the law. Family exchanges can be

substantial like vows of fidelity or small like I cook and you clean But regardless of scope the agreements shape the emotional social and financial terrain of family relationships Seeing the instrumental role contracts will help readers better understand how contracts and deals work in their own families as well as those around them Both insightful and paradigm shifting Love's Promises lets readers in on the power of contracts and deals to support love in its many forms and to honor the different ways that our nearest and dearest contribute to our daily lives      A Dragon's Legacy - Love's Promise William "Bill" Lockhart, 2025-09-17 A Dragon's Legacy Love's Promise A cutting edge submarine An evolving AI A love story that spans borders and oceans In 2031 China secretly launches Shadow Dragon a stealth submarine unlike any ever built with a fusion reactor guided by an experimental artificial intelligence named Yin Ji n Commander Zhao Lin and his crew including Chief Engineer Ch n J nh o are tasked with a high stakes covert mission that will test loyalty courage and the human limits of survival Beneath the tense geopolitics and covert suspense lies a powerful human romance the enduring love between J nh o and Yumei Their love begins in school then grows to a bond that even though separated by oceans and political boundaries becomes the emotional anchor of a journey that carries them through clandestine escapes raging typhoons and life or death decisions As the crew struggles to break free of a regime that wants to destroy them Shadow Dragon herself becomes more than a machine Yin Ji n the AI that awakens to an awareness of self and self sacrifice to become an unlikely guardian giving up everything to deliver her crew to safety Through it all the little Gold Origami Dragon crafted by J nh o and Yumei's daughter Mei becomes a symbol of remembrance of hope and of enduring love Spanning across the oceans from China to the depths of the Cayman Trench Shadow Dragon blends high tech suspense with warm heartfelt drama This is a story of flight and freedom of loyalty and betrayal It is a story of a love strong enough to endure betrayal exile and a dangerous months long journey to reunite once again If you enjoy fast paced techno thrillers with a deeply human romance fans of Tom Clancy or Michael Crichton with a touch of Nicholas Sparks A Dragon's Legacy Love's Promise will keep you turning pages and on the edge of your seat to the very end      Love's Grateful Striving M. Jamie Ferreira, 2001-06-07 Soren Kierkegaard's Works of Love 1847 a series of deliberations on the commandment to love one's neighbor has often been condemned by critics Here Ferreira seeks to rehabilitate Works of Love as one of Kierkegaard's most important works He shows that Kierkegaard's deliberations on love are highly relevant to some important themes in contemporary ethics including impartiality duty equality mutuality reciprocity self love sympathy and sacrifice Ferreira also argues that Works of Love bears on issues peculiar to a religious ethic such as the role of God as middle term and the possibility of preserving the aesthetic dimensions of love in a religious ethic of relation      **Love Is...** Bishop J. convincingly that industrialized countries are suffering through a democratic inversion where the doctor is assumed to be the primary producer of health the teacher of education the police officer of safety and the politician of democracy Through just the right blend of storytelling research and original ideas Russell argues instead that in a functioning democracy the role of the professionals ought to be defined as that which happens after the important work of citizens is done The primary role of the twenty first century practitioner therefore is not a deliverer of top down services but a precipitator of more active citizenship and community building
