Worthington, 2018-09-04 So when facing a life threatening trial how do you refuel the transformation needed to replenish the balance in life itself What do you lean on trust on or hope on I am a recently retired OB GYN Infertility nurse practitioner of almost thirty years in the field and I experienced delivering a spectrum of diagnoses in my area of expertise There were the good news moments with joy success and cure But there will be moments we witness overwhelming pain and the devastating news of death The shoe is on the other foot now for me I am the patient with metastatic melanoma skin cancer and not the provider a very uncomfortable and humbling place for me Sometimes the biggest battle fought isn t the cancer but the emotional battle we suddenly find ourselves in We are not prepared for this emotional turmoil or how to deal with it The journey I experienced and now share with you had its difficulties filled with approximately fifty appointments two surgeries hospitalization and therapies but life continues If you have recently been

diagnosed with cancer I know you are scared I certainly was Because in the beginning when you first hear the news you immediately wonder How is this all going to end The journey has only just begun and we are already wondering How it s all going to play out I know all the questions you are asking yourself for I am the patient now and my perspective has changed I can feel the uncertainty of your courage and strength to proceed through the demands of appointments diagnostic testing surgeries pain and treatments I know the tears you will wipe quietly away from your cheek in the middle of the night when you can t sleep or when you are simply all alone afraid in pain or discouraged I can feel your heart pounding so loud that certainly anyone standing next to you must hear it also Your mind is spinning with worry from all the what ifs What will help me succeed at alleviating the fear that is ever present and now sprinkled into my daily life As a lifelong believer in Christ a foundation of faith was laid long ago I was just a believer as some years were more inclusive of Christ Jesus than others But I never doubted there was a God I would learn how to respect love and nurture this new found relationship in the months ahead I chose to lean on trust on and hope on my faith and I began introducing a spiritual element into my new daily routine In the months of pain and challenges reaching for spiritual encouragement and journaling as the days weeks and months would pass I found myself in a relationship with my Creator He sat with me walked with me and became my companion when I was alone and tired Experiencing the joy with this new relationship was a gift to me from God But of course the medical provider in me led me to bring an educational element to my book It is not the number one cancer killer but it is the universally number one diagnosed cancer I had recognized the lack of awareness amongst my friends and family in regards to skin cancers and the serious threat they pose So I include many Medical Pearls which may be facts or a helpful hint to pay additional attention to For those who want to read about an amazing spiritual journey I include several Holy Spirit Moments which could be visions or occurrences in which only God could provide and explain And I share Spiritual Pearls which are my spiritual thoughts on scripture visions or dreams that occurred both past and present as it contributes to who I am In my most vulnerable moments my trust needed to lie somewhere other than myself I am very good at taking care of myself thank you very much Suddenly my life takes a turn and I better get ready for the uncharted course it will take One day at a time We all have a story within us This shall be my story      *Bright Hope* Ted Brackman, 2022-11-04 Hope is not an attitude it s a way of life Therapist Ted Brackman a colleague of Jim Wallis in the early Sojourners community mines psychological theological and sociological insights in this practical and compassionate guide for living well while ill Ted s work was deepened by his eleven years with pancreatic cancer after a nine month prognosis He developed and lived out a way of life animated by hope in the transcendent reality of God s future coming to us in the present In his writing he is an honest inspiring companion for those who struggle to face the next hour with courage and strength for those who feel defeated and need a new way forward that reframes the present for caregivers and advocates who need new tools for replenishing both internal and external resources for communities of faith seeking to bring change to and empowering hope within

marginalized populations For all those ready to find a new way of living when false hopes and distractions are stripped away to learn how to build a foundation for personal communal and social thriving Ted Brackman offers Bright Hope
