

Poems About Love

*If I'd never met you,
I wouldn't feel the pain
Of losing your sweet love;
I wouldn't feel insane.*

*But if I'd never met you,
I wouldn't know the pleasure
Of ecstasy's warm gifts
And memories to treasure.*

Postpoetics.org

*Now moving on with life,
I force a wistful grin,
Questioning what went wrong,
Wondering what might have been.*

that were first articulated in nineteenth century Europe but have since gone on globally to transform the literary landscape Tracing the manifold ways in which these paradigms are developed discussed and contested across time space cultures and

media this second volume shows in its four core essays and twenty four case studies four major pathways through the landscapes of realism The psychological pathways focusing on emotion and memory the referential pathways highlighting the

role of materiality the formal pathways demonstrating the dynamics of formal experiments and the geographical pathways exploring the worlding of realism through the encounters between European and non European languages from the
