Love Other Eternities:

In Love with Eternity Richard Schain, 2005-02 In Love With Eternity presents a project of philosophic thought It is composed of a group of essays and fragments concerned with the creation of one's self which self is the substance of reality for every human being The nature of philosophy however has become blurred by the advancement of the sciences in the past two centuries leading to a situation where philosophers consider themselves to be scientists many would like to wear white coats if they could Nevertheless philosophy is not science but is metaphysics and is the consequence of the long recognized metaphysical need of homo sapiens A central concept in these essays is that of the relationship of eternity to time one can regard with dismay the passage of time but love one's position in eternity The concept of the pointillist canvas of eternity is presented as a new philosophical world view Knowledge of the history of thought is essential for philosophical development and in this project ideas of Schopenhauer Nietzsche and Berdyaev are given special emphasis The essay entitled Philosophy Rigorous Science or Intuitive Thought asserts the primacy of the mysteriously rational mysteriously intuitive human mind over the object world of science

The Flame of Eternity Krzysztof Michalski, 2013-12-26 The Flame of Eternity provides a reexamination and new interpretation of Nietzsche's philosophy and the central role that the concepts of eternity and time as he understood them played in it According to Krzysztof Michalski Nietzsche's reflections on human life are inextricably linked to time which in turn cannot be conceived of without eternity Eternity is a measure of time but also Michalski argues

something Nietzsche viewed first and foremost as a physiological concept having to do with the body. The body ages and decays involving us in a confrontation with our eventual death. It is in relation to this brute fact that we come to understand eternity and the finitude of time. Nietzsche argues that humanity has long regarded the impermanence of our life as an illness in need of curing. It is this pathology that Nietzsche called nihilism. Arguing that this insight lies at the core of Nietzsche's philosophy as a whole, Michalski seeks to explain and reinterpret Nietzsche's thought in light of it. Michalski maintains that many of Nietzsche's main ideas, including his views on love, morality, beyond good and evil, the will to power, overcoming the suprahuman or the overman, as it is infamously referred to, the Death of God, and the myth of the eternal return, take on new meaning and significance when viewed through the prism of eternity. Eternity's Sunrise Marion Milner, 2013-04-15

Following on from *A Life of One's Own* and *An Experiment in Leisure*, *Eternity's Sunrise* explores Marion Milner's way of keeping a diary. Recording small private moments, she builds up a store of bead memories. A carved duck, a sprig of asphodel, moments captured in her travels in Greece, Kashmir, and Israel, circus clowns, a painting, each makes up a bead that has a warmth or glow which comes in response to asking the simple question: What is the most important thing that happened yesterday? From these beads, sacred, horrific, profane, funny, grows a sense of an answering activity, the result of turning one's attention inwards to experience real joy. What Marion Milner conveys so vividly and inspirationally is her lifelong intention to live as completely as possible in the moment. With a new introduction by Hugh Haughton, *Eternity's Sunrise* will be essential reading for all those interested in reflecting on the nature of their own happiness, whether readers from a literary, an artistic, a historical, an educational, or a psychoanalytic/psychotherapeutic background. **Living for Eternity: How to Keep Your Focus on God's Promises** Margaret Light, 2025-03-02

William Blake called himself a sublime Artist and acknowledged his own power to create the Most Sublime Poetry. *Words of Eternity* reveals the fundamental importance of the term sublime in a defining of Blake's poetic achievement. This first full-length study of Blake and the sublime demonstrates that a sophisticated theory of sublimity permeates his writings, serving him as a personal poetics, a framework in which the difficulties and unusual strategies of the works find their rationale. Vincent De Luca combines historically grounded source study with insights from modern critical theories of textuality to identify Blake's two opposing conceptions of sublimity: a sublime of obscurity, terror, and material power, and one of determinate, concentrated intellectual design. De Luca examines the interplay between these two modes from differing perspectives: theoretical, stylistic,

and thematic As the perspectives widen they embrace many of the speculative systems of Blake's time and reveal these systems as various displaced modalities of an underlying sublime discourse Words of Eternity is one of the dozen or so most important books ever written about Blake's poetry De Luca provides a wealth of new insights on every page Robert N Essick University of California Riverside With the context that this book supplies we take a quantum leap in the sense we can make of Blake's project De Luca opens our eyes to a Blake and a sublime that will never again be the same for us Nelson Hilton University of Georgia Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Nurture in Time and Eternity Robert Cummings Neville, 2016-07-04 The dimension of eternity has been lost from much contemporary religious consciousness Liberals tend to focus on action within time as do conservatives who see history as a battleground for a war of good against evil Spiritual life however also requires nurturing a sense of eternity within time These sermons from Marsh Chapel at Boston University follow the lectionary in highlighting the places of temporal life within eternity and the places eternity is found in temporal life The liturgical year is employed as the venue for articulating a comprehensive theology on the themes of the temporal and eternal aspects of Christian nurture

Pinar,2019-03-26 William F Pinar presents a comprehensive and original study that demonstrates the significance and pertinence of the scholarship of George Grant for teaching today While there are studies of Grant's political philosophy there has been no sustained study of his teaching Pinar not only draws upon the collected works he has also consulted Grant's PhD thesis at Oxford as well as the philosopher's biography collected letters and the vast secondary literature What emerges is a treatise

that reveals Grant's timeliness and his prescience in identifying and critiquing key educational issues nearly half a century ago from academic vocationalism and educational technology to privatization and the ascendancy of research issues that are eminently relevant today. Beyond the classroom, Grant's concerns extended to the impact of economic globalization which he feared would erase distinctive national histories and cultures. As such, Grant foresaw the current issues of right wing populism notably in the UK and the US as reactions against these historical tendencies. This volume is destined to become an indispensable reference work for students of Grant in particular and for students of education in general. This book is published in English. Window to Eternity Edgar L. Biamonte, 2022-08-01. *Window to Eternity* Book III is an advanced version of two books with similar titles written by Edgar L. Biamonte. Reading and evaluating countless near-death patients reporting their observations in the next world after being resuscitated provided information for him to detail the laws governing the spiritual plane. Heaven Stressed from teaching unruly high school teenage boys during the wild sixties, he meditated twice daily for eleven years unaware that it also enabled him to have paranormal experiences that included receiving telepathic messages from his mother, wife, and other souls in the next world. In fact, he theorizes that such contact is possible for whomever follows the Ten Commandments, meditates, and is basically loving and caring, especially those who avoid such temptations as stealing, cheating, and physically and/or mentally abusing others, hoarding, lust for acquiring money and material wealth, and so much more. In fact, behaving that way could invite demonic penetration of the psyche, causing nightmares, possession, and other negativity. He also discusses The Creator not only sent his emissary, the Virgin Mary, to appear before the three girls at Fatima in order to appease both sides slaughtering one another during World War I, but also to stress the importance of loving and forgiveness as Jesus preached. Her appearance was one of humanity's greatest moments for proving that life continues after death, as he contends. He also theorizes such

subjects as how the Creator evolved that earth is the learning plane where objects are needed to learn how to give and receive and also that goodness and evil cannot be learned in the spiritual plane which lacks objects or physical bodies Joining the 686th Air Force Band as a pianist in 1950 he toured Europe with Frank Sinatra Rhonda Fleming Tony Curtis Janet Leigh and Ava Gardner Discharged from the service in 1954 he received his BA in English from Queens College Flushing New York in 1961 and his MS from Elmira College Graduate School in 1968 He also taught poetry and creative writing Literary magazines published over 100 of his 325 poems and many won or placed in contests before he retired in 1985 He self published Window of Eternity in 1984 Ashley Books and Window to Eternity Balboa Press a sequel in May 2012 Litfire published The Jaws of Agnes in November 2014 and Welcome to Summersville USA in May 2018 P S 201 and Mephram High School also followed suit in April 2019 An accomplished jazz pianist and composer he was the solo pianist on several Carnival Cruise ships and Mariner of the Seas of Royal Caribbean Line and still plays piano professionally today
