find one's place while learning to make space for others. The book also wonders it means to be an atheist and search for faith that everything will be okay, what it means to learn how to love life even as you obsess over its brevity and how to give birth to bring new life at what feels like the end of the world. With thoughtfulness and acute observation, Andrea Bennett reveals intimate truths about the human experience, whether one is outside the gender binary or not. *An Open Map* Robert Duncan, Charles Olson, 2017-12-15. The 130 letters collected in this volume begin in 1947, just after Robert Duncan and Charles Olson first meet in Berkeley, California, and continue to Olson's death in January 1970.
