the first time the complete story of Ben Webster's brilliant and troubled career. For this comprehensive study of Webster, author Frank Brichmann Miller interviewed more than fifty people in the United States and Europe and he includes numerous translated excerpts from European periodicals and newspapers none previously available in English. In addition, the author studies every known Webster recording and film, including many private recordings from Webster's home collection not available to the public. Exhaustively researched, this is a much needed and long overdue study of the life and music of one of jazz's most important artists.

Stan Getz Nicholas Churchill, 2004-12-29 Some may only know the jazz legend Stan Getz, tenor saxophonist, for his bossa nova hits *Desafinado* and *The Girl from Ipanema*. However, Getz, born in 1927, began to play professionally at age 15 and his rich musical career lasted until shortly before his death on June 6, 1991. He played in a wide variety of musical settings, such as big band, orchestral quartet, and duo. The incredible beauty of his sound sparked the late jazz great John Coltrane to say, "We would all play like Stan Getz if we could." When Getz died, jazz trumpeter Dizzy Gillespie said, "He was sheer genius. And there's one thing about this man: he was the most melodic player on the jazz scene." This bibliography, the first of its kind, contains a total of 2,576 bibliographic citations, with 2,292 of them annotated. It includes references to periodical literature, articles from news wire services, books, dissertations, films, videos, television programs, radio broadcasts, and Web sites. The citations are primarily from English language sources. Materials in English and French, as well as a handful of items from other languages, are annotated. This work includes a preface that contains the scope of the work, a user's guide, and a list of more than 340 periodicals cited. The main body of the work is divided into the following sections: album reviews, performance reviews, discographies, and discographical information, transcriptions, biographical and critical works, filmography, and appendix. Album reviews are provided for 240 albums, along with the discographical details for each of these albums. AfroAsian Encounters Heike Raphael-Hernandez, Shannon Steen, 2006-11-01 With a Foreword by Vijay Prashad and an Afterword by Gary Okihiro. How might we understand yellowface performances by African Americans in 1930s swing adaptations of Gilbert and Sullivan's *The Mikado*? Paul Robeson's support of Asian and Asian American struggles, or the absorption of hip hop by Asian American youth culture? *AfroAsian Encounters* is the first anthology to look at the mutual influence of and relationships between members of the African and Asian diasporas. While these two groups have often been thought of as occupying incommensurate, if not opposing cultural and political positions, scholars from history, literature, media, and the visual arts here trace their interconnections and interactions, as well as the tensions between the two groups that sometimes arise. *AfroAsian Encounters* probes beyond popular culture to trace the historical lineage of these coalitions from the late nineteenth century to the
