**Coinage and Money in Medieval Greece 1200-1430 (2 vols.)** Julian Baker, 2020-10-20 Coinage and Money in Medieval Greece 1200 1430 by Julian Baker is a monetary history of medieval Thessaly mainland Greece and the Peloponnese Epiros and adjacent islands The central focus of the book is the record of coin finds and coin types which this study presents in a fully developed political socio economic military and archaeological topographical context In medieval Greece there is a strong symbiosis between monetary and historical developments The general level of documentation is also vastly superior to the preceding middle Byzantine period Volume Two presents and evaluates these data Volume One offers analyses on major historical themes which demonstrate that the monetary sources can hold narratives in their own rights

complementing and at times contradicting the established accounts This volume was awarded the Médaille Allier de Hauteroche de l'Académie des Inscriptions et Belles Lettres in 2021 McCordick Médaille d'Or Julian Baker pour son ouvrage en 2 vol intitulé *Coinage and Money in Medieval Greece 1200-1430* Leyden Brill 2020 For more information please visit [Palmarès 2021](#)

**Early Modern Merchants and their Books** Angus Vine, 2025-07-23 *Early Modern Merchants and their Books* offers the first dedicated study of the literary and intellectual lives of the merchants of seventeenth century Britain Drawing primarily on unpublished manuscript material but also on a range of rarely discussed printed texts the book reveals for the first time the importance of this mercantile humanism A contribution principally to the field of book history but with significance for early modern literary studies cultural and intellectual history global history and history of science too this volume examines mercantile account books letter books anthologies and manuals as well as mercantile libraries and archives and mercantile poetic and pedagogical works to document this now little known literary and intellectual culture Working across geographical contexts as well as institutional structures the book examines merchants as accountants record keepers authors collectors and compilers and reveals the creative interplay between financial commercial administrative archival memorial and devotional categories and practices in the early modern mercantile world Through a series of mercantile microhistories each based on a single document or group of associated documents the book traces the range and extent of this mercantile humanism and identifies its signature textual and material forms as well as its key subjects and concerns and some of its most important actors *Early Modern Merchants and their Books* in this way challenges long held assumptions about knowledge making in the seventeenth century and pushes back against equally persistent beliefs about merchants in the period As such it not only offers a revisionist history of the early modern merchantry and a major new account of learning in the seventeenth century but also constitutes a significant methodological intervention in book history itself

**Postcolonising the Medieval Image** Eva Frojmovic, Catherine E. Karkov, 2017-03-16 The concept of this book involves the application of postcolonial theories and or concepts used in postcolonial and cognate studies to the field of medieval European art including Byzantine art and Byzantine art in Asia Minor

*The Making of the Magdalen* Katherine Ludwig Jansen, 2001-07-02 Best known during the Middle Ages as the prostitute who became a faithful follower of Christ Mary Magdalen was the most beloved female saint after the Virgin Mary Why the Magdalen became so popular what meanings she conveyed and how her story evolved over the centuries are the focus of this compelling exploration of late medieval religious culture Analyzing previously unpublished sermons Katherine Jansen uses the lens of medieval preaching to examine the mendicant friars transformation of Mary Magdalen a shadowy gospel figure into an emblem of action and contemplation a symbol of vanity and lust a model of perfect penance and the embodiment of hope and salvation She draws on diverse historical sources to reveal the laity's devotion to Mary Magdalen which departed significantly from the friars image of the saint signaling a major development in popular religious practice and personal piety Finally the author

comprehensively addresses the question of the House of Anjou's alliance with the Magdalen and illuminates the relationship between politics and sanctity in southern France and Italy. Jansen shows how perceptions of the Magdalen merged with errors and misunderstandings to shape the social, spiritual and political agendas of the later Middle Ages. She brings to life the rich complexity of medieval culture which condemned female sexuality and women's preaching and yet popularized the veneration of Mary Magdalen as a former prostitute chosen by Christ to be the apostle of the apostles, the first to witness and preach the Good News of the Resurrection. *Filippo Sassetti on Trade, Institutions and Empire* Corey Tazzara, 2023-06-23

The Florentine traveler, merchant and academician Filippo Sassetti was one of the premier economic thinkers of the late Renaissance. Well known for his ethnographic observations, Sassetti was also a commercial writer of the highest caliber at once an original thinker and a remarkable witness to how Europeans even at the margins of empire were beginning to reconceptualize power and wealth. Unique among commercial theorists of the period, Sassetti offers a first-hand perspective on commerce in both the Mediterranean and the Indian Ocean. This volume translates for the first time the *Discourse on Mediterranean Trade* and a selection of the principal Indian Letters with extensive historical notes. These are preceded by a lengthy essay positioning Sassetti as a figure in late Renaissance political economy. It makes the case that Sassetti was an early theorist of what might be termed the pragmatic tradition of free trade in his case, a project linked to his analysis of commercial institutions in the Mediterranean and the Indian Ocean. Provoking an invaluable overview of trade in the Indian Ocean in the late sixteenth century, this volume is an excellent specialist text for postgraduate students and professional historians. [A History of Balance, 1250-1375](#) Joel Kaye, 2014-04-03 This book is a groundbreaking history of balance

exploring how a new model of equilibrium emerged during the medieval period. **Later Medieval Europe** Daniel Waley, Peter Denley, 2013-11-26 From the divine right of kings to the political philosophies of writers such as Machiavelli, the medieval city states to the unification of Spain, Daniel Waley and Peter Denley focus on the growing power of the state to illuminate changing political ideas in Europe between the thirteenth and sixteenth centuries. Spanning the entire continent and beyond and using contemporary voices wherever possible, the authors include substantial sections on economics, religion and art and how developments in these areas fed into and were influenced by the transformation of political thinking. The new edition takes the narrative beyond the confines of western Europe with chapters on East Central Europe and the Teutonic knights and the Portuguese expansion across the Atlantic. The third edition of this classic introduction to the period includes even greater use of contemporary voices, full reading lists and new chapters on East Central Europe and Portuguese exploration. Suitable as an introductory text for undergraduate courses in Medieval Studies and Medieval European History.

the bizarre figures and practices of the confectionery industry and the connection between food and sex He goes on to explore the role of sweets in myth and folklore and finally offers a personal philosophy of continual sweet eating based on the writings of Epicurus For anyone with a sweet tooth Sweets is manna This history of candy is full of delights New York Times Book Review Sweets is an informative entertaining grab bag of personal opinion anecdote and culinary history Los Angeles Times

**Too Much to Know** Ann M. Blair, 2010-11-02 The flood of information brought to us by advancing technology is often accompanied by a distressing sense of information overload yet this experience is not unique to modern times In fact says Ann M Blair in this intriguing book the invention of the printing press and the ensuing abundance of books provoked sixteenth and seventeenth century European scholars to register complaints very similar to our own Blair examines methods of information management in ancient and medieval Europe as well as the Islamic world and China then focuses particular attention on the organization composition and reception of Latin reference books in print in early modern Europe She explores in detail the sophisticated and sometimes idiosyncratic techniques that scholars and readers developed in an era of new technology and exploding information

Poison, Medicine, and Disease in Late Medieval and Early Modern Europe Frederick W Gibbs, 2018-07-20 This book presents a uniquely broad and pioneering history of premodern toxicology by exploring how late medieval and early modern c 1200 1600 physicians discussed the relationship between poison medicine and disease Drawing from a wide range of medical and natural philosophical texts with an emphasis on treatises that focused on poison pharmacotherapeutics plague and the nature of disease this study brings to light premodern physicians debates about the potential existence nature and properties of a category of substance theoretically harmful to the human body in even the smallest amount Focusing on the category of poison venenum rather than on specific drugs reframes and remixes the standard histories of toxicology pharmacology and etiology as well as shows how these aspects of medicine although not yet formalized as independent disciplines interacted with and shaped one another Physicians argued for instance about what properties might distinguish poison from other substances how poison injured the human body the nature of poisonous bodies and the role of poison in spreading and to some extent defining disease The way physicians debated these questions shows that poison was far from an obvious and uncontested category of substance and their effort to understand it sheds new light on the relationship between natural philosophy and medicine in the late medieval and early modern periods
