Merchant Marine Days My Life In World War II:

Merchant Marine Days David LaMont Lee,1998 **My Life As a US Merchant Marine in World War II** Charles Hoffman,2014-07-20 This World War II US Merchant Marine memoir was written by Charles William Hoffman This highly personal memoir of his days as a young man serving his country reflects the culture of that time The US entry into WWII required immediate growth of US Merchant Marine capabilities The Atlantic Ocean was a major strategic battle zone during WWII The Merchant Marine participated in every landing operation by the US Marine Corps from Guadalcanal to Iwo Jima It took 15 tons of supplies to support one soldier for one year at the front During 1945 alone the Merchant Mariners delivered 17 million pounds of cargo every hour including ammunition airplanes fuel PT boats and amphibious craft tanks jeeps trucks medicines locomotives and food Mariners delivered the goods when and where needed in every war theater Charles W Hoffman served his country on seven ships including a United Nations mercy mission and a highly dangerous ammunition ship He was 1 of only 7 who survived from his original group of 51 young men who left St Louis Missouri to serve their country by delivering the goods to serve all warfighters *Naval War College Review* Naval War College (U.S.),2000

Earth Day John McConnell,2011-07-22 After a half century of activism John McConnell the true founder of Earth Day here relates his global promotion of peace justice and Earth care Following the Kennedy assassination McConnell s Minute for Peace gained worldwide attention This led to his Earth Day and other initiatives aimed at promoting people and planet In this book he shares the views that garnered support during the environmental movement from 1969 onward and that have inspired followers for forty years at annual Earth Day ceremonies at the UN and cities across the globe John McConnell coined the term Earth Day in 1968 proposed its celebration on the spring equinox to the City of San Francisco in October 1969 and announced it in November at a UNESCO Conference The City responded by hosting the first Earth Day on March 21 1970 Margaret Mead UN Secretary General U Thant President Ford and thirty three Nobel laureates supported McConnell s Earth Day and thirty six worldwide dignitaries signed McConnell s Earth Day Proclamation supporting Earth Day on the spring equinox an annual planetary holiday linking people everywhere without regard to politics culture national border or religion In 1957 after Sputnik McConnell promoted the Star of Hope a satellite devoted to peace This effort sparked his origination of Earth Day the Earth Flag Earth Trustees and the Earth Magna Charta He worked with UN officials and other leaders to overcome differences and build common ground for peace aiming to ensure our planet s future and human survival This book chronicles his global mission his life journey and his unique contributions toward a peaceful and cherished planet **Congressional Record** United States. Congress,2001 **I Am Still Standing** Constantin Zotis,2001 About Say It Like It Is Over the course of the past fifty years Political Correctness has morphed from a social nicety to a national enforcement of stupidity Due to political correctness common sense has become less important in our society than the need to be hypersensitive to each and every group of minorities within our borders Liberals have worked slowly but

steadily to promote and further the asinine concept of political correctness and have been successful in implementing it We are so sensitive these days that the mere mention of a nationality or a particular behavior has people gasping and whispering words like bigot hateful and intolerant As a society we've forgotten how to speak to one another in a truthful and direct manner As a result we have countless Interpretational breakdowns or Misunderstandings on a personal professional and political basis every day These Misunderstandings as Liberals call them are the result of our inability to actually convey our thoughts and intentions in a direct and non politically correct manner Sensitivity to the most mundane and insignificant aspects of life has turned Americans into a weak and litigious people who are neither respected nor respectable Few people in our country actually have the inner fortitude to ignore the Liberals rules regarding speech and Appropriate topics and actually Say it like it is I hope to point out how accustomed we've become to political correctness and how completely asinine the whole thing really is Political correctness is the best example of what happens when Liberals work to gradually normalize and institute a concept that has had nothing but detrimental affects on our country Where has political correctness led us It's no longer acceptable to call the Chinese Chinese We can't refer to a Black man as a Black man The word criminal should no longer be used to describe an individual who breaks the law Pride in America is far less PC than an animosity toward it No blame can be put on those who choose to act in an unacceptable manner We've been trained to think of wealthy people as bad individuals and poor people as victims Armed conflict is no longer seen as the protection of our way of life as much as it is seen as an attempt on the part of our evil leaders to conquer and occupy foreign lands Political correctness teaches us Tolerance and Diversity and we can see where that has led us The teaching of manners a [Naval War College Review](#),2000 [Sealift](#),1975 **American Shipping**,1920 **Sea Power** E.B. Potter,2014-06-15 A classic work widely acknowledged over the past 20 years as the definitive text on its subject All aspects of over 2 000 years of naval history are covered from Greek and Roman galley warfare to Vietnam and beyond with emphasis on the evolution of strategy tactics and weapons development With 14 authors it is not so much a symposium as a continuous narrative Acclaimed historians such as James C Bradford Henry H Adams and Craig Symonds lend their expertise to the work which continues to serve as a standard for any historical study of the role of navies on history **Report** United States. Congress. House, **Choices** James Brettell,2008-03 Born in Detroit in 1928 and raised in Ohio James Brettell left home to join the Merchant Marine at the age of fourteen On his eighteenth birthday he joined the Army Corps of Engineers where he served for 22 years retiring with the rank of lieutenant colonel His military career included service in the Korean War where he commanded a unit in the Battle of Pork Chop Hill Following his Army career he began a second career with the Libby Corporation in Kansas City Missouri where he spent 30 years as president and vice chairman of the board He later retired to Tyler Texas **Gabby** Gabrielle Giffords,Mark Kelly,2011-11-15 An extraordinary tale of love of unthinkable trauma of a heroic partnership Redefining for the world what it means to be a fighter People The New York Times bestseller by Gabrielle Giffords and her husband astronaut

and Arizona Senator Mark Kelly an incredibly inspiring story of adventure public service love and overcoming tragedy Now a documentary film titled Gabby Giffords Won't Back Down The shooting of Gabby Giffords and nineteen others six of whom were killed took place in Tucson Arizona on January 8 2011 in the early days of what has become a tragic and devastating escalation of mass shootings across the United States Gabby had just begun her third term serving in the Arizona House of Representatives and was meeting with her constituents when she was shot in the head She was evacuated to the hospital in critical condition Her husband Mark Kelly a retired U S Navy captain and an astronaut for NASA at the time flew directly from Houston and dedicated himself to Gabby's bedside as she fought to survive and recover This book chronicles the lives of these two extraordinary American figures the careers that led them to one another their passion for public service and the grueling medical challenges and hard fought journey to Gabby's significant recovery In 2013 Gabby and Mark launched Americans for Responsible Solutions a non profit and Super Pac which would later become Giffords an American advocacy and research organization focused on promoting gun control That same year Gabby received the John F Kennedy Profile in Courage Award in recognition of the political personal and physical courage she demonstrated in her public advocacy for policy reforms aimed at reducing gun violence

We Are a Family Bob Traley, 2004-11-02 This book covers the years 1873 1975 and the factual family history not a genealogy of a family from Germany the Straleys and a family from Ireland the Kellys Actual letters from within the family make up a large part of the book Abundant comical and heart touching anecdotes make this book relative to YOUR OWN family It is hoped that the book will inspire the reader to collect draft or record a similar collection of successes and failures from your own family members as a LEGACY for future generations

Roads to Wisdom, Conversations with Ten Nobel Laureates in Economics Karen Ilse Horn, 2009-01-01 This is a beautifully written and engaging book At its heart is a series of structured interviews with ten Nobel Memorial Laureates in Economics that provide fascinating insights into the main influences on their career paths and pioneering work Karen Horn is to be applauded not just for her wide ranging scholarship and thought provoking analysis but also for producing a non technical yet rigorous book which is eminently accessible to non specialists In short this an excellent volume which comes highly recommended Howard R Vane Liverpool John Moores University UK Karen Horn's questions are insightful her notes are accurate and informative and her summing up of the central question of creativity that she poses in the book is cogent and to the point All in all this book is difficult to put down and I can't imagine any reader who will not fail to learn a great deal about economics along the way Mark Blaug University of London and University of Buckingham UK Karen Horn's remarkable interviews with ten Nobel Laureates explore the conditions required for scientific progress by navigating the roads to wisdom in economic science How does progress in economic theory come about Where do path breaking ideas come from What is it that has enabled these outstanding scholars to make their substantial contributions How deep are the footprints of a particular historical situation how strong the political tide or the

state of the art in economics and how influential is personal history on their individual roads to wisdom Analytical answers to these fundamental questions are presented in this insightful collection of deep and highly inspiring conversations with Nobel Laureates Paul A Samuelson Kenneth J Arrow James M Buchanan Robert M Solow Gary S Becker Douglass C North Reinhard Selten George A Akerlof Vernon L Smith and Edmund S Phelps Superbly supplemented with concise overviews of the Nobel Laureates lives and works these fascinating discussions culminate with a comprehensive inquiry into progress in economic theory As such this eloquent and highly accessible book will prove to be a compelling read for scholars and students of the discipline and all those with an interest in economics and the history of economic thought The Ship That Would Not Die

Stephen Curley,2011-09-01 Starting its life as an attack transport in World War II and one of the last five left afloat by war's end the USS Queens saw action at Iwo Jima and other hot spots in the Pacific theater After the war the ship became the SS Excambion one of the Four Aces of American Export Lines the only fully air conditioned ships in the world at the time In 1965 the versatile Excambion underwent yet another transformation into a floating classroom Recommissioned as the USTS Texas Clipper the ship began a third life as a merchant marine training vessel with its home port in Galveston For the next three decades the Texas Clipper would be home to merchant marine cadets and by the time it was retired in 1996 it was the oldest active ship in the U S merchant marine fleet Finally the Texas Clipper after protracted bureaucratic wrangling was designated to be sunk in the Gulf of Mexico as an artificial reef to provide habitat for marine life In 2007 the ship was towed to its final resting place seventeen nautical miles off the coast of South Padre Island Now 136 feet below the surface the venerable Texas Clipper lives on as the home to a wide variety of underwater species Filled not only with meticulously researched technical and historical data about the ship's construction service record crew procedures and voyages The Ship That Would Not Die also features lively anecdotes from crew members passengers and officers More than 140 color and black and white photos illustrate the ship's construction its wide variety of shipboard life the exacting process of making the Texas Clipper ready to become an artificial reef and its final sinking in the Gulf of Mexico **Never Panic Early** Fred

Haise,Bill Moore,2022-04-05 The extraordinary autobiography of astronaut Fred Haise one of only 24 men to fly to the moon In the gripping Never Panic Early Fred Haise Lunar Module Pilot for Apollo 13 offers a detailed firsthand account of when disaster struck three days into his mission to the moon An oxygen tank exploded a crewmate uttered the now iconic words Houston we've had a problem here and the world anxiously watched as one of history's most incredible rescue missions unfolded Haise brings readers into the heart of his experience on the challenging mission considered NASA's finest hour and reflects on his life and career as an Apollo astronaut In this personal and illuminating memoir illustrated with black and white photographs Haise takes an introspective look at the thrills and triumphs regrets and disappointments and lessons that defined his career including his years as a military fighter pilot and his successful 20 year NASA career that would have made him the sixth man on the moon had Apollo 13 gone right Many of his stories navigate fear hope and resilience like

when he crashed while ferrying a World War II air show aircraft and suffered second and third degree burns over 65 percent of his body putting him in critical condition for ten days before making a heroic recovery In Never Panic Early Haise explores what it was like to work for NASA in its glory years and demonstrates a true ability to deal with the unexpected Bargain Basement War Heroes Bernard F. Flynn, 2015-05-11 A World War II Merchant Marine combat veteran does more than just rock the boat with this book This grandpa opens up a can of worms that should cause some squirming in high places past present or future 1 Kennedys assassination Oswald the State Department Congress and big name personalities are all featured and highlighted in Grandpas story within 2 Accusations of a criminal law that was enacted by the wartime Congress which removed every government benefit that the early volunteers for the Merchant Marine had and reclassified them as migrant workers 3 Why was there acceptance of the never ending scapegoating of these brave heroes which was nothing but pure self serving lies and distortions by the press broadcast media politicians and higher ups in the military 4 Read the absolute truth about the Merchant Marine that is related in this book You can make up your own mind about the wartime Merchant Marine Their wartime contribution to winning that war is incontrovertible Why was the report to President Truman at the end of the war kept a war secret and not made available until 2009 sixty five years later 5 Read the authors take on the wartime start up of his alma mater the United States Merchant Marine Academy at Kings Point New York which is now considered the hidden treasure of our federal academies 6 It is doubtful if any of our seamen especially our African American volunteers understood what really happened in the wartime Congress Those thousands of widows and children who lost all benefits should force a federal disclosure of the facts and the hope of this book is to put them all on full alert The disclaimer and speculation is clearly indicated in the early part of this book Read President Obamas response **Report** United States.
