# Mercury Volume 1 The Puppy With The Golden Eyes

**AW Rasmussen**

## **Mercury Volume 1 The Puppy With The Golden Eyes:**

*The Natural Genesis (Two Volumes in One)* Gerald Massey, 2011-12-01 Egyptologist Gerald Massey challenged readers in *A Book of the Beginnings* to consider the argument that Egypt was the birthplace of civilization and that the widespread monotheistic vision of man and the metaphysical was in fact based on ancient Egyptian mythos. In *The Natural Genesis* presented here in an omnibus edition Massey delivers a sequel delving deeper into his compelling polemic. In Volume I he offers a more intellectual fine-tuned analysis of the development of society out of Egypt. From the simplest signs, numbers, the cross to the grandest archetypes, darkness, the mother figure, Massey carefully and confidently lays the cultural and psychosocial bricks of evolutionism. Volume II provides detailed discourse on the Egyptian origin of the delicate components of the monotheistic creed. With his agile prose, Massey leads an adventurous examination of the epistemology of astronomy, time, and Christology and what it all means for human culture. British author GERALD MASSEY (1828-1907) published works of poetry, spiritualism, Shakespearean criticism, and theology, but his best-known works are in the realm of Egyptology, including *The Book of the Beginnings*, *The Natural Genesis*, and *Ancient Egypt: The Light of the World*. *The Dog Fancier*, 1922

Schwann Spectrum, 1995      **Lives of the Most Eminent Painters, Sculptors and Architects (Vol. 1-10)** Giorgio Vasari, 2023-12-13 Giorgio Vasari's monumental work *Lives of the Most Eminent Painters, Sculptors and Architects*, spanning ten volumes, serves as a cornerstone of art historiography from the Renaissance period. This comprehensive series not only chronicles the lives and contributions of influential artists such as Leonardo da Vinci and Michelangelo but also encapsulates the evolving artistic principles of the time. Vasari's narrative style, rich with anecdote and artistic commentary, situates each artist's achievements within the broader cultural and historical framework, marking a shift towards the modern conception of the artist as a creative individual. His keen observations and personal insights provide invaluable context, making this work a pivotal resource for understanding Renaissance art's aesthetic developments and its social ramifications. Vasari himself, a painter and architect, was profoundly influenced by the vibrant creative environment of 16th-century Italy. Born in Arezzo in 1511, he was not merely an observer but an active participant in the artistic dialogue of his era. His firsthand experiences, combined with his extensive network among artists and patrons, gifted him with unique perspectives, forging a personal narrative intertwined with the artistic legacies he recorded. These experiences informed his ambition to legitimize art history as a discipline and to celebrate the genius of his contemporaries. This essential volume is highly recommended for scholars, students, and art enthusiasts alike. Vasari's narrative offers not just historical insight but also an emotional connection to the figures who shaped the trajectory of Western art. Readers will be enriched by the breadth of knowledge contained within these pages, gaining not only appreciation for the masters of the past but also an understanding of the enduring influence of their craft. *The Century Dictionary and Cyclopaedia: Dictionary*, 1897      *The Century Dictionary and Cyclopaedia: The Century dictionary ... prepared under the superintendence of William Dwight Whitney* William Dwight Whitney, Benjamin Eli
