and the complex relation between art s contrivances and its moral truths She has given us an exceptional book that
demonstrates the possibilities of literature even as it explores them *The Eternal Act of Creation* Northrop Frye,1993

Germanic reverie the Bible Milton and Shakespeare to which were added Dante and a certain taste for linear designs
resembling geometric diagrams and relates him to the great classical movement inspired by Winckelmann and propagated by
David This is the sole point of contact discernible between the classicism of David and English art though furtive and indirect
Blake is the most mystic of the English painters perhaps the only true mystic He was ingenious in his inner imagination and
his interpretations of ancient and modern poets reveal as true and candid a spirit as the title of his first work poems he
composed illustrated and set to music *Songs of Innocence* and *Songs of Experience* Later he achieved grandeur power and
profundity especially in certain tempera paintings Just like others Blake was considered an eccentric by most of his
contemporaries until his genius was recognised in the second half of the nineteenth century **New Testament Legends**
