Mercy Sky:

Staged Kim Fielding, 2016-07-18 Hope and fear are a dangerous combination when you don't know where you stand. Once the second prize winner on *My Slave's Got Talent*, Sky Blue has spent the past few years singing at a failing New York nightclub. While Sky has never had control over his fate, his life seems to take a turn for the worse when he's torn from the familiar comfort of performing and sold to a rich and enigmatic man. Morgan Wallace takes his newly purchased slave to San Francisco; his intentions unclear. On the one hand, he treats Sky with more kindness than Sky has ever known; treats him like a real person. On the other hand, he shares Sky at parties hosted by his sadistic new friends. A confused slave is an endangered slave, and Sky isn't even sure of his master's real name. Is he Morgan Wallace, wealthy and cruel, or Mackenzie Webster, caring and compassionate? Caught between hope, fear, and an undeniably growing attachment, Sky struggles to untangle which parts are real and which are merely a performance. His future, his heart, and even his life may depend on it. *Annie's*

Neighborhood Roz Denny Fox, 2013-07-01 Turns out home may be where the heart is, after all. Briar Run, Kentucky, is where Annie Emerson grew up, where her grandmother Ida raised her. Annie, now a social worker in L.A. a few years ago, but returns home when Ida's health fails. She's devastated to lose her and shocked to discover how badly the town has deteriorated. But she's inherited some money and uses it to help rescue Briar Run. Police chief Sky Cordova is dealing with an overabundance of crime, severe budget cuts, and a battle over the custody of his five-year-old son, Zack. The last thing he needs is a woman with a cause stirring up trouble. Despite that, he's captivated by Annie and her passion to revitalize her neighborhood. He's not the only one, since Zack falls for Annie, too. Sky starts to realize that her way of bringing the town back to life, one house at a time, might work. Just as she's brought his heart back to life, one smile at a time. *Max the Cat* Nana

Grey-Johnson, 2015-06-27 In *Max the Cat*, Max, the son of the district officer, returns to his provincial hometown after qualifying as a teacher. However, Max returns under a cloud. His father is unhappy with reports of his son's radical political activities at college. This sets the tone of a one-sided relationship. While the son loves his father and holds him in highest regard, the ambitious old politician plots for Max's removal by any means, fair or foul. The young man's crusade against official corruption does not sit well with some of the skeletons that his father would rather keep hidden to maintain his privilege and protect his friends. Between these two men, there is a woman, a loving stepmother and a faithful wife who tries to reconcile her stepson and her husband. With quiet faith and patience, she lives with the great irony in their differences arising out of the son's firm belief in the moral principles his father taught him, while her husband's own faith in his early teachings has been eroded by complacency and compromise after years in office. Father and son are set on a warpath. Behind the scenes in this struggle, the spirits of their ancestors are at work. The interplay is quite thrilling as African folklore, religion, and contemporary politics mix dramatically in this book to see if good triumphs over evil. *Tolteca* Michael, 2006-10-01 His name is Topiltzin. He is the son of the Dragon, a blue-eyed Mesoamerican hero. He is also a godless ballplayer, a wanderer, a

rogue warrior He will become known as the Plumed Serpent the man who became a god who transcended death to become the Morning Star In the world of the Fourth Sun Topiltzin is the unconquered hero of the rubberball game When he comes with his companions to a city to play children flock to meet him maidens cover the roadway with flowers for him to tread on and people gather to watch the mighty Turquoise Lords of Tollan They are the undefeated champions of the ancient game of ritual a game so fanatically revered that spectators would often wager their own children on its outcome To lose meant decapitation The Turquoise Lords of Tollan never lost At least until now The Smoking Lord descended from Highland Mountain kings has come with vast armies He has learned of the splendid Tolteca from a priest who tried to teach him the true way of the one god After offering the old man up as a sacrifice to the midnight sun Smoking Mirror has now come north to see if the legends are true An army has come and a new age Topiltzin witnesses its horrors He finds cities destroyed villagers raped and ritualistically slaughtered by sorcerer priests sent as heralds to offer up human sacrifice Unable to stop the blood slaughter of innocents realizing the vast armies of the Shadow Lords will annihilate even the mighty Tolteca Topiltzin becomes obsessed with one final objective one last move in the rubberball game the death of the Smoking Mirror

Idomeneo Wolfgang Amadeus Mozart, 2018-01-01 Mozart wrote Idomeneo when he was twenty four years old and the opera was described by Albert Einstein as one of those works that even a genius like Mozart could write only once in his life It is one of most astonishing achievements of an altogether astonishing career In this newly commissioned guide Julian Rushton explains the special nature of the music in a detailed analysis of its themes and development while Nicholas Till places the opera in its context as an expression of the Enlightenment Gary Kahn explores the performance history of an opera which although largely ignored for over a hundred and fifty years has now taken its place as part of the international operatic repertoire A selection of the unique letters between Mozart and his father written during the opera's composition is also included Contains Idomeneo and the Background of the Enlightenment Nicholas Till Idomeneo re di Creta the Music Julian Rushton A Brief Performance History Gary Kahn The Composition of Idomeneo in Mozart's Letters Idomeneo Libretto by Giambattista Varesco Idomeneo English Translation by Charles Johnston **The Sky's the Limit** Melvin R. The Dramatic Literature of Nawal El Saadawi Nawal El-Saadawi, 2012-02-27 Nawal El Saadawi's most recent play *God Resigns* at the Summit Meeting created an uproar in her native Egypt. On the basis of the title alone, officials declared the work heretical and charged El Saadawi with insulting the Almighty God, not just Islam. Her prosecutors requested that all her books be destroyed, that she be arrested on return to Egypt, and her Egyptian nationality be revoked. In the play, the prophets and great women gather for a meeting with God. Satan arrives to tender his resignation, but neither Jesus nor Mohammad nor Moses are willing to replace him. Finally, God himself resigns. The second play in this collection is *Isis*, a critique of the discriminatory rules that control women, the daughters of Isis. Both *God Resigns* and *Isis* incorporate key themes to El Saadawi's work: that all religions are inimical to women and the poor; that the oppression of women is reprehensible and not uniquely characteristic of the Middle East or the Third World; and that free speech is fundamental to any society. God's Invisible Signature Gautam Bagchi, 2022-12-24 Does God exist? Has anyone seen God? Since the earliest times, human beings have been looking for answers. How did we all come into existence? How was the universe created? Where did the laws of nature come from? How did life forms appear and the intelligent life evolve? How did the human mind develop such skills to understand the hidden mathematics behind the invisible laws of nature? Probably, there is no way to know the truth also. As truth sometimes is beyond us, even in mathematics, can we interpret the great mathematician Kurt Gödel and say that we would never be able to know the ultimate truth, i.e., the cause of the creation of the universe from within it? Scientific knowledge empowers us to solve the mysteries of nature; at the same time, it teaches us that more mysteries are there which are beyond our imagination. We must be open to the idea of completely new possibilities. Many other indications provoke thought among many scientists: whether the universe appears to have been designed specifically for human life. This book tries to explore if at all it is possible to find such answers to know the ultimate truth. **Salvage the World** Dan DanXia, 2020-06-14 It was said that the wind and the clouds of the world surged and the rivers of time surged. People said that the sky and the earth were long and endless, but the stars moved like smoke, and in the end, it was just a wind and moon.
