*Mere Mortals* Terese Svoboda, 2009-09-01 All of the medical technological and psychological advances of the twentieth century challenge mere mortals in Terese Svoboda's third book of poetry In Faust a mini epic in five acts the eponymous character of literary legend appears in the form of a woman who redefines what being mortal means in light of the politics of the Third World and gender In contrast Ptolemy's Rules for High School Reunions explores what happens when you do without a pact with the devil The gods Greek and otherwise also make appearances as a TV announcer in Philomela in the basement with the plumber in The Smell of Burning Pennies and in the dyslexic confusion between Dog God But it is not only the divine that charges the poems in *Mere Mortals* sex also suffuses and reinvents key relationships Readers of such wittily probing poems as The Root of Father is Fat and Brassiere Prison or Showcase will know why Philip Levine has described Svoboda as one light year from being the polite lovely workshop poet *Mere Mortals* poems first appeared in such magazines as the New Yorker New York Times Magazine Paris Review and the American Poetry Review

**Merely Mortal?** Antony Flew, 2011-04-29 Whether we are to live in a future state is the most important question which can possibly be asked Yet strange perplexities have been raised about the meaning of that identity or sameness of person which is implied in the notion of our being now and hereafter These words written by the Anglican Bishop Joseph Butler concisely summarize the crux of the problem which renowned philosopher Antony Flew tackles in this profoundly thoughtful book Despite the perennial hope of life beyond the grave Flew shows that there are insuperable difficulties in elucidating postmortem survival on a rational basis He analyzes the three ways that philosophers of the past have attempted to get around these difficulties the reconstitutionist way miraculous reassembly of our deceased bodies at some future time such as the Last Judgment the way of the astral body a sort of duplicate undetectable body which detaches itself from the material body after death and the Platonic Cartesian way an incorporeal mind or soul containing a person's identity which lives on after death The main problem says Flew is the impossibility of logically demonstrating how a person surviving death in any imagined altered state could identify him or herself as the same person who had previously lived a flesh and blood life on the Earth Flew reviews both the classic arguments of Plato Aristotle Aquinas and Descartes as well as the modern findings of parapsychology elucidating this complex issue with logical rigor and engaging wit
