Meredith Dambrosio:

What, and Give Up Showbiz? Fred Taylor, 2020-10-01 This is the story of Fred Taylor who since 1960 has been bringing entertainers and audiences together in Boston and New England in nightclubs concert halls and festival grounds As the owner of the legendary Back Bay nightclubs Paul s Mall and the Jazz Workshop Taylor had a front row seat for the greatest names in music and comedy in the 1960s and 1970s As the entertainment director at Scullers Jazz Club for twenty six years he continues to present the best in contemporary music Fred Taylor s entertainment universe is peopled by pop superstars jazz legends and sparkling storytellers a galaxy of singers saxophonists and stand up comics They re all part of Taylor s world and you ll learn about them and the ups and downs of his utterly unpredictable career in the music business in the pages of this book Cadence ,2000 **The Penguin Jazz Guide** Brian Morton, Richard Cook, 2010-11-04 The Penguin Guide to Jazz Recordings is firmly established as the world s leading guide to recorded jazz a mine of fascinating information and a source of insightful often wittily trenchant criticism This is something rather different Brian Morton who taught American history at UEA has picked out the 1000 best recordings that all jazz fans should have and shows how they tell the history of the music and with it the history of the twentieth century He has completely revised his and Richard Cook s entries and reassessed each artist s entry for this book The result is an endlessly browsable companion that will prove required reading for aficionados and jazz novices alike It s the kind of book that you ll yank off the shelf to look up a quick fact and still be reading two hours later Fortune Part jazz history part jazz Karma Sutra with Cook and Morton as the knowledgeable urbane wise and witty guides This is one of the great books of recorded jazz the other guides don t come close Irish Times The Jazz Scene W. Royal Stokes, 1991-06-06 No one can tell us more about jazz than the musicians themselves Unfortunately most oral histories have limited scope focusing on a particular era or style and fail to capture the full rich story of jazz Now in this vivid oral history W Royal Stokes presents nearly a century of jazz its people places periods and styles as it was seen by the artists who created America s most distinctive music Here along with the author s enlightening commentary are the words of musicians famous and little known veterans of the early years and pathbreakers of the present telling us about their origins and adventures about the places and performers they have known We read of young artists learning their skills surrounded by poverty going on to win fame around the world We feel the excitement of jazz before the war The music was all over the place recalled Wild Bill Davison It s just unbelievable how many bands there were in Chicago You could go anywhere and there d be a band And we glimpse the gritty hard life hidden beneath the beauty of the notes they played I remember not eating practically a month several times said Mary Lou Williams During the depression we played engagements and we knew we weren t going to get any money because Andy would scatch his face when he was walking toward the band and the trumpet player would pull out his horn and play the Weary Blues And we d laugh about it We hadn t eaten in a couple of days and nothing was said because the music was our survival Stokes not only uncovers the history of jazz in the major cities and

regions New Orleans for instance Chicago in the 20s and 30s Kansas City and California from the 50s to the present but he goes on to bring us the story of the big bands post bebop developments vocalists jazz around the globe and the contemporary scene I was about eleven and my brother Mike started to bring home a lot of Miles Davis records from school and that did it for me remembers Pat Metheny First time I heard Miles playing My Funny Valentine that whole record just destroyed me And he takes a close look at the rising place of women as instrumentalists in the last decade Jazz is America s most original contribution to music and as the late Dexter Gordon lamented America is the one country where it is little known But W Royal Stokes uncovers a scene that is as alive as ever with this fascinating look at how it has been made and remade from the first decades of the century to today *New York Magazine* ,1992-05-11 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **That's Entertainment** Tighe E. Zimmers,2021-05-19 Arthur Schwartz 1900 1984 a premier composer of American Popular Song during the mid 20th century has been overlooked by historians This first full length biography covers his work on Broadway and in Hollywood where he was known as the master of the intimate revue for his songs in the 1930s with Howard Dietz Schwartz wrote music for films in the 1940s with Academy Award nominations for They re Either Too Young or Too Old and A Gal in Calico produced two popular movie musicals Cover Girl and Night and Day and was among the first songwriters to work in the new medium of television The author describes his creative process and includes behind the scenes stories of each of his major musicals **The Biographical Encyclopedia of Jazz** the late Leonard Feather,Ira Gitler,2007-04-01 Do you want to know when Duke Ellington was king of The Cotton Club Have you ever wondered how old Miles Davis was when he got his first trumpet From birth dates to gig dates and from recordings to television specials Leonard Feather and Ira Gitler have left no stone unturned in their quest for accurate detailed information on the careers of 3 300 jazz musicians from around the world We learn that Duke Ellington worked his magic at The Cotton Club from 1927 to 1931 and that on Miles Davis s thirteenth birthday his father gave him his first trumpet Jazz is fast moving and this edition clearly and concisely maps out an often dizzying web of professional associations We find for instance that when Miles Davis was a St Louis teenager he encountered Charlie Parker and Dizzy Gillespie for the first time This meeting proved fateful and by 1945 a nineteen year old Davis had left Juilliard to play with Parker on 52nd Street Knowledge of these professional alliances along with the countless others chronicled in this book are central to tracing the development of significant jazz movements such as the cool jazz that became one of Miles Davis s hallmarks Arranged alphabetically according to last name each entry of this book chronologically lists the highlights of every jazz musician s career Highly accessible and vigorously researched The Biographical Encyclopedia of Jazz is quite simply the

most comprehensive jazz encyclopedia available Bliss Ronit Matalon,2003-08-12 Set in Tel Aviv and Paris a powerful story of love friendship regret and war as current as today s headlines Ronit Matalon s fiction has been praised as haunting inventive refreshingly daring Now in a graceful illuminating second novel she tells a provocative story of two loves two partings two worlds two women Ofra and Sarah When Ofra is called from Tel Aviv to France to attend the funeral of her beloved cousin Michel she escapes a life lived vicariously through Sarah her oldest friend a photographer and political activist In Paris Ofra enters the embrace of her French family and the intimate world of domestic life while Sarah in Tel Aviv drifts even farther from her husband Udi Drawn to a Palestinian nationalist she takes on the fight for a girl from Gaza who has been injured by an Israeli bullet and needs medical treatment that can only be had inside Israel As Sarah adopts the cause with near destructive zeal and pledges herself to the suffering of others her own child goes untended with dreadful consequences for all Against a backdrop of national conflict Bliss confronts the terrible dilemma of choosing between one s desires and one s beliefs between grand ideological commitment and the more mundane claims of family With vivid penetrating prose Matalon has delivered a large and resonant work that is as artful as it is affecting **JazzTimes** ,1994-12
