Historically dividend income has been taxed at your highest rate Under the prior tax law as much as 38 6% of dividend income could go to the IRS The 2003 tax act changed the rules Now corporate dividends paid to individuals generally are taxed at ultra low tax rates Most investors will pay only 15% tax on dividend income Investors in the lowest federal tax brackets will pay only 5% tax on dividends This rate may apply to retirees whose income drops after they stop working In 2008 those low bracket taxpayers will owe no federal income tax on dividends they receive What s more if you need to sell your dividend paying stocks any long term gains will qualify for those same bargain tax rates 15% 5% or even 0% in 2008

How Does a Company Become a Dividend Achiever Many thousands of companies pay dividends to shareholders Fewer than 300 U S companies qualified as Dividend Achievers in 2003 In fact only 2 5% of all the publicly traded dividend paying U S companies qualify as Dividend Achievers To make our final cut only high quality companies that have increased their regular dividends for 10 years in a row are chosen from an exclusive list That s right during the boom times of the late 1990s and the struggles of the early 21st century our Dividend Achievers have steadily taken in more cash and paid higher dividends to investors In fact most of our Dividend Achievers have more than 20 years of higher dividends Truly the companies on our list have proven to be the top tier of U S industry Order Your Copy Today For this edition of Mergent s Dividend Achievers our analysts have updated the profiles on approximately 300 Dividend Achievers which includes high yielding companies that can produce higher returns after tax than municipal bonds I have been using and writing about Dividend Achievers handbook for more than 11 years and I believe that it is one of the few true bargains in the arena of independent investment research
