Market Upside Down Vinh Q. Tran, 2010-01-25 The U S economic crisis of 2008 isn t over The next bubble explosive government debt is brewing At the same time the economy can t generate growth the treasury is exhausted the Fed s balance sheet is over stressed consumers remain deep in debt and short term interest rates are at near

zero Intelligent investors can't just mourn the death of easy profits they want and need new strategies for success through history's potentially worst equity market In *Market Upside Down* Dr Vinh Q Tran presents those strategies Tran begins by explaining why the U S financial crisis will only get worse He then provides professional and active investors a comprehensive framework for profiting in an upside down market that could last for decades Drawing on his market expertise as well as experience as money manager to institutional and wealthy investors Tran shows how to build wealth and generate return in times of crisis with a focus on what will matter most in the coming years liquidity and risk management Tran helps investors explore global investments and opportunities that won't depend on the troubled U S economy or a reinvigorated market soaring and shows how to profit from the coming age of scarcity Along the way he demonstrates how to use fixed income hedge funds and non traditional investments with minimal equity risks to create a portfolio that is positioned to provide liquidity profits and importantly to weather future crises

**Drafting Successful Access and Benefit-sharing Contracts** Tomme Rosanne Young, Morten Walløe Tvedt, 2017-10-23 In *Drafting Successful Access and Benefit sharing Contracts* Young and Tvedt offer an insightful and profound analysis of how ABS can be made truly functional through the use of legally binding and enforceable contracts Contracts are foreseen as the main legal tool for making access and benefit sharing work thus realizing the third objective of the Convention on Biological Diversity Many years have gone by since contracts were first suggested as a solution to resolve the challenges of ABS but so far few successful benefit sharing cases have been presented This volume explores the possibilities and limits of contract law which both practitioners and stakeholders need in order for ABS contracts to become an effective solution for sustainable use of biological diversity
