Merlin to Europe at large He covers French and German as well as Anglophone elements of the myth and brings the story up to the present with discussions of a globalized Merlin who finds his way into popular literature film television and New Age philosophy Knight argues that Merlin in all his guises represents a conflict basic to Western societies the clash between knowledge and power While the Merlin story varies over time the underlying structural tension remains the same whether it takes the form of bard versus lord magician versus monarch scientist versus capitalist or academic versus politician As Knight sees it Merlin embodies the contentious duality inherent to organized societies In tracing the applied meanings of knowledge in a range of social contexts Knight reveals the four main stages of the Merlin myth Wisdom early Celtic British Advice medieval European Cleverness early modern English and Education worldwide since the nineteenth century If a wizard can be captured within the pages of a book Knight has accomplished the feat Realm of the Bear S. focusing particularly on Merlin as a character rather than those where Merlin is a background cast member The outline here starts with looking at the genre and the place of fantasy moving on to consider the attitudes towards magic and magic users in medieval times Main works considered are Geoffrey of Monmouth's *Historia Regum Britanniae* and *Vita Merlini* the Vulgate cycle *Suite du Merlin* and finally Malory's work The author asserts that each portrays a different approach to Merlin but all are tied to history and to the Christian religion *My Boyfriend Merlin* Priya Ardis, 2019-10-14 *My Boyfriend Merlin* picks up where King Arthur left off Fast forward a thousand years or so The sword in the stone has come back to the Land and it chooses Merlin's ex girlfriend as a candidate to be the next Arthur *The Chamber of Merlin* Brandon Alexander Daunno, 2011-06-08 Rooted deeply in Arthurian lore *The Chamber of Merlin* explores the possibility that magic was drained from earth 1500 years ago by the wizard Merlin just moments before he was imprisoned by the evil enchantress spirit Niven Now desperate to regain her physical form Niven has cracked the seal of Merlin's prison allowing magic to bleed onto earth again She plans to possess the body of a psychic and continue her search for the long lost city of Avalon where the source of magic is located This magnificent blend of science fiction and fantasy brings the greatest wizard of them all into modern day society where he will wage the ultimate war between magic and technology *The Spenser Encyclopedia* A.C. Hamilton, 2020-07-01 This masterly work ought to be *The Elizabethan Encyclopedia* and no less *Cahiers Elizabethains* Edmund Spenser remains one of Britain's most famous poets With nearly 700 entries this *Encyclopedia* provides a comprehensive one stop reference tool for appreciating Spenser's poetry in the context of his age and our own understanding the language themes and characters of the poems easy to find entries arranged by subject *Edwin Arlington Robinson* Edwin Arlington Robinson, 1990 Traditional yet original realistic but not in the reductive sense he is too good to be forgotten ROBERTSON DAVIES Robinson's Arthurian poems published between 1917 and 1927 won him a Pulitzer prize and yet are almost unknown today With his introspective New England style and quiet tone he brilliantly catches the tension between reason and passion that drives the characters of the Arthurian stories these are modern lovers with the philosophical and psychological concerns of the early 20th century The sense of vision and the feeling that the world of Arthur mirrors the fate of all mankind binds the diverse characters together and makes Robinson's poems essential reading for everyone interested in the Arthurian legend in the twentieth century
