animated intimacy that builds trust and emotional dependence Needy Media explores how features such as face recognition awareness sensors and touchscreens have developed and intersected tying them to key concepts of psychology language and the body Surveying products and practices across a half century Stephen Monteiro argues that the appeal is as much about how media devices behave as it is about the information they convey Monteiro traces a symbiotic overreliance a neediness between users and devices fostered by personalized aspects of digital materiality. The physical and emotional bonds that emerge he argues not only cast our devices as loyal companions adaptable to our needs and idiosyncrasies they also facilitate the corporate harvesting of massive amounts of personal data in the name of making technology more friendly intuitive and individualized Raising important questions about privacy and power Needy Media seeks answers in the complex and sensitive relationship between interface and body a coupling that makes the networked object both an essential psychological presence and a lingering concern for our sense of self Western Journal of Education ,1929 **United States Court** of International Trade Reports United States Court of International Trade, Census Bureau, Commerce Department, Judiciary, 2015-06-03 This historical legal reference includes the international trade cases reported with opinions of the Court from January through December 2010 Small businesses mid size to large corporation international trade and compliance office personnel that engage in international trade with their products and services may be interested in this volume as well as their attorneys Students enrolled in Economics of International Trade and Finance courses as well as law courses for Internatioal Trade Law may also be interested in this volume for research papers Other print volumes in the U S Court of International Trade Reports can be found here https bookstore goo gov catalog laws regulations court cases documents us court international trade us court international t Basic Guide to Exporting Official U S Government Resource for Small and Medium Sized Businesses 11th edition can be found here https bookstore gpo gov products sku 003 009 00741 These Ghostly Archives Gail Crowther, Peter K.
