Armand A. Fusco Ed.D., 2025-01-21 SLAVE SCHOOLS WHY ARE BLACK STUDENTS HELD IN BONDAGE OF FAILING SLAVE SCHOOLS Abstract This book is unique because it s two books in one Pt I includes all minorities to 2012 Pt II concentrates on black issues between 2012 to 2024 encompassing the racial agenda known as Critical Race Theory based on past slavery However it omits white slavery that started sooner lasted longer and it was cheaper to buy white slaves than black slaves More striking is that absolutely no mention is made of present day bondage slavery where blacks are required by law to attend failing City Schools Although there have been national and state reforms to close the achievement gap between blacks and whites none had succeeded Among the efforts to do so is to eliminate

meritocracy measurements and without testing there is no gap to measure Another effort is simply to lower standards which 37 states have done Furthermore to hide the problem is introducing a major disruptor that does nothing to improve academic achievement such as the racial agenda that is causing money woes chaos and conflict among parents and school officials In its extreme form the concept is infused in every school subject K 12 requiring indoctrination rather than education That s the real issue causing the conflict The problem is vividly illustrated with on the 2022 NAEP results with 75% of students below proficiency in math and 67% below in reading with blacks at 16% Then followed by test two states the Connecticut Enigma and the simple solution with the Mississippi Miracle Very important is a step by step approach to show what blacks can do to bring pressure on school officials and school boards to close or turnaround failing schools by kneeling and striking When all else fails then do the school board nightmare Diverse educational contexts and research on metacognition and motivation to enhance self-directed learning Bernadette Geduld, Byron J.
