Mesmerism and christian science, by frank podmore Frank Podmore,1909 **Mind Games** Eric Caplan,2001-03-13 Traces the causal paths linking culture the profession and knowledge in the formation of the uses and study of psychotherapy in America at the end of the 19th century *Mesmerism and the American Cure of Souls* Robert C. Fuller,2016-12-15 The story of mesmerism in nineteenth century America is the story of how for the first time a psychological theory arose to meet the everyday religious and intellectual needs of Americans Robert Fuller gives us the first complete history of American mesmerist philosophy He traces its development from an obscure scientific hypothesis to a powerful spiritual philosophy that deeply influenced many of the period s emerging Protestant religious sects He investigates in depth the role of mesmerism in the Mind Cure movement and New Thought and paints for us the cultural land scape existing at a time when thousands of antebellum Americans turned from their churches to the realm of psychology in search of self understanding In the early part of the century mesmerism was for the most part the territory of carnival showmen Itinerant mesmerists during the 1830s placed subjects in trancelike states from which they could divulge the contents of sealed envelopes and describe in detail locales to which they had never traveled Literary figures such as Poe and Hawthorne seized upon mesmerism depicting its workings at their most sinister and diabolical extreme But by midcentury mesmerism was beginning to enter the American consciousness in ways that involved anything but parlor trickery Straddling a fine line between religious myth and scientific philosophy mesmerism s spiritual tenets resonated almost perfectly with important currents in contemporary religious life Universalists Swedenborgians and early spiritualists adopted the doctrine of mesmerism as evidence of man s unity with the Almighty The self made mind cure practitioner Phineas Quimby used mesmeric theory to develop his power of positive thinking a concept that led eventually to the emergence of the Christian Science movement But Fuller shows mind cure cultists such as Quimby also helped transform mesmerism into a kind of self help spirituality Later writers condensed the principles of mesmeric healing into handy maxims that could be assimilated by a popular reading audience Thus *Mesmerism and the American Cure of Souls* presents a paradigmatic instance of the role played by psychology in the American sensibility In addition Fuller s study constitutes a rich and hitherto unexplored chapter in American intellectual history *Christian Science Sentinel* ,1909 **Mesmerism, Hypnotism, Christian Science, & Mind Healing** George Wyld,1898 **The American Catalogue** ,1911 American national trade bibliography *Modern Religious Cults and Movements* Gaius Glenn Atkins,1923 **The Cambridge History of American Literature: Later national literature: pt. III** William Peterfield Trent,John Erskine,Stuart Pratt Sherman,Carl Van Doren,1921 **American Medicine in Transition, 1840-1910** John S. Haller,1981 **The Cyclopedic Review of Current History** ,1900 **Cyclopedic Review of Current History** ,1900 *Encyclopedia of the History of Missouri* Howard Louis Conard,1901 **New Age Religion and Western Culture** Wouter J. Hanegraaff,2018-09-24 Recent years have seen a spectacular rise of the New Age movement and an ever increasing interest in its beliefs and manifestations This fascinating work presents the

first ever comprehensive analysis of New Age Religion and its historical backgrounds thus providing the reader with a means of orientation in the bewildering variety of the movement Making extensive use of primary sources the author thematically analyses New Age beliefs from the perspective of the study of religions While looking at the historical backgrounds of the movement he convincingly argues that its foundations were laid by so called western esoteric traditions during the Renaissance Hanegraaff finally shows how the modern New Age movement emerged from the increasing secularization of those esoteric traditions during the 19th century This ground breaking publication is compulsive reading for all those involved or interested in the New Age movement A.L.A.
