**Limitless Possibilities** Kathleen Walsh,2009-09-24 Each of us has felt the energy shift as the planet transitions into the fifth dimension We have felt time speed up and felt energies that are at times so chaotic and unpredictable that we have been thrown off our usual course Some of us have been rocked to our very core We are asking ourselves what is this and why is this happening We each have chosen to come to earth during this time of great transition We are all here sharing our lives with each other helping Mother

Earth move into the Golden Age the spiritual Age of Aquarius This transition will complete on the date that the Mayan civilization predicted some 26 000 years ago December 21st 2012 There is much work to be done as we realize the need for the shift that must occur in our personal lives so that we can be in sync with the new fifth dimensional energy on this planet As our world resets itself so too must we reset ourselves What this means to each of us is that it is time to understand the meaning of how to live more fully in the fifth dimension Each of us must identify where we currently stand and where we need to go in order to experience the wonderment of fifth dimensional living Why Many of us may be existing as a two or a three dimensional person The energies that sustain those dimensions no longer exist on this planet So the old ways of thinking or operating that produced success at one time no longer exist It is now necessary for us if we are to exist in harmony with our planet to transition as well If we choose not to transition then frustration and anger will become paramount in our lives The choice is up to us To live in the fifth dimension is not only to experience the energy of magic and miracles but to learn that we can create all the perfection we desire in our lives by simply shifting our thinking into fifth dimensional thinking We are able to see the perfection where formerly we saw the illusion of imperfection This new vantage point allows us to become the center of our own reality and easily navigate through difficult individuals and challenging events while maintaining a state of balance and harmony We are then able to turn possibilities into probabilities and probabilities into actualities This journey begins with describing and identifying all of the unseen but certainly not unfelt influences in our lives that have been given to each of us to help us live our life on earth in the best and easiest manner possible Each reader will be able to identify their birthright gift as well as the other gifts available to tap into and expand one's energy thereby allowing this innate knowledge to grow and develop All of the necessary techniques and tools are explained in detail in this book so that you can easily make the transition from your current dimension into the fifth dimension allowing you to create a new future You are able to learn and make friends with each of your bodies of consciousness and their respective inner child and together you begin a journey of healing You as parent of these inner children learn how to set the stage and the rules so that everyone is playing by the same playbook You learn that you may win as a team or you may lose as a team but you are all on the same team working together to achieve that balance that allows you to maintain your newly found center By removing fears one by one each of us can transition from a place of fear into a place of love learning to live from the heart As we work towards this goal we isolate and identify the negative emotions that have been growing and harvesting within These negative emotions equate disease This book is your guide to help acknowledge these fears recognize and release them one by one creating a new you a lighter you We then experience a new energy a more evolved energy a higher vibrating energy as we invite the energy of excellent health and balance into our bodies It is here that *Eternal Perspectives* Randy Alcorn, 2012 Pulling from such noted authors scholars and theologians as C S Lewis Charles Spurgeon Jonathan Edwards Martin Luther Augustine Max Lucado Philip Yancey and countless others *Eternal Perspectives* is the

ultimate resource for anyone looking for inspirational quotes and passages on the topic of Heaven      *Sacred Space* Dan Kimball, 2010-01-05 In a culture where teenagers are growing up inundated with images experiences and media that moves and changes at the speed of light it s no wonder many of them learn better when they re doing something not only listening to someone talk to them So rather than stand up front and only use words to teach about Jesus calling the disciples to be fishers of men o why not provide an experience that incorporates the idea of fishing Using simple things like an inflatable boat and goldfish crackers can turn the old storyo into something new that your students think of every time they snack on a goldfish cracker or see a boat It turns the lesson into an experience Sacred Space provides dozens of ideas to help students engage in scripture and apply the lesson to their own lives Whether you re looking to teach a biblical theme the life of Christ or a gospel passage or even when celebrating holidays you ll find step by step instructions to create the space and experience necessary to draw your students into the story Through art listening writing and multi sensory prayer stations your students will experience God s Word in a whole new way This is more than a toolbox for your ministry it s a holistic way to approach teaching and communicating God s Word Authors Dan Kimball and Lilly Lewin bring their years of experience developing these kinds of experiences in youth group settings and churches In addition to worship experiences on the life of Christ you ll find ideas for teaching on The life of David Women of the Bible The Sermon on the Mount Justice The Gospel of Luke Advent Christmas Lent Easter And more Use these ideas in your typical gathering to enhance the teaching and musical worship or develop these experiences into a special event or a new unique service without singing or teaching Inside you ll find everything you need except the actual supplies to create experiences that can transform the way your students encounter God and help them engage in and learn from the Bible in more meaningful ways      [Trouble on the Blue Planet](#) Richard T. Edison, 2012 The adventure begins with the true story of 15 year old Derek who has a brush with death and a chance encounter that introduces him to an unseen cosmic conflict He sees what the forces of evil have done in the past and what the future holds Trouble on the Blue Planet is an engaging way to share end time truths with both the young and the not so young      **Heaven, Earth, & Humankind: Three Spheres, Three Light Cycles, Three Modes** William Wadsworth, 2015-04-23 Heaven Earth and Humankind Volumes I through IV was inspired by a dream in which I witnessed the collision of two worlds one red and one green the red cube was the dragon of Chinese Medical Philosophy the green globe was the holistic cosmos that I already knew well through tropical astrology The outcome of this dream was this book that integrates the two systems and illuminates the core they share Behind every aspect of human experience we find the influence of light and darkness both as a reality and metaphor Three great cycles of light and darkness govern experience the seasonal cycle the waxing and waning of the moon and the emergence and retreat of daylight These three cycles connect directly to the triune principle in Chinese philosophy that differentiates three aspects of human endeavor spirit body and social life Heaven and earth seem to form a polarity When they interact they produce all the multifarious form of life near the

surface of the earth The whole ever remains a unity Heaven floods the earth with both solar and celestial energy The earth responds to that influx by producing living forms on its surface The horizon line of the celestial chart symbolizes this plane where energy and matter interact From this we can assess where a persons focus is and how they balance the three different aspects of human experience Human beings are the finest expression of heaven and earth if and only if we harmonize with the great cycles of light In Volume IV I connect this core wisdom from Chinese sages with the astrological idea of the three modes of tropical astrology This volume continues the holistic and cyclic approach to astrology developed in the previous three volumes and culminates in a detailed description of the effect of the Sun Moon or Horizon in each zodiac sign Each sign has a mode and the mode has affinity either with heaven and the sun earth and the moon or the ascendant and human affairs The mutable signs are aligned with the sphere of the ecliptic and the mutable mode Heaven Earth and Humankind maps a path to understanding why astrology works in terms that anyone can understand The operative power of astrology is the three light cycles as all the ancients understood We have lost the wisdom but that lost wisdom is recovered somewhat in this valuable book How is our human experience connected to the greater life of the cosmos Our answer depends on our degree of self realization and we cannot truly know ourselves unless we understand how we feel and react to the cycles of heaven This book brings some traditional wisdom into focus to help us with these fundamental questions about how to live well
