The Message of the Rainsnow J. Rainsnow, 2002-02-05 THE MESSAGE OF RAINSNOW a book which stands by itself is the inspirational and practical sequel to THE JOURNEY OF RAINSNOW While the first book presented an esoteric chronicle filled with insights for our times THE MESSAGE OF RAINSNOW crystallizes the unfolding consciousness of THE JOURNEY into a pragmatic blueprint for achieving global transformation As many other books it upholds the values of community spirituality and respect for nature seeing in these elements the pillars of our collective salvation Unlike other books however this one seeks not only to promote these invaluable ideals but to build a concrete bridge from where we are now to where we must go to the new world of the future in which these cherished but distant ideals will finally become reality Most importantly of all THE MESSAGE OF RAINSNOW seeks to awaken and to create the living people who will become the embodiment of these indispensable ideals the advanced guard of our world's march to life It is a journey and a privilege which begins by reading this book On Sacred Ground Nicholas

O'Connell, 2011-10-01 On Sacred Ground explores the literature of the Northwest the area that extends from the Pacific Ocean to the Rocky Mountains and from the forty ninth parallel to the Siskiyou Mountains The Northwest exhibits astonishing geographical diversity and yet the entire bioregion shares a similarity of climate flora and fauna For Nicholas O'Connell the effects of nature on everyday Northwest life carry over to the region's literature Although Northwest writers address a number of subjects the relationship between people and place proves the dominant one and that has been true since the first tribes settled the region and began telling stories about it thousands of years ago Indeed it is the common thread linking Chief Seattle to Theodore Roethke Narciissa Whitman to Ursula K Le Guin Joaquin Miller to Ivan Doig Marilynne Robinson to Jack London Betty MacDonald to Gary Snyder Tracing the history of Pacific Northwest literary works from Native American myths to the accounts of explorers and settlers the effusions of the romantics the sharply etched stories of the realists the mystic visions of Northwest poets and the contemporary explosion of Northwest poetry and prose O'Connell shows how the most important contribution of Northwest writers to American literature is their articulation of a more spiritual human relationship with landscape Pacific Northwest writers and storytellers see the Northwest not just as a source of material wealth but as a spiritual homeland a place to lead a rich and fulfilling life within the whole context of creation And just as the relationship between people and place serves as the unifying feature of Northwest literature so also does literature itself possess a perhaps unique ability to transform a landscape into a sacred place Grateful Heart, The:

Living the Christian Message Wilkie Au, Noreen Cannon Au, 2014-05-14 Integrating the findings of modern psychology and traditional Christian spirituality this book presents a spirituality of gratitude that can guide contemporary Christians in living with an expanded awareness of how grace abounds everywhere as well as the personal and cultural hurdles that stand in the way of being grateful

The Collected Poems of Ted Berrigan Ted Berrigan, 2007-03-21 Comfortably intimate classically adroit in its formal wit and invention altogether unique yet in no way excluding this meticulously edited edition of a master poet's collected works gives us the defining bridge from the New American Poetry of the 50s to that poetry now contemporary on both coasts and in all conditions No one ever recognized the people with whom he lived more particularly than did Ted Berrigan and no one ever brought them home to a reader with such unaggressive and persistent power This is a great great book for all seasons of the mind and heart Robert Creeley Ted Berrigan was a leader of the New York School his crazy energy embodied that movement and the city itself It is wonderful to have his Collected Poems in print John Ashbery A comprehensive and carefully chronicled volume that puts Ted Berrigan in historical context as one of the most influential poets of his generation His poems deft light definitely humorous irreverent poignant marvelous and tough The truth doing its work the great man doing the ordinary thing with a quick ear and a quick tongue revealing the personal in the universal He gives you his full attention about to be born again thinking of you Joanne Kyger In a life devoted to experimental art Ted Berrigan shaped his poetry and the space he occupied with a bold artistry based on his playful but powerfully skeptical view of the world He wondered what might actually be captured within the pages of a book but The Collected Poems allows us to again enjoy Ted Berrigan's delightfully demanding presence Lorenzo Thomas A singular balance of personal historical vision and sentiment both sweet and sour developed within the fractured verbalism of the late twentieth century found lyric creates in Ted Berrigan's poems the unique colors of a particularly lived and still intensely living ensemble of moments Tom Clark author of *Late Returns A Memoir of Ted Berrigan* Some people are just more real than others I don't know another way to say it Ted Berrigan is totally real and he has fashioned an important sound for all of us to listen to He put it all together just before everyone else in his time our time got going America is lucky to count him as one of its great poets Peter Gizzi

Adverse Genres in Fernando Pessoa K. David Jackson, 2010-09-30 Poet short story writer feverish inventor Fernando Pessoa was one of the most innovative figures shaping European modernism Known for a repertoire of works penned by multiple invented authors which he termed heteronyms the Portuguese writer gleefully subverted the notion of what it means to be an author Adverse Genres in Fernando Pessoa offers an introduction to the fiction and the profusion of selves that populates the enigmatic author's uniquely imagined oeuvre To guide readers through the eclectic work fashioned by Pessoa's heteronyms K David Jackson advances the idea of adverse genres revealing genre clashes to be fundamental to the author's paradoxical and contradictory corpus Through the invented coterie of authors Pessoa inverted the usual relationships between form and content authorship and text In an inspired paradoxical and at times absurd mixing of cultural referents Pessoa selected genres from the

European tradition Ricardo Reis's Horatian odes Ivaro de Campos's worship of Walt Whitman Alberto Caeiro's pastoral and metaphysical verse and Bernardo Soares's philosophical diary into which he inserted incongruent contemporary ideas By creating multiple layers of authorial anomaly Pessoa breathes the vitality of modernism into traditional historical genres extending their expressive range Through examinations of A Very Original Dinner the Cancioneiro love letters to Ophelia Queir's The Adventure of the Anarchist Banker Pessoa's collection of quatrains derived from Portuguese popular verse the Book of Disquietude and the major poetic heteronyms Jackson enters the orbit of the artist who exchanged a normal life for a world of the imagination
