His name was Vladislav Kuznetsov and he had been a twenty one year old student at Mount Harwell College in Mount Harwell Ohio On a Friday afternoon March 24 2001 he succumbed to a sudden attack of spring fever and cut his classes for a stroll in a public park near the campus Even after fifty years and several hundred centuries he remembered it as vividly as though it had happened an hour before It was a warm fresh day with a promise of spring the first really pleasant day of the year after the usual vagaries of a midwest winter He strolled leisurely through the park thinking with shameless delight of the stuffy classrooms he was avoiding Eventually he seated himself on a patch of greening grass with a convenient tree to lean against and enjoyed the soft breeze and the peaceful surroundings while he absently whittled on a twig he had picked up He felt sleepy Probably he dozed off Then came a tremendous jerk like having a chair pulled from under him at the same instant that a truck hit him and he almost lost consciousness He landed with a painful bump and skidded for a short distance along a very rough wood floor For a moment he sat gazing about him dazedly He had been abruptly translated from his seat on the ground in a pleasant park on a lovely spring day to a seat on a wood floor in a large dim room with a thunderstorm raging outside He had a distinct impression that the two scenes had been linked by an earthquake He tried hard to focus his thoughts staring first at a table where a candle burned brightly and then at an animal tied to one of the table s legs by a short leash It was a hairy pig He raised his eyes to the room s two small water streaked windows and saw nothing beyond but branches swaying in a strong wind

Monument Lloyd Biggle Jr.,2012-08-28 Monument is a science fiction novel about destructive tourism a serious subject but as usual with Biggle handled in a lighter vein and at times frankly humorous A classic science fiction novel from the author of ALL THE COLORS OF DARKNESS *The Amazing Sidekick* krushandkill,2023-08-26 Jack Snyder suffered a huge car accident Time went by and he heard a girl s voice calling Nozomu Shinchaku Jack slowly opened his eyes and an unknown girl was crying in front of him but everything about her was wrong Long blue hair yellow eyes cat ears instead of

normal Human ears Jack glanced at her hand and saw sharp and long fingernails caressing his face A fluffy blue tail was trembling behind her signalling her worries Jack saw a pool of blood on the ground near a rock and he had a big bandage on his head Strangely his soul travelled to a young boy s body that judging by the pool of blood died because of that rock Now he has to learn how to live in a strange Magical World as the Human teenager Nozomu Shinchaku that strangely can t use Magic and Magic has no effect on him

Definition of sidekick A sidekick is someone who goes with the main lead on their adventures If he is a superhero the sidekick helps fight crime Sometimes this word signifies an imbalance of power and it implies that the sidekick is less powerful than the main lead Sidekick is one of the most effective forms of attack in a street fight Hard kicks especially to the knee can take a larger opponent down or at least blow out his balance leaving him vulnerable to follow up shots

Ordeal by Terror Lloyd Biggle Jr.,2013-08-05 The top drawer of the second cabinet felt empty as she began to pull it open but she never saw its interior The floor dropped from under her As she fell she clutched wildly at the handle of the cabinet s drawer but her grip had been too loose It slipped through her fingers and for an instant she fell into nothingness Then she landed on a steep incline of smooth metal Her feet hit first and instantly shot out from under her and she fell backward with a thud that stunned her She caught a glimpse of a trap door closing over her head as she slid rapidly down the incline into darkness

A Z Publications has provided Adelle Gernyan with a great salary and office but the mundane work assigned her doesn t merit such treatment Annoying colleagues spying maintenance men and a mysterious boss add to the puzzle of her strange job Adelle s boredom changes to terror when she is trapped under her office building with her fellow employees Subjected to hunger sleep deprivation deadly traps and the horrors of armed attack Adelle doesn t know that she has become part of a vicious experiment on the human mind labeled only as The Telo um Test a test with death as its final grade This is a gripping suspense story from an acknowledged master of mystery and science fiction
