Olsson, 2013-10-10 Why does interrogation silence its object and not make it speak Silence vs speech is a central issue in classical and modern literary works This book studies literary representations of the power relations in which we are forced to speak using a range of texts ranging from the modern crime novel via classics to avant garde plays

**The Fictional Christopher Nolan** Todd McGowan, 2012-09-01 This analysis of the role of fiction in the films of Christopher Nolan is unassumingly brilliant and surgically incisive Psychoanalysis Culture and Society From Memento and Insomnia to the Batman films The Prestige and Inception lies play a central role in every Christopher Nolan film Characters in the films constantly find themselves deceived by others and are often caught up in a vast web of deceit that transcends any individual lies The formal structure of a typical Nolan film deceives spectators about the events that occur and the motivations of the characters While Nolan s films do not abandon the idea of truth altogether they show us how truth must emerge out of the lie if it is not to lead us entirely astray The Fictional Christopher Nolan discovers in Nolan s films an exploration of the role that fiction plays in leading to truth Through close readings of all the films through Inception Todd McGowan demonstrates that the fiction or the lie comes before the truth and this priority forces us to reassess our ways of thinking about the nature of truth Indeed McGowan argues that Nolan s films reveal the ethical and political importance of creating fictions and even of lying Nolan is the first filmmaker to devote himself entirely to the fictionality of the medium and McGowan discloses how Nolan uses its tendency to deceive as the basis for a new kind of philosophical filmmaking aligning Nolan s films with Hegel s philosophy The most important work to date on Christopher Nolan A thrill to read Hugh S Manon Associate Professor and Director of Screen Studies Clark University

**The Corporeal Turn** John Tambornino, 2002 In The Corporeal Turn political theorist John Tambornino offers a thorough rethinking of ethical and political theory by emphasizing human embodiment and the primacy of passion and need in response to the neglect of these matters in much of contemporary thought Tambornino calls for a corporeal turn or as he explains sustained attention to human embodiment something that is often occluded when priority is given to reason or language Working through a diverse set of thinkers exploring such themes as necessity and freedom need and desire nature and convention and public and private and noting vivid instances of politicized embodiment Tambornino takes seriously Nietzsche s claim that philosophy has largely been an interpretation and misunderstanding of the body The result is nothing less than a new orientation to ethical and political theory one that

appreciates the complex relations of language politics culture and corporeality and a powerful intervention into those domains

**Filmmaker's Philosopher** DeBlasio Alyssa DeBlasio, 2019-09-27 Known as the Georgian Socrates of Soviet philosophy Merab Mamardashvili was a defining personality of the late Soviet intelligentsia In the 1970s and 1980s he taught required courses in philosophy at Russia's two leading film schools helping to educate a generation of internationally prolific directors Exploring Mamardashvili's extensive philosophical output as well as a range of recent Russian films Alyssa DeBlasio reveals the intellectual affinities amongst directors of the Mamardashvili generation including Alexander Sokurov Andrey Zvyagintsev and Alexei Balabanov This multidisciplinary study offers an innovative way to think about film philosophy and the philosophical potential of the moving image

**Superheroes and Identities** Mel Gibson, David Huxley, Joan Ormrod, 2016-03-22 Superheroes have been the major genre to emerge from comics and graphic novels saturating popular culture with images of muscular men and sexy women A major aspect of this genre is identity in the roles played by individuals the development of identities through extended stories and in the ways the characters inspire audiences This collection analyses stories from popular comics franchises such as Batman Captain America Ms Marvel and X Men alongside less well known comics such as Kabuki and Flex Mentallo It explores what superhero narratives can reveal about our attitudes towards femininity race maternity masculinity and queer culture Using this approach the volume asks questions such as why there are no black supervillains in mainstream comics how second wave feminism and feminist film theory may help us to understand female comic book characters the ways in which Flex Mentallo transcends the boundaries of straightness and gayness and how both fans and industry appropriate the sexual identity of superheroes The book was originally published in a special issue of the Journal of Graphic Novels and Comics

**The Infrahuman** Noam Pines, 2018-07-11 The Infrahuman explores a little known aspect in major works of Jewish literature from the period preceding World War II in which Jewish writers in German Hebrew and Yiddish employed figures of animals in pejorative depictions of Jews and Jewish identity Such depictions are disturbing because they sometimes rival common anti-Semitic stereotypes and have often been explained away as symptoms of Jewish self-hatred In this book Noam Pines shows how animality emerged in Jewish literature not as a biological or conceptual category but as a theological figure of exclusion from a state of humanity and Christianity alike By framing the human animal question in theological terms rather than in racial biological terms writers such as Heinrich Heine S Y Abramovitsh Hayim Nachman Bialik Uri Zvi Greenberg Franz Kafka S Y Agnon and Paul Celan subjected the pejorative designations of Jewish identity to literary elaboration and to philosophical negotiation
