**Live Your Dreams... Let Reality Catch Up** Roger Ellerton, 2010-12-15 This book does not pretend to know what is best for you nor will it tell you how to live your life It is a Toolkit for Transformation the Life Manual you didn't get when you were born It's all about recognizing you have choice you are always choosing You have the choice of continuing to do what you have always done and get the same results or you can choose to do something different

**Collage Quest** Donna L. Thompson, 2015-11-13 Come voyage through lost roots of the multi dimensional artistry of collage This seemingly simple method leads you on an adventure of self discovery developing your innate abilities for shapes shifting using paper scissors and glue Author and artist Donna Thompson shares her wisdom and stories as she leads you on a journey through time From caves of old to collaging in your own home this colorful adventure is an in depth exploration of humanity's ancient connections to making art This triple layered approach is actually three books in one It begins by guiding you through the mystical Doorway of Color where you learn the Celtic ways of sensing gathering and envisioning with images Next comes the Doorway of Ceremonies where you unearth indigenous ways of communing with collage And finally the Doorway of Dreams leading to the most ancient ways of remembering who you truly are Learning to quest with collage is all about playing with colors signs and synchronicity It is also a metaphor for

the ongoing journey of each human life You are invited to come along in search of multi hued elements to weave into an ever unfolding landscape of your own design Collage Quest is a guide for tracing these deep roots and translating them into modern day materials and language It is a unique and powerful 21st century tool of co creation [www HealingInteriors com](http://www.HealingInteriors.com)

**The NLP Cookbook** Fran Burgess,2011-11-16 The NLP Cookbook is a veritable smorgasbord of NLP and related techniques gleaned from some of the greatest names in the field and adapted to provide an encyclopaedic resource for all therapists coaches change agents or health professionals Fran Burgess uses the metaphor of cooking to describe the process of bringing together the best ingredients in NLP and selecting them carefully in order to produce some mouth watering results The recipes are grouped into sections depending on their purpose Quite a few focus on how to shift state with some of these targeting specific states like acceptance and anxiety These are followed by recipes that seek to develop behaviours and skills and others that address beliefs and identity There is then a wide range to choose from which deal with goals relationships and the process of change The beauty is that most of them can be used time and again for different circumstances and contexts so they never wear out Each recipe is prefaced by an introduction giving you some background to its source and evolution You are provided with its ingredients should you be interested in its engineering plus timings and materials required and if it is suitable for working solo or with a partner Novice cooks can follow the recipes slavishly whereas those with more experience can adapt a recipe adding a little something here removing a little something there This is not magic They understand the chemistry that underpins the cooking process They know what happens when you put this with that now or later

*Law, Technology and Cognition* Hayleigh Boshier,2019-11-04 This book considers a new approach to online copyright infringement Rather than looking at the subject within a purely technological context it provides legal analysis from a human perspective This book highlights that there are three key instances in which the capacity of a human mind intersects with the development of copyright regulation 1 the development of copyright statutory law 2 the interpretation of the copyright statutory law the judiciary and 3 human interaction with new technology Using a novel framework for constructing digital perspectives the author Dr Hayleigh Boshier analyses the laws relating to online copyright infringement She provides insights into why the law appears as it does shedding light on the circumstances of how it came to pass and demonstrates a clear malfunction in the interpretation and application of copyright law to online activities that derives from the disconnect between the technological and the human perspectives The book proposes putting the human element back into copyright analysis to enable the return of reason where it has been lost and provide a clearer more consistent and fair legal regulation of online copyright infringement *Law Technology and Cognition The Human Element in Online Copyright Infringement* will be of interest to students academics researchers as well as practitioners
