Metaphysical Delusion:

Metaphysical Delusion Fraser Cowley, 1991 No Marketing Blurb **The "spiritual" Delusion** Dyer Daniel Lum, 1873

The Paradoxes of Delusion Louis A. Sass, 2018-08-06 Insanity in clinical practice as in the popular imagination is seen as a state of believing things that are not true and perceiving things that do not exist Most schizophrenics however do not act as if they mistake their delusions for reality In a work of uncommon insight and empathy Louis A Sass shatters conventional thinking about insanity by juxtaposing the narratives of delusional schizophrenics with the philosophical writings of Ludwig Wittgenstein **On Delusion** Jennifer Radden, 2010-09-13 Delusions play a fundamental role in the history of psychology

philosophy and culture dividing not only the mad from the sane but reason from unreason Yet the very nature and extent of delusions are poorly understood What are delusions How do they differ from everyday errors or mistaken beliefs Are they scientific categories In this superb panoramic investigation of delusion Jennifer Radden explores these questions and more unravelling a fascinating story that ranges from Descartes s demon to famous first hand accounts of delusion such as Daniel Schreber s *Memoirs of My Nervous Illness* Radden places delusion in both a clinical and cultural context and explores a fascinating range of themes delusions as both individually and collectively held including the phenomenon of folies deux spiritual and religious delusions in particular what distinguishes normal religious belief from delusions with religious themes how we assess those suffering from delusion from a moral standpoint and how we are to interpret violent actions when they are the result of delusional thinking As well as more common delusions such as those of grandeur she also discusses some of the most interesting and perplexing forms of clinical delusion such as Cotard and Capgras Metaphysics and Mystery

Thomas Dean, 2019-07-15 *Metaphysics and Mystery* The Why Question East and West is a critical analysis comparison and evaluation of philosophical answers Western and Asian to the question Why is there something rather than nothing The question first posed by the 17th C philosopher Leibniz was reintroduced in the 20th C by Heidegger Volume One begins with an introduction that lays out the issues raised by the Why question It then analyzes contemporary Western philosophers who provide either cosmological metaphysical or existential ontological answers to the question It also considers transitional answers that bridge the two Volume Two examines Asian philosophers classical and contemporary who though rejecting the assumptions behind the question put forward nondualist answers that have a direct bearing on it It concludes with an argument for a revised understanding of the Why question that draws on the strengths and weaknesses of these Western and Asian philosophies and explores implications for ethics and religious thought *If Billy Sunday Comes to Town - Delusion as*

a Religious Experience? Cor Arends, 2014 This book explores how religious delusion can be acknowledged as a religious experience In addition the book presents a detailed case study of the life of Presbyterian minister Anton T Boisen 1876 1965 his crises and the religious delusion that brought him to the brink of the abyss after the trauma he experienced during World War I Back cover **Kant's Doctrine of Transcendental Illusion** Michelle Grier, 2001-02-05 This major study of Kant

provides a detailed examination of the development and function of the doctrine of transcendental illusion in his theoretical philosophy The author shows that a theory of illusion plays a central role in Kant s arguments about metaphysical speculation and scientific theory Indeed she argues that we cannot understand Kant unless we take seriously his claim that the mind inevitably acts in accordance with ideas and principles that are illusory Taking this claim seriously we can make much better sense of Kant s arguments and reach a deeper understanding of the role he allots human reason in science **Metaphysics**

and the Origin of Species Michael T. Ghiselin,1997-07-10 This sweeping discussion of the philosophy of evolutionary biology is based on the author s revolutionary idea that species are not kinds of organisms but wholes composed of organisms individuals in the broadest ontological sense Although the book s primary focus is on species and speciation it deals with a wide variety of other fundamental units and basic processes and provides a reexamination of the role of classification in biology and other sciences In explaining his individuality thesis Michael T Ghiselin provides extended discussions of such philosophical topics as definition the reality of various kinds of groups and how we classify traits and processes He develops and applies the implications for general biology and other sciences and makes the case that a better understanding of species and of classification in general puts biologists and paleontologists in a much better position to understand nature in general and such processes as extinction in particular **A Democratic Theory of Truth** Linda M. G. Zerilli,2025-04-25 A critique

of the concept of truth presupposed by the post truth debate and a bold new vision for a more pluralistic citizenry We say that we live in a post truth era because disinformation threatens our confidence in the existence of a shared public world Affirming objective truth may therefore seem necessary to save democracy According to political theorist Linda M G Zerilli such affirmation can stifle political debate and silence dissent In fact Zerilli argues that the unqualified insistence on objective truth is as dangerous for democracy as denying it Drawing on Arendt Foucault and Wittgenstein A Democratic Theory of Truth challenges the concept of truth presupposed by the post truth debate It argues that we the people have an essential role in discovering and evaluating any truth relevant to the political realm The result is a striking defense of plurality dissent and opinion in contemporary democratic societies **Spiritual Delights and Delusions** Steve

Posner,2008-05-23 While spiritual delusions lure us into thinking that enlightenment brings the elimination of all suffering spiritual realism helps us love the world as it is Steve Posner links his personal experiences with spiritual wisdom from all over the world in order to reveal a reliable path toward a more realistic spirituality Charting a course that can be followed by anyone of any faith or even of no particular faith this book is a guide for imperfect people who seek enlightenment in an imperfect world *A Debate Between Rev A. Campbell and Rev. N. L. Rice* Alexander Campbell,1844 **Shimmering**

Hindu Advaita Vedānta Kashmiri aivism Sufi wahdat al wujūd and Madhyamaka Buddhism the metaphysics of salvation in Buddhist and Christian traditions and the metaphysics of evil and the distinction between Reality and Appearance in the Jewish Kabbalah aivism Christian mysticism and the Sufi school of Ibn al Arab The book explores how a discerning and subtle apprehension of the relationship between Reality and Appearance may help contemporary readers and seekers respond to the acute predicaments of contemporary religious and spiritual consciousness *Lyric and Liberalism in the Age of American Empire* Hugh Foley, 2022 *Lyric and Liberalism in the Age of American Empire* re-examines the work of Elizabeth Bishop Robert Lowell Amiri Baraka John Ashbery and Jorie Graham changing our understanding of their writing and the field of post-war American poetry , **Letters Lectures and Reviews Including the Phrontisterion** Henry Longueville Mansel, 2025-08-22 Reprint of the original first published in 1873 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Ethics of Capitalism and Critique of Sociobiology* Peter Koslowski, 2013-03-14 The book has two subjects first the ethical theory of the economic order and secondly the critique of sociobiology and its theory of evolution The first part the ethics of capitalism analyzes the rise of capitalism and the business ethics and moral theory of a capitalist economic order in a perspective from philosophy and economics The second part a critique of sociobiology gives a philosophical assessment of sociobiology's contribution to the theory of the economy and society and of its impact for metaphysics and a general world view James M Buchanan Nobel prize winner in economics discusses the first part of the book in his comment *The Morality of Capitalism* *The Sociological Review* , 1914 *Walter Benjamin* Terry Eagleton, 2024-11-26 From our finest radical literary analyst a classic study of the great philosopher and cultural theorist *Poetics of Self and Form in Keats and Shelley* Mark Sandy, 2017-03-02 Beginning with a reassessment of contemporary romantic studies this book provides a modern critical comparison of Keats and Shelley The study offers detailed close readings of a variety of literary genres including the romance lyric elegy and literary fragment adopted by Keats and Shelley to explore their poetic treatment of self and form The poetic careers of Keats and Shelley embrace a tragic affirmation of those darker elements latent in the earlier writings to meditate on their own posthumous reception and reputation Fresh readings of Keats and Shelley show how they conceive of the self as fictional and anticipate Nietzsche's modern theories of subjectivity Nietzsche's conception of the subject as a site of conflicting fictions usefully measures this emergent sense of poetic self and form in Keats and Shelley This Nietzschean perspective enriches our appreciation of the considerable artistic achievement of these two significant second generation romantic poets *Community, A Sociological Study* Robert M. MacIver, 2022-01-26 First published in 1917 this work seeks to be an introduction to the concept of community the term which best expresses the object which social science as such endeavours to study it is in community the common life that the interests represented by the specific social sciences are bound together made integral and thus amenable to a more
