- Metaphysical poem is lyrical poem of 17<sup>th</sup> century.
- The word “*meta*” means *beyond*, and “physics” means science of concrete things. So, metaphysics means a subject that deals with things, which do not have concrete shape.

**The Varieties of Metaphysical Poetry** T. S. Eliot, 2014-03-11 The famed series of Trinity College and Johns Hopkins lectures in which the Nobel Prize winner explored history poetry and philosophy While a student at Harvard in the early years of the twentieth century T S Eliot immersed himself in the verse of Dante Donne and the nineteenth century French poet Jules Laforgue His study of the relation of thought and feeling in these poets led Eliot as a poet and critic living in London to formulate an original theory of the poetry generally termed metaphysical philosophical and intellectual poetry that revels in startlingly unconventional imagery Eliot came to perceive a gradual disintegration of the intellect following three metaphysical moments of European civilization the thirteenth seventeenth and nineteenth centuries The theory is at once a provocative prism through which to view Western intellectual and literary history and an exceptional insight into Eliot s own intellectual development This annotated edition includes the eight Clark Lectures on metaphysical poetry that Eliot delivered at Trinity College in Cambridge in 1926 and their revision and extension for his three Turnbull Lectures at Johns Hopkins University in Baltimore in 1933 They reveal in great depth the historical currents of poetry and philosophy that shaped Eliot s own metaphysical moment in the twentieth century

The Notion of Turning in Metaphysical Poetry Carmen Dörge, 2018 In Metaphysical Poetry there is an emphasis on religious experience which often touches on diverse kinds of turning Among

them are religious conversion a turn to God spatial movement turning in space divine transformation turning from one kind into another musical tuning turning as a requisite for harmony and circular turning Moreover there is a strong link between turning and its realisation through the language of the poems Focusing on John Donne and George Herbert this study explores various aspects of turning as well as their interrelation Dissertation Series Religion and Literature Religion und Literatur Vol 7 Subject Poetry *John Donne and the Metaphysical Poets* Harold Bloom, 2010 Presents a collection of critical essays about the works of John Donne and other metaphysical poets **Metaphysical Poetry** Paul Negri, 2002-08-26 Includes such masterpieces as Donne's Death Be Not Proud Marvell's To His Coy Mistress plus works by George Herbert Henry Vaughan Richard Crashaw Francis Quarles and others Includes 2 selections from the Common Core State Standards Initiative **The Revival of Metaphysical Poetry** Joseph Ellis Duncan, 1959 The Revival of Metaphysical Poetry was first published in 1959 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions The metaphysical style as expressed in its most distinguished and distinguishable form by the seventeenth century poet John Donne has had an increasing influence on latterday critics and poets Thus it is important to an understanding of literary history to examine this revival Professor Duncan traces the movement and analyzes changing interpretations of the style in the work of British and American poets and critics He shows that much of the new criticism and the metaphysical poetry of T S Eliot and that of the metaphysical style has thrived on fresh critical interpretation and vital poetic experimentation **The Making of T.S. Eliot** Joseph Maddrey, 2009-05-13 This chronological survey of major influences on T S Eliot's worldview covers the poet's spiritual and intellectual evolution in stages by trying to see the world as Eliot did It examines his childhood influences as well as the literary influences that inspired him to write his earliest poetry his life as an American expatriate living in London from 1915 to 1930 including his ill fated marriage and his intellectual engagement with the literary traditions of his new country and the ways in which his intellectual pursuits fostered a spiritual rebirth that simultaneously reflected his past and revealed his future demonstrating how the early Romantic revolutionary became a staunch defender of tradition **Eight Metaphysical Poets** Jack Dalglish, 1961 Collection of works by Donne Herbert Carew Crashaw Vaughan King Marvell and Cowley with biographical sketches criticism and notes **The Metaphysical Poets** David Reid, 2014-06-11 The Metaphysical Poets provides an introduction to the work of six strikingly various and original poets Donne Herbert Crashaw Vaughan Marvell and Traherne By closely examining how the poems work the book aims to help readers at all stages of proficiency and knowledge to enjoy and critically appreciate the ways in which fantastic and elaborate styles may express private intensities The emphasis is on the differences covered by the term Metaphysical and on the rich and strange diversity of the poets inner lives The book examines the expressive forms of interiority the characteristic inward turn of Metaphysical wit and compares the wit of its six poets with the non introspective wit of poets such as Cowley the Cavaliers and the Augustans The discussion

of each poet is preceded by a Life in which the biographical facts personal cultural and political are treated with a view to illuminating the concerns of the poems

**John Donne's Metaphysical Love Poetry** Sabine Strebel, 2019-03-25 Seminar paper from the year 2018 in the subject Didactics for the subject English Literature Works grade 2.0 Johannes Gutenberg University Mainz language English abstract Most people would think of Shakespeare if they were asked for the most famous poet of the Elizabethan era He invented the Shakespearean Sonnet after all which is probably the only type of Renaissance poem German students have to read during their school career However Shakespeare was not the only author of sonnets during this time Someone who deserves just as much acknowledgement in this area is John Donne who had an especially meteoric comeback in 1921 due to the publication of Eliot's essay The Metaphysical Poets Roland Greene an editor for the Princeton Encyclopedia of Poetry and Poetics shows in the encyclopedia that many scholars actually consider Donne to be one of the greatest poets in the English language His work focused on themes of love and devotion both the physical and spiritual kinds The latter can be also found in his poem A Valediction Forbidding Mourning In this poem Donne describes a situation every person who has fallen in love can relate to the lovers face an upcoming farewell Although the poem was written around 400 years ago it still addresses issues that can be found in several poems songs or other stories of our time Maybe it would be too easy to compare Donne's metaphysical love poetry to a current pop song since he elaborates this valediction with something resembling a catchy refrain a series of four metaphysical conceits where he unleashes all his rhetorical cleverness as Greene calls it What the title suggests and what also emerges upon a first reading is that the speaker wishes to forbid any mourning about the parting of the two lovers They appear strong and well prepared since their love outshines the love of dull sublunary lovers 13 But after further reflection and rereading the poem the reader can deduce that the speaker is trying to cover up his worries and fears over the

parting Bauman raises the question of whether the last three stanzas in Donne's poem serve as a doubting promise that the speaker will return and a plea for the woman's continued faith      From Physics to Metaphysics: Philosophy and Allegory in the Critical Writings of T. S. Eliot Fabio L. Vericat, Fabio L. Vericat Pérez-Mínguez, 2004 Antes de dedicarse por completo a la literatura T S Eliot fue un serio estudiante de filosofía Este estudio pretende determinar la importancia de este hecho en su desarrollo como crítico literario La intención es argumentar que el cambio que Eliot hizo de la filosofía a la literatura fue instigado con la esperanza de encontrar en el campo literario un estilo que había vencido durante sus estudios filosóficos

Five Metaphysical Poets Joan Bennett, 1964-01-03 Mrs Bennett's Four Metaphysical Poets Donne Herbert Vaughan and Crashaw was issued under a new title in 1964 with an additional chapter on Andrew Marvell It is that text which is reprinted here In her study Mrs Bennett has analysed emphasised and illustrated the qualities of metaphysical poetry in general and the peculiarities of the individual poets She shows that if we retain the word metaphysical as a label for a poetic tradition it is as appropriate to Marvell as it is to Vaughan and more so than to Crashaw      **English Poetry From John Donne To Ted Hughes**

Tomichan Matheikal, 2001 The Book Presents Well Researched Critical Studies On Selected Poems From The Various Historical Epochs Of English Literature Each Major Epoch From The Sixteenth To The Twentieth Century Is Presented To The Reader With An Illuminating Introduction The Introductory Discussions Fall Under The Headings Of Metaphysical Poetry The Age Of Reason And Sensibility Romantic Poetry Victorian Poetry The Twentieth Century Sixteen Prominent British Poets Are Studied In Detail In This Volume Most Of The Poems Discussed In This Book Are Also Prescribed To Students Of English Literature By Universities Worldwide Hence The Book Is An Ideal Companion To Every Student And Teacher Of English Literature      *Metaphysical Wit* A. J. Smith, 1992-01-09 English metaphysical poetry from Donne to

Marvell is conspicuously witty A J Smith seeks the central importance of wit in the thinking of the metaphysical poets and argues that metaphysical wit is essentially different from other modes of wit current in Renaissance Europe Formal theories and rhetorics of wit are considered both for their theoretical import and their appraisals of wit in practice Prevailing fashions of witty invention are scrutinized in Italian French and Spanish writings so as to bring out the nature and effect of various forms of wit conceited hieroglyphic transformational and others from which the metaphysical mode is distinguished He locates the basis of Renaissance wit in the received conception of the created order and a theory of literary innovation inherent in Humanist belief which led to novel couplings of time and eternity body and soul man and God Yet he finds that metaphysical wit distinctively works to discover a spiritual presence in sensible events and he traces its demise in the 1660s to changes in the understanding of the natural world associated with the rise of empirical science      Four Metaphysical Poets John Donne, Richard Willmott, 1985 Concentrating on the major works of Donne Marvell Vaughan and Herbert Richard Willmott has provided an anthology of metaphysical verse for readers coming to the poetry for the first time Metaphysical poetry is notorious for its difficulty in this selection Richard Willmott provides detailed explanatory notes giving in depth

information on the period the poets and metaphysical style and to ensure a full understanding line by line exegesis of the poems themselves is given where necessary The anthology contains about 20 25 poems for each poet represented and a further section of other contemporary poetry which elucidates themes or approaches in the work of the four main poets in the collection and encourages readers to relate an individual poem to a broader context
