century Gathering voices and perspectives from around the world this volume suggests that the project of global Methodism and the tensions one witnesses therein ought to be understood in the context of American imperialism and that such an understanding is critical to the task of continuing to be a global denomination The volume tells a tale of complex negotiations happening between United Methodists across different national cultural and ecclesial contexts and sets up the historical backdrop for the imminent schism of The United Methodist Church A Constitutional History of American Episcopal Methodism John James Tigert,1908 **A Compendious History of American Methodism** Abel Stevens,2022-02-14 Reprint of the original first published in 1867 *A History of the Rise of Methodism in America* John Lednum,1859 The History of American Slavery and Methodism, from 1780 to 1849 (1849) Lucius C.
