

中文体育类核心期刊元分析的选题和方法学问题

徐 悦, 殷明旭, 王 然*

(上海体育大学 竞技运动学院, 上海 200438)

摘 要:目的:探讨中文体育类核心期刊中元分析的选题和方法学问题,进行评价和举例分析,提出相应建议。方法:以中国知网数据库中16本中文体育类核心期刊发表的元分析研究为对象,依据Cochrane手册和经典元分析文献探讨体育科学领域元分析存在的选题问题,并评估所选元分析研究的方法学问题。方法学问题的主要评估指标为:(1)是否存在异常值(效应量 >3);(2)是否将标准误换算成标准差;(3)是否忽略了研究内的相关性;(4)是否忽略了研究内的方差;(5)是否关注研究内而非研究间;(6)报告多个效应量的研究是否仅提取某一个效应量。结果:在选题方面,71.1%的中文元分析的研究主题与既有英文元分析相似,其中27.3%的中文元分析题目名称与英文元分析几乎相同。在方法学方面,82.2%的元分析至少存在1个方法学问题,这些问题可能导致43.8%的元分析结果发生变化。结论:元分析应以解决具有实际意义的研究问题为出发点。在进行元分析时,研究者应仔细检查原始数据的报告形式,并采用多种效应模型、分析方法、合并策略、元分析软件及展示方式,通过团队合作确保元分析结果的稳定性。更重要的是,需在方法部分详细介绍和解释分析过程,以提高研究的透明度和可重复性。

关键词:元分析;选题;方法学;效应量;体育

中图分类号:G812.6

1952年,心理学家Hans Jürgen Eysenck发表的一篇论文质疑心理治疗的效果,认为患者在治疗期间的病情改善主要源于自身原因,与治疗方法关系不大,甚至暗示心理治疗可能妨碍患者康复。此观点对心理治疗的信誉造成重大打击。直至1977年,Smith等(1977)开发了元分析技术,综合分析了375项心理治疗研究,涵盖超过4 000名参与者,通过整合跨研究的标准化均数差(standardized mean difference, SMD),最终得出综合效应量达到了0.68。他们根据量化结果有力证明了心理治疗的益处,并有效反驳了Eysenck的观点。因此,元分析是一种解决学术争论的有效统计方法。

在体育科学领域,时间与资源的限制可能导致实验研究存在偏差,如小样本量引起的结果不精确和统计效力不足(张连成等, 2023)。彭凡等(2023)研究认为,约46%的体育科学实验研究样本量不足,结果易受到I型和II型统计错误及抽样误差的影响,依赖于偶然发现的效应,且置信区间较宽。元分析通过整合相似实验研究,不仅增强了统计效力,还能提供更精确的效应量估计和较窄的置信区间(李国春等, 2013; Harrer et al., 2021)。此外,众多实验研究可能得出不一致的结论,体育科研人员和从业者很难从中快速获取有效信息(Higgins et al.,

2019)。作为推动体育科学研究的重要方法,元分析通过明确的排除和纳入标准,最大限度地控制偏见风险,对异质性来源和影响因素进行分析,为理论和实践提供客观、公正的总结与建议(罗杰等, 2013; Higgins et al., 2019)。

然而,元分析的实际意义高度依赖于研究问题的选择以及方法学的严谨性。在查阅体育科学领域元分析研究时发现,部分研究在选题上存在缺陷,如对特定研究主题的重复探讨而未更新结论,过度依赖国外高被引元分析文章的选题,以及选题的2个衍生问题,即原始研究纳入不全或题目不精确,忽视原始研究的质量和数量。元分析的结果受原始研究的质量和数量影响。在元分析重复探讨特定的研究主题时,如果纳入完全相同或相似的原始研究,通常只会得到几乎相同的研究结论。这对研究领域的发展不会起到显著作用,反而会造成研究资源的浪费(Higgins et al., 2019)。此外,Kadlec等(2023)评估体能训练领域被引量排名前20的元分析时发现诸多方

Methodological Issues In Chinese Studies

Xiuwu R. Liu

Methodological Issues In Chinese Studies:

Methodological Issues in Chinese Studies Amy Auerbacher Wilson, Sidney L. Greenblatt, Richard W. Wilson, 1983

Reinventing the Methodology of Studying Contemporary China Peter Kien-hong YU, 2017-07-03 This book illustrates how the one dot theory which is a dialectical study is well suited to describing explaining and inferring contemporary China's past present and future It argues that since October 1949 the field of contemporary China studies has been dominated by modified and abandoned non dialectical theories and models It also challenges selected non dialectical theories and models which were first generated in the West such as the game theory and rational choice theory With its emphasis on methodology the book offers a valuable resource for academics researchers and practitioners alike with an interest in logically systematically and coherently unraveling Taiwan's and mainland China's contemporary politics and international relations , *Western Perspectives on Chinese Higher Education* Xiuwu R. Liu, 1996 This book argues that constructivism and realism two prominent theories of scholarly inquiry in a variety of fields both have their strengths and weaknesses as descriptive models of how research is conducted and written up and as normative models for improving inquiry

Researching China in Southeast Asia Ngeow Chow-Bing, 2019-03-26 This book maps out the state of China Studies in seven Southeast Asian countries from different perspectives It looks at the history current status and characteristics of the study of China in Indonesia the Philippines Thailand Vietnam Malaysia Singapore and Myanmar and what factors shaped the development and prospects of Sinology and Chinese Studies in these countries For the first time China experts from within and outside of this region using a wide range of biographical historical bibliographical and comparative methodologies tell the stories of how intellectuals and scholars in selected Southeast Asian countries understand study and research China Their studies are providing different perspectives and discourses on China Chapters discover and explore common factors such as the presence of sizeable ethnic Chinese communities historical and current interactions between China and Southeast Asia and the diverse intellectual influences in the region A novel insight into the study of China in Southeast Asia this book will be of interest to academics in the fields of China Southeast Asia relations the intellectual history of Southeast Asia the intellectual history of Chinese Studies in the world and the politics of Knowledge production

A Theory and History of Rural-urban Governance in China Chao Ye, 2021-05-21 This book divides the history of China's rural urban relations into three stages antagonism integration and re antagonism and demonstrates that the two coupled variables i.e policy culture and coast trade are the most crucial to urbanization and rural urban governance in China from ancient times till now From the perspective of a combination of history and geography this book puts forward a new theory which is mainly based on Adam Smith's theory and other theories about rural urban relationship and reinterprets the process and driving forces of evolutionary history of rural urban relationship over 5 000 years in China It is useful for researchers and scholars specialized in such fields as rural and urban studies economics geography management and

planning for reference **An American Pioneer of Chinese Studies in Cross-Cultural Perspective** Man Shun Yeung, 2021-10-05 Benjamin Bowen Carter 1771 1831 one of the first Americans to speak and read Chinese studied Chinese in Canton and advocated its use in diplomacy decades before America established a formal relationship with China Drawing on rediscovered manuscripts this book reconstructs Carter s multilingual learning experience reveals how he helped translate a diplomatic document into Chinese describes his interactions with European sinologists and traces his attempts to convince the US government and American academics of the practical and cultural value of Chinese studies The cross cultural perspective employed in this book emphasizes the reciprocal dynamics of Carter s relationships with Chinese and European others while Carter s story itself forces a rewriting of the earliest years of US China relations **berliner china hefte , The Formation of Regional Religious Systems in Greater China** Jiang Wu, 2022-04-21 The rise of Spatial Humanities has spurred a digital revolution in the field of Chinese studies especially in the study of religion Based on years of data compilation and analysis of religious sites this book explores the formation of Regional Religious Systems RRS in Greater China in unprecedented scope and depth It addresses quantitatively the enduring historical and contemporary issues of China s deep rooted regionalism and spatially variegated cultural and religious landscape A range of topics are explored theoretical discussions of the concept of RRS case studies of regional and local religious institutions the formation of local cults and pilgrimage network and the spread of religious networks to overseas Chinese communities and the Bon religion in Tibet The book also considers long standing challenges of researching with spatial data for humanities and social science research such as data collection integration spatial analysis and map creation This book will be of interest to students and scholars in Religious Studies Cultural Studies Chinese Studies Digital Humanities Human Geography and Sociology *The Nature of Chinese Politics: From Mao to Jiang* Jonathan Unger, 2016-09-16 This book describes and analyzes how politics among the Chinese leadership has operated and evolved from the period of Mao s court up to the present day Part I explores politics under Mao and Deng For this section the five leading western analysts of elite Chinese politics Lowell Dittmer Lucian Pye Frederick Teiwes Andrew Nathan and Tsou Tang have contributed major papers that measure the empirical evidence against political science theory recent Chinese history and Chinese political culture Part II explores and analyzes the ongoing changes in Chinese politics during Jiang s tenure and includes analyzes by almost all the leading English language scholars in the field **China And The Challenge Of The Future** Carol Lee Hamrin, 2019-03-04 This book highlights information obtained from formal interviews and informal conversations with knowledgeable Chinese in 1985 1987 It reveals the growing participation in politics of social groups and related changes underway in the patterns of contemporary Chinese political thought and culture **Civilization and the Chinese Body Politic** Yongnian Zheng, 2022-11-22 In this important and hugely ambitious book one of the world s leading political scientists working on China demonstrates how Western views of China are flawed because the long tradition of Western scholarship studying China views China from the Western

philosophical and intellectual perspective rather than viewing China on its own terms through the lens of China's own long established and reputable philosophical and intellectual tradition Providing a deep analysis of Western scholarship on China including work from Leibniz to Marx to Weber and then to Wittfogel and a thorough account of the evolution of China's own thinking about governance as expressed in the practices of successive Chinese dynasties the book goes on to examine how the current Chinese body politic fits with and is the natural outcome of China's own long well thought through and well practiced intellectual consideration of what the nature of civilized governance should be By focusing on philosophical and intellectual approaches rather than on theoretical or methodological ones the book shows how the huge and increasing disconnect between non Chinese views of China and Chinese ones has come about *China's Economic Culture* Carsten Herrmann-Pillath, 2016-10-04 China's spectacular rise challenges established economic moulds both at the national level with the concept of state capitalism and at the firm level with the notion of indigenous Chinese management practices However both Chinese and Western observers emphasise the transitional nature of the reforms thereby leaving open the question as to whether China's reform process is really a fast catch up process with ultimate convergence to global standards or something different This book by a leading economist and sinologist argues that culture is an exceptionally useful tool to help understand fully the current picture of the Chinese economy Drawing on a range of disciplines including social psychology cognitive sciences institutional economics and Chinese studies the book examines long run path dependencies and cultural legacies and shows how these contribute crucially to the current cultural construction of economic systems business organisations and patterns of embedding the economy into society and politics **Financing China's Rural Enterprises** Dr Jun Li, Jun Li, 2003-08-29 An analysis of the financing of China's rural enterprises over the past two decades Discusses key aspects of rural enterprise development in China including the role of state policy rural financial institutions and local government *China Exchange News*, 1983 **Studies on a Global History of Music** Reinhard Strohm, 2018-04-09 The idea of a global history of music may be traced back to the Enlightenment and today the question of a conceptual framework for a history of music that pays due attention to global relationships in music is often raised But how might a historical interpretation of those relationships proceed How should it position or justify itself What would Western music look like in an account of music history that aspires to be truly global The studies presented in this volume aim to promote post European historical thinking They are based on the idea that a global history of music cannot be one single hegemonic history They rather explore the paradigms and terminologies that might describe a history of many different voices The chapters address historical practices and interpretations of music in different parts of the world from Japan to Argentina and from Mexico to India Many of these narratives are about relations between these cultures and the Western tradition several also consider socio political and historical circumstances that have affected music in the various regions The book addresses aspects that Western musical historiography has tended to neglect even when looking at its own culture performance dance nostalgia

topicality enlighten the relationships between traditional classical and pop musics and the regards cross between European Asian or Latin American interpretations of each other's musical traditions These studies have been derived from the Balzan Musicology Project Towards a Global History of Music 2013-2016 which was funded by the International Balzan Foundation through the award of the Balzan Prize in Musicology to the editor and designed by music historians and ethnomusicologists together A global history of music may never be written in its entirety but will rather be realised through interaction practice and discussion in all parts of the world

Debating Regime Legitimacy in Contemporary China

Suisheng Zhao, 2018-10-11 This comprehensive volume is a three part study of whether the Chinese political system has maintained a significant degree of regime legitimacy in the context of rising domestic discontent in particular the popular protests against socio economic inequality and environment degradation Part I presents the scholarly debate on the theoretical refinement and empirical measurement of regime legitimacy in contemporary China Part II focuses on the challenges to regime legitimacy of the increasingly widespread popular protests and civil activism Part III examines the regime's responses to these challenges including coercive repression adaptation and economic performance This book finds that while repression can hardly stop popular protests and often backfires economic performance legitimacy is increasingly difficult to be maintained The only way out is the adaptation to the changing domestic and international environment The chapters in this collection were originally published in the Journal of Contemporary China

Political Science and Chinese Political Studies

Sujian Guo, 2012-07-25 We have witnessed the substantial transformation of China studies particularly Chinese political studies in the past 30 years due to changes in China and its rising status in the world as well as changes in our ways of conducting research As area studies specialists we are no longer isolated from the larger disciplines of Political Science and International Relations IR but an integral part of them This book contains theoretically innovative contributions by distinguished political scientists from inside and outside China who together offer up to date overviews of the state of the field of Chinese political studies combines empirical and normative researches as well as theoretical exploration and case studies explore the relationship between Western political science scholarship and contemporary Chinese political studies examine the logic and methods of political science and their scholarly application and most recent developments in the study of Chinese politics and discuss the hotly contested and debated issues in Chinese political studies such as universality and particularity regularity and diversity scientification and indigenization main problems challenges opportunities and directions for the disciplinary and intellectual development of Chinese political studies in the context of rising China

Sinologism

Ming Dong Gu, 2013 Why for centuries have the West and the world continuously produced China knowledge that deviates from Chinese realities Why since the mid nineteenth century have Chinese intellectuals oscillated between commendation and condemnation of their own culture and between fetishization and demonization of all things Western And why have some of the world's wisest thinkers expressed opinions on Chinese culture which are simply wrong In order to answer these

questions this book explores the process of knowledge production about China and the Chinese civilization and in turn provides a critique of the ways in which this knowledge is formed Ming Dong Gu argues that the misperceptions and misinterpretations surrounding China and the Chinese civilisation do not simply come from misinformation biases prejudices or political interference but follow certain taken for granted principles that have evolved into a cultural unconscious Indeed Gu argues that the conflicting accounts in China West studies are the inevitable outcome of this cultural unconscious which constitutes the inner logic of a comprehensive knowledge system which he terms Sinologism This book explores Sinologism s origin development characteristics and inner logic and critiques its manifestations in the writings of Chinese Western and non Western thinkers and scholars including Montesquieu Herder Hegel Marx Weber Russell Pound Wang Guowei Guo Moruo Gu Jiegang Wen Yiduo and many others in diverse disciplines from arts and humanities to social sciences In doing so Gu demonstrates why the existing critical models are inadequate for Chinese materials and makes an attempt to construct an alternative theory to Orientalism and postcolonialism for China West studies and cross cultural studies Sinologism crosses over the subjects of history thought literature language art archaeology religion aesthetics and cultural theory and will appeal to students and scholars of East West studies with a particular focus on China as well as those interested in cultural theory more broadly

China's Political-Military Evolution Monte R. Bullard, 2019-03-08 In recent years the People s Liberation Army PLA has relinquished much of its political power to China s civilian leadership and has turned to the task of professionalizing the military The transition of the PLA into a relatively apolitical force in Chinese society has occurred alongside great progress toward military modernization with the foundation now laid for the PLA to become one of the world s most powerful military forces Dr Bullard traces the PLA s extremely important and almost revolutionary transition examines the structural changes associated with it and assesses current military policies and trends He discusses in detail the political commissar system the key institution for all political military relationships in the Chinese military system

Unveiling the Magic of Words: A Review of "**Methodological Issues In Chinese Studies**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their power to kindle emotions, provoke contemplation, and ignite transformative change is truly awe-inspiring. Enter the realm of "**Methodological Issues In Chinese Studies**," a mesmerizing literary masterpiece penned by way of a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound effect on the souls of its readers.

Methodological Issues In Chinese Studies Introduction

Methodological Issues In Chinese Studies Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Methodological Issues In Chinese Studies Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Methodological Issues In Chinese Studies : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Methodological Issues In Chinese Studies : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Methodological Issues In Chinese Studies Offers a diverse range of free eBooks across various genres. Methodological Issues In Chinese Studies Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Methodological Issues In Chinese Studies Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Methodological Issues In Chinese Studies, especially related to Methodological Issues In Chinese Studies, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Methodological Issues In Chinese Studies, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Methodological Issues In Chinese Studies books or magazines might include. Look for these in online stores or libraries. Remember that while Methodological Issues In Chinese Studies, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Methodological Issues In Chinese Studies eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While

this might not be the Methodological Issues In Chinese Studies full book , it can give you a taste of the authors writing style.Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Methodological Issues In Chinese Studies eBooks, including some popular titles.

FAQs About Methodological Issues In Chinese Studies Books

1. Where can I buy Methodological Issues In Chinese Studies books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Methodological Issues In Chinese Studies book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Methodological Issues In Chinese Studies books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Methodological Issues In Chinese Studies audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Methodological Issues In Chinese Studies books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
