Encyclopedia of Nineteenth-Century Photography John Hannavy, 2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide

In Pursuit of Beauty Metropolitan Museum of Art (New York, N.Y.), 1986 This project is the first comprehensive study of a phenomenon that not only dominated the American arts of the 1870s and 1880s but also helped set the course of such later developments in the United States as the Arts and Crafts movement the indigenous interpretation of Art Nouveau and even the rise of modernism In fact the early history of the Metropolitan its founding its sponsorship of a school of industrial design and its display of decorative works is inextricably tied to the Aesthetic movement and its educational goals In Pursuit of Beauty Americans and the Aesthetic Movement comprised some 175 objects including furniture metalwork stained glass ceramics textiles wallpaper painting and sculpture Some of these had rarely been displayed others although familiar were being shown in new and even startling contexts The exhibition and catalogue are arranged thematically to illustrate both the major styles of a visually rich movement and the ideas that generated its diversity From publisher s description

Transparency Daniel Jutte, 2023-04-25 A wide ranging illustrated history of transparency as told through the evolution of the glass window Transparency is a mantra of our day It is key to the Western understanding of a liberal society We expect transparency from for instance political institutions corporations and the media But how did it become such a powerful and global idea From ancient glass to Apple s corporate headquarters this book is the first to probe how Western people have experienced conceptualized and evaluated transparency Daniel Jtte argues that the experience of transparency has been inextricably linked to one element of Western architecture the glass window Windows are meant to be unnoticed Yet a historical perspective reveals the role that glass has played in shaping how we see and interpret the world A seemingly pure material glass has been endowed throughout history with political social and cultural meaning in manifold and sometimes conflicting ways At the same time Jtte raises questions about the future of vitreous transparency its costs in terms of visual privacy but also its ecological price tag in an age of accelerating climate change

The Oxford Encyclopedia of Economic History Joel Mokyr, 2003 What were the economic roots of modern industrialism Were labor unions ever effective in raising workers living standards Did high levels of taxation in the past normally lead to economic decline These and similar questions profoundly inform a wide range of intertwined social issues whose complexity scope and depth become fully evident in the Encyclopedia Due to the interdisciplinary nature of the field the Encyclopedia is divided not only by chronological and geographic boundaries but also by related subfields such as agricultural history demographic history business history and the histories of technology migration and transportation The articles all written and signed by international contributors include scholars from Europe Latin America Africa and Asia Covering economic history in all areas of the world and segments of economies from prehistoric times to the present The Oxford Encyclopedia of Economic History is the ideal resource for students economists and general readers offering a unique glimpse into this integral part of world history

The Arts of China After 1620 William Watson, Chuimei Ho, 2007-01-01 This handsome book is the first in a major three volume series that will survey China s immense wealth of art architecture and artefacts from prehistoric times to the twentieth century The Arts of China to AD 900 investigates the beginnings of the traditions on which much of the art rests moving from Neolithic and Bronze Age China to the era of the Tang Dynasty around AD 900

Scientific Investigation of Copies, Fakes and Forgeries Paul Craddock, 2009-02-04 The faking and forgery of works of art and antiquities is probably now more extensive than ever before The frauds are aided by new technologies from ink jet printers to epoxy resins and driven by the astronomic prices realised on the global market This book aims to provide a comprehensive survey of the subject over a wide range of materials emphasising how the fakes and forgeries are produced

and how they may be detected by technical and scientific examination The subject is exemplified by numerous case studies some turning out not to be as conclusive as is sometimes believed The book is aimed at those likely to have a serious interest in these investigations be they curator collector conservator or scientist Paul Craddock has recently retired from the Department of Conservation Documentation and Science at the British Museum where he was a materials scientist **Law, Culture and Visual Studies** Anne Wagner, Richard K. Sherwin, 2013-07-11 The proposed volumes are aimed at a multidisciplinary audience and seek to fill the gap between law semiotics and visuality providing a comprehensive theoretical and analytical overview of legal visual semiotics They seek to promote an interdisciplinary debate from law semiotics and visuality bringing together the cumulative research traditions of these related areas as a prelude to identifying fertile avenues for research going forward Advance Praise for Law Culture and Visual Studies This diverse and exhilarating collection of essays explores the many facets both historical and contemporary of visual culture in the law It opens a window onto the substantive jurisdictional disciplinary and methodological diversity of current research It is a cornucopia of materials that will enliven legal studies for those new to the field as well as for established scholars It is a must read that will leave you wondering about the validity of the long held obsession that reduces the law and legal studies to little more than a preoccupation with the word Leslie J Moran Professor of Law Birkbeck College University of London Law Culture Visual Studies is a treasure trove of insights on the entwined roles of legality and visuality From multiple interdisciplinary perspectives by scholars from around the world these pieces reflect the fullness and complexities of our visual encounters with law and culture From pictures to places to postage stamps from forensics to film to folklore this anthology is an exciting journey through the fertile field of law and visual culture as well as a testament that the field has come of age Naomi Mezey Professor of Law Georgetown University Law Center Washington D C USA This highly interdisciplinary reference work brings together diverse fields including cultural studies communication theory rhetoric law and film studies legal and social history visual and legal theory in order to document the various historical cultural representational and theoretical links that bind together law and the visual This book offers a breath taking range of resources from both well established and newer scholars who together cover the field of law s representation in interrogation of and dialogue with forms of visual rhetoric practice and discourse Taken together this scholarship presents state of the art research into an important and developing dimension of contemporary legal and cultural inquiry Above all Law Culture and Visual Studies lays the groundwork for rethinking the nature of law in our densely visual culture How are legal meanings produced encoded distributed and decoded What critical and hermeneutic skills new or old familiar or unfamiliar will be needed Topical diverse and enlivening Law Culture and Visual Studies is a vital research tool and an urgent invitation to further critical thinking in the areas so well laid out in this collection Desmond Manderson Future Fellow ANU College of Law Research School of Humanities the Arts Australian National University Australia **Educational institutions pamphlets** ,1915 *Part-Architecture* Emma

Cheatle, 2017-07-20 Part Architecture presents a detailed and original study of Pierre Chareau's Maison de Verre through another seminal modernist artwork Marcel Duchamp's Large Glass Aligning the two works materially historically and conceptually the book challenges the accepted architectural descriptions of the Maison de Verre makes original spatial and social accounts of its inhabitation in 1930s Paris and presents new architectural readings of the Large Glass Through a rich analysis which incorporates creative projects into history and theory research the book establishes new ways of writing about architecture Designed for politically progressive gynaecologist Dr Jean Dalsace and his avant garde wife Annie Dalsace the Maison de Verre combines a family home with a gynaecology clinic into a free plan layout Screened only by glass walls the presence of the clinic in the home suggests an untold dialogue on 1930s sexuality The text explores the Maison de Verre through another radical glass construction the Large Glass where Duchamp's complex depiction of unconsummated sexual relations across the glass planes reveals his resistance to the marital conventions of 1920s Paris This and other analyses of the Large Glass are used as a framework to examine the Maison de Verre as a register of the changing history of women's domestic and maternal choices reclaiming the building as a piece of female social architectural history The process used to uncover and write the accounts in the book is termed part architecture Derived from psychoanalytic theory part architecture fuses analytical descriptive and creative processes to produce a unique social and architectural critique Identifying three essential materials to the Large Glass the book has three main chapters Glass Dust and Air Combining theory text creative writing and drawing each traces the history and meaning of the material and its contribution to the spaces and sexuality of the Large Glass and the Maison de Verre As a whole the book contributes important and unique spatial readings to existing scholarship and expands definitions of architectural design and history
