The Oxford History of British and Irish Catholicism, Volume IV Carmen M. Mangion, Susan O'Brien, 2023-09-01 After 1830 Catholicism in Britain and Ireland was practised and experienced within an increasingly secure Church that was able to build a national presence and public identity With the passage of the Catholic Relief Act Catholic Emancipation in 1829 came civil rights for the United Kingdom's Catholics which in turn gave Catholic organisations the opportunity to carve out a place in civil society within Britain and its empire This Catholic revival saw both a strengthening of central authority structures in Rome creating a more unified transnational spiritual empire with the person of the Pope as its centre and a reinvigoration at the local and popular level through intensified sacramental devotional and communal practices After the 1840s Catholics in Britain and Ireland not only had much in common as a consequence of the Church's global drive for renewal but the development of a shared Catholic culture across the two islands was deepened by the large scale migration from Ireland to many parts of Britain following the Great Famine of 1845 Yet at the same time as

this push towards a degree of unity and uniformity occurred there were forces which powerfully differentiated Catholicism on either side of the Irish Sea Four very different religious configurations of religious majorities and minorities had evolved since the sixteenth century Reformation in England Ireland Scotland and Wales Each had its own dynamic of faith and national identity and Catholicism had played a vital role in all of them either as other or in the case of Ireland as the majority's self Identities of religion nation and empire and the intersection between them lie at the heart of this volume They are unpacked in detail in thematic chapters which explore the shared Catholic identity that was built between 1830 and 1913 and the ways in which that identity was differentiated by social class gender and above all nation Taken together these chapters show how Catholicism was integral to the history of the United Kingdom in this period **Sexual Perversions, 1670-1890**

J. Peakman, 2009-07-30 A fascinating glimpse into the history of sexual perversions and diversions including fetishism cross dressing effeminate men and masculinized women sodomy tribadism masturbation necrophilia rape paedophilia flagellation and sado masochism asking how these sexual inclinations were viewed at a particular time in history *Lost Souls* Diana Peschier, 2019-11-28 How did the Victorians view mental illness After discovering the case notes of women in Victorian asylums Diana Peschier reveals how mental illness was recorded by both medical practitioners and in the popular literature of the era and why madness became so closely associated with femininity Her research reveals the plight of women incarcerated in 19th century asylums how they became patients and the ways they were perceived by their family medical professionals society and by themselves **Anglican Women Novelists** Judith Maltby, Alison Shell, 2019-06-27 What do the novelists Charlotte Bront Charlotte M Yonge Rose Macaulay Dorothy L Sayers Barbara Pym Iris Murdoch and P D James all have in common These women and others were inspired to write fiction through their relationship with the Church of England This field defining collection of essays explores Anglicanism through their fiction and their fiction through their Anglicanism These essays by a set of distinguished contributors cover a range of literary genres from life writing and whodunnits through social comedy children's books and supernatural fiction Spanning writers from the nineteenth to the twenty first century they testify both to the developments in Anglicanism over the past two centuries and the changing roles of women within the Church of England and wider society The Unknown Relatives Monika Mazurek, 2017-05-25 The Unknown Relatives analyzes a large body of Victorian literary texts dealing with the topic of Catholicism and Catholics written from the non Catholic perspective The readings of these texts are inspired by psychoanalytic criticism primarily by the work of Freud and Kristeva and includes the readings of a number of Victorian authors both canonical like Charlotte Bront William Thackeray and Charles Dickens and lesser known ones such as George Borrow John Shorthouse and Mrs Humphry Ward **Domesticated Bachelors and Femininity in Victorian Novels** Jennifer Beauvais, 2020-10-12 Domestic issues chastity morality marriage and love are concerns we typically associate with Victorian female characters But what happens when men in Victorian novels begin to engage in this type of feminine discourse While we are familiar with certain

Victorian women seeking freedom by moving beyond the domestic sphere there is an equally interesting movement by the domestic man into the private space through his performance of femininity This book defines the domesticated bachelor examines the effects of the blurring of boundaries between the public and private spheres and traces the evolution of the public discourse on masculinity in novels such as Bronte s Shirley Braddon s Lady Audley s Secret Eliot s Daniel Deronda and Stevenson s The Strange Case of Dr Jekyll and Mr Hyde This bachelor along with his female counterpart the New Woman opens up for discussion new definitions of Victorian masculinity and gender boundaries and blurs the rigid distinction between the gendered spaces thought to be in place during the Victorian period Annual Bibliography of Victorian Studies ,2007 Lists editions books articles and dissertation abstracts published from 1945 to 1999 on every field of nineteenth century British studies *Contested identities* Carmen M. Mangion,2019-01-04 English Roman Catholic women s congregations are an enigma of nineteenth century social history Over ten thousand nuns and sisters establishing and managing significant Catholic educational health care and social welfare institutions in England and Wales have virtually disappeared from history Despite their exclusion from historical texts these women featured prominently in the public and private sphere Intertwining the complexities of class with the notion of ethnicity *Contested identities* examines the relationship between English and Irish born sisters This study is relevant not only to understanding women religious and Catholicism in nineteenth century England and Wales but also to our understanding of the role of women in the public and private sphere dealing with issues still resonant today Contributing to the larger story of the agency of nineteenth century women and the broader transformation of English society this book will appeal to scholars and students of social cultural gender and religious history Strange Gods Timothy L. Carens,2021-11-28 Despite frequent declarations of the sanctity of love and marriage British Protestant culture nurtured the fear that human affection might easily slip into idolatry Throughout the nineteenth century theological essays sermons hymns and didactic fiction and poetry urged the faithful to maintain a constant watch over their hearts lest they become engrossed by human love guilty of worshipping the creature rather than the Creator *Strange Gods Love and Idolatry in the Victorian Novel* traces the concerns produced in Protestant culture by this broad interpretation of idolatry In chapters focusing on Charles Kingsley and Charlotte Bront Mary Elizabeth Braddon George Eliot Oscar Wilde and Thomas Hardy this volume shows that even supposedly secular novels obsessively reenact an ideological clash between Protestant faith and human love Anxiety about adoring humans more than God frequently overshadows and sometimes derails the progress of romance in Victorian novels By probing this anxiety and its narrative effects *Strange Gods* uncovers how a central Protestant belief exerts its influence over stories about love and marriage

The Industrial Novels Mehmet Akif Balkaya,Christian Kersten Hofbauer,Elham Madadi Kandjani,2015-11-25 This book provides a clear historical and theoretical framework for reading three important novels published in Britain in the second half of the nineteenth century Examining the novels by Charlotte Bront Charles Dickens and Elizabeth Gaskell the book offers

an analysis of their strategies for radical reforms and for the restructuring of society and politics through improvements in the living and working conditions of the working class *The Industrial Novels* begins with an introduction of the Industrial Revolution which is then followed by chapters devoted to a detailed discussion of each novel Through this the book explores the negative social political and economic effects of industrialization and urbanization as reflected in Charlotte Brontë's *Shirley* 1849 Charles Dickens' *Hard Times* 1854 and Elizabeth Gaskell's *North and South* 1855 As such the book will be of interest to academics and students in the fields of both literature and sociology [The Theological Dickens](#) Brenda Ayres, Sarah E. Maier, 2021-11-18 This is the first collection to investigate Charles Dickens on his vast and various opinions about the uses and abuses of the tenets of Christian faith that imbue English Victorian culture Although previous studies have looked at his well known antipathies toward Dissenters Evangelicals Catholics and Jews they have also disagreed about Dickens' thoughts on Unitarianism and speculated on doctrines of Protestantism that he endorsed or rejected Besides addressing his depiction of these religious groups the volume's contributors locate gaps in scholarship and unresolved questions about poverty and charity representations of children graveyards labor scientific controversy and other social issues through an investigation of Dickens' theological concerns In addition given that Dickens' texts continue to influence every generation around the globe a timely inclusion in the collection is a consideration of the neo Victorian multi media representations of Dickens' work and his ideas on theological questions pitched to a postmodern society
