Nuclear Predicament Explorations In Soviet Ideology

Lawrence Freedman

Nuclear Predicament Explorations In Soviet Ideology:

The Nuclear Predicament Stephen Shenfield, 2020-11-19 Ideological debate is one component of the intellectual background to Soviet policy making Originally published in 1987 this paper explores how Soviet writers wrestle with the challenge to their ideology that is posed by the threat of nuclear war What for example is the relationship between the values of peace and of socialism What drives the arms race Is capitalism inherently militaristic or is a demilitarized capitalism conceivable Is the outcome of history predetermined or open It is shown that the range of permissible views is wider than often assumed and that the constraints of Soviet ideology do not exclude evolution towards a more cooperative approach to international security

Nuclear predicament; Exploration in soviet ideology Stephen Shenfield, 1987 Military Power in Europe Lawrence Freedman, 1990-06-18 These essays illuminate different aspects of military power and European security It deals with the practicalities of planning and command within an alliance structure or the problems connected and with distinguishing between offensive and defensive operations for purposes of arms control *Neorealism Versus Strategic Culture* John Glenn, 2018-01-18 The debate between Neorealists and Strategic Culturalists centres on whether it is possible to explain predict state behaviour without taking into account the particular characteristics of the state such as its historical experiences geographical context and cultural constitution This informative debate is encapsulated in the first section of the book which considers the theoretical issues raised by both Neorealism and Strategic Culture These issues are then explored in the second section by assessing their relevance to six country case studies Australia Germany India Japan Nigeria and Russia

Cold War Carole Fink, 2013-12-24 Cold War is the first new book on the Cold War in many years It looks beyond the US and USSR and treats the conflict from a global perspective providing new insights and perspectives on key events and important cultural coverage *European Security Issues and the Cost of Defending the Post-INF Europe* United States. Congress. House. Committee on Armed Services. Defense Burdensharing Panel, 1989

Openness and Foreign Policy Reform in Communist States Gerald Segal, 2005-06-28 This book looks at the way in which foreign policy has changed in communist states It considers especially the relationship between domestic reform and foreign policy reform at times when formerly closed societies are becoming more open to the outside world It focuses on three European and three Asian states analysing their different paths to reform and looking in depth at the question of why some communist regimes collapse and why those in Asia have proved more durable than those in Europe Bulletin of the Atomic Scientists, 1988-05 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin's iconic Doomsday Clock stimulates solutions for a safer world

Savage Century Therese Delpech, 2013-06-18 At the dawn of the twentieth century observers heralded a new era of social progress seemingly limitless technological advances and world peace But within only a few years the world was perched on the brink of war revolution and human misery on an unprecedented scale Is it possible that today in the early

twenty first century we are on the verge of similar tumultuous times Blending a detailed knowledge of international security affairs with history philosophy psychology and literature Th r se Delpech vividly reminds us of the signs and warnings that were missed as the civilized world failed to prevent both world wars the Holocaust Soviet death camps and Cambodian killing fields that made the twentieth century so deadly Drawing a parallel between 1905 and 2005 Delpech warns that it could happen again in this current era of increasing international violence and global lawlessness She looks ahead to imagine various scenarios and regions that could become flashpoints in the future Winner of the 2005 Prix Femina de l essai Praise for the original French edition L Ensauvagement One doesn t know what to admire most in this book the precision of information the scope of reference the originality of the approach Le Nouvel Observateur From Iranian nuclear ambitions to the Taiwan question Delpech reviews all the situations which might lead mankind to succumb to the perennial temptation of savagery a passionate and lucid book L argus de la presse L ensauvagement transcends its surface content articulating great hope that our reason and will might take hold and overcome unreason Politique trang re Combining introspection and prediction geopolitics and philosophy Th r se Delpech has issued a warning cry Politique Internationale Russia and the Idea of the West Robert D. English,2000 In most analyses of the Cold War s end the ideological aspects of Gorbachev s new thinking are treated largely as incidental to the broader considerations of power English demonstrates that Gorbachev s foreign policy was the result of an intellectual revolution He analyzes the rise of a liberal policy academic elite and its impact on the Cold War s end **The Strategic Defence Initiative** Mira Duric,2017-07-05 Central to US foreign policy the Strategic Defence Initiative SDI was launched by Ronald Reagan in 1983 While the Reagan administration failed to deploy the SDI system it featured prominently in the relationship between the US and the Soviet Union This insightful book examines SDI and the Reagan administration through an evaluation of the role of the SDI in the end of the Cold War Presenting an extensive range of primary and secondary material together with interviews the book will be welcomed by academics and upper level students interested in politics and history *The Oxford Handbook of International Security* Alexandra Gheciu,William C. Wohlforth,2018-03-08 This Oxford Handbook is the definitive volume on the state of international security and the academic field of security studies It provides a tour of the most innovative and exciting news areas of research as well as major developments in established lines of inquiry It presents a comprehensive portrait of an exciting field with a distinctively forward looking theme focusing on the question what does it mean to think about the future of international security The key assumption underpinning this volume is that all scholarly claims about international security both normative and positive have implications for the future By examining international security to extract implications for the future the volume provides clarity about the real meaning and practical implications for those involved in this field Yet contributions to this volume are not exclusively forecasts or prognostications and the volume reflects the fact that within the field of security studies there are diverse views on how to think about the future Readers will find in this volume some of the

most influential mainstream positivist voices in the field of international security as well as some of the best known scholars representing various branches of critical thinking about security The topics covered in the Handbook range from conventional international security themes such as arms control alliances and Great Power politics to new security issues such as global health the roles of non state actors cyber security and the power of visual representations in international security The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

The Political Economy of the Arms Race R.T. Maddock,1990-06-18 Written by the author of *The Political Economy of Soviet Defence Spending* and co author of *The Growth of the British Economy* this book looks at the international dimension the American and the Soviet defence economy the NATO alliance the Warsaw Pact and the international arms trade

Global Governance and International Cooperation Richard Falk, Augusto Lopez-Claros, 2024-03-07 The Global Governance Forum and the Global Challenges Foundation collaborate in this collection in their concern that the UN Charter and the contemporary infrastructure for international cooperation are no longer fit for purpose and lack the instruments resources and legitimacy to address the catastrophic risks threatening our future Twenty eight contributors offer thoughtful proposals for reforming existing international institutions and creating new ones to build a more peaceful prosperous and just world covering themes such as the management of weapons of mass destruction collective security arrangements justice and equity in economics human rights migration and refugees climate mitigation and food security all bearing on the health of both people and planet The vital project of this century is building institutions that will underpin global governance in coming decades requiring imagination persistence empathy and confidence that we will find a path to enhanced mechanisms of binding international law and the resources to make that happen The volume is essential reading for scholars and researchers on international politics and public policy and indispensable for diplomats and government agencies

Russia's Foreign Policy Andrei P. Tsygankov, 2006-05-25 Exploring Soviet Russian international relations this book compares foreign policy formation under Gorbachev Yeltsin and Putin Showing how Moscow s policies have shifted with each leader s vision of Russia s national interests it also evaluates the successes and failures of Russia s foreign policies *After Gorbachev* Stephen White, 1993-09-23 Dramatic and confusing changes in what used to be the Soviet Union have transformed the world in which we live Communist rule has given way to multiparty politics a command economy is being painfully

privatised almost every social and cultural value has been overturned and perestroika has now been swept away by the reforming policies of Boris Yeltsin. In turn these policies are now challenged by a variety of conservative and nationalist forces. This fourth edition of Stephen White's best selling introductory text has been revised throughout. A new final chapter charts the first turbulent years of Yeltsin's troubled presidency and the background to his radical policies. Clearly written but detailed and authoritative. After Gorbachev like its predecessors will continue to provide an unrivalled guide to the processes of transition, upheaval and collapse which now characterise Russia and the post Soviet republics.

The Demise of Marxism-Leninism in Russia A. Brown, 2004-08-31 In *The Demise of Marxism Leninism in Russia* distinguished specialists chart the rise of new thinking on the Soviet system and the decline and fall of Marxism Leninism in the late Soviet period. They also discuss the failure of Marxism Leninism to make a comeback in post Soviet Russia. This book makes a significant contribution to understanding the independent importance of ideas in politics and provides clear analyses of the rise of liberal and social democratic thought about the political system, the economy, international Communism, nationalism and federalism.

The International Politics of East Central Europe Adrian G. V. Hyde-Price, 1996 Established in the belief that imperialism as a cultural phenomenon had as significant an effect on the dominant as it did on the subordinate societies, the *Studies in Imperialism* series seeks to develop the new socio cultural approach which has emerged through cross disciplinary work on popular culture, media studies, art history, the study of education and religion, sports history and children's literature. The cultural emphasis embraces studies of migration and race, while the older political and constitutional, economic and military concerns are never far away. It incorporates comparative work on European and American empire building with the chronological focus primarily though not exclusively on the 19th and 20th centuries when these cultural exchanges were most powerfully at work. This work explores the sexual attitudes and activities of those who ran the British Empire. The study explains the pervasive importance of sexuality in the Victorian Empire both for individuals and as a general dynamic in the working of the system. Among the topics included in the book are prostitution, the manners and mores of missionaries and aspects of race in sexual behaviour.

The Sources of Military Change Theo Farrell, Terry Terriff, 2002 In varying circumstances military organizations around the world are undergoing major restructuring. This book explores why and how militaries change.

Politics, Society, And Nationality Inside Gorbachev's Russia Seweryn Bialer, 2019-06-04 The East West Forum is a New York based research and policy analysis organization sponsored by the Samuel Bronfman Foundation. Its goal is to bring together experts and policy leaders from differing perspectives and generations to discuss changing patterns of East West relations. It attempts to formulate long term analyses and recommendations. In p

Nuclear Predicament Explorations In Soviet Ideology Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Nuclear Predicament Explorations In Soviet Ideology PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Nuclear Predicament Explorations In Soviet Ideology PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Nuclear Predicament Explorations In Soviet Ideology free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Nuclear Predicament Explorations In Soviet Ideology Books

1. Where can I buy Nuclear Predicament Explorations In Soviet Ideology books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
