Original Lost Whole Moose Catalogue:

The Lost Whole Moose Catalogue Lost Moose,1992 The original Lost Whole Moose Catalogue that started it all
Canadian Books in Print. Author and Title Index ,1975 **Another Lost Whole Moose Catalogue** Lost Moose
Collective,1991 In a roundabout way the Lost Whole Moose has come to represent the exploration of all that is really
enjoyable about living in the Yukon it s delights and challenges as well as its hardships The Lost Moose is really a kind of
quest and includes the discoveries that people make along the way It is the search for the perfect northern lifestyle As legend
has it the search takes people down many paths Some have been here seemingly forever Others start by spending just a
winter learning to deal with the cold and heating with wood They may become fascinated with the northern lights find
enjoyment in going for walks at 40 below and start thinking about building a place of their own someday Then it s the
summertime exploration of rivers and forest reveling neath the midnight sun trying to get a piece of land and learning about
land claims and politics Along the way learning bush crafts and skills needed to cope with town life As the revelations
continue people are exposed to the many styles of life which are available in this land including the relaxed practice of
horizontal living As horizontalists whether full time part time or just sometimes they learn to enjoy a state of bliss with this
life and this land Experience and legend tells us this land is not for everyone many people arrive and many leave But for
those who like what is here it seems they keep on liking it Their search for their Lost Moose as legend would have it is still in
progress and that s what this book is all about **The Lost Whole Moose Catalogue** ,1979* *Quill & Quire* ,1997
