Origins Vietnam War:

The Origins of the Vietnam War Fredrik Logevall, 2014-01-14 Why did the US make a commitment to an independent South Vietnam Could a major war have been averted Fredrik Logevall provides a concise comprehensive and accessible introduction to the origins of the Vietnam War from the end of the Indochina War in 1954 to the eruption of full scale war in 1965 and places events against their full international background **Vietnam and the United States** Gary R. Vietnam War Kelly Mass, 2024-01-16 The Vietnam War also known as the Second Indochina War spanned from November 1 1955 to April 30 1975 and took place in Vietnam Laos and Cambodia The conflict was officially between North and South Vietnam and was part of the broader Indochina Wars North Vietnam received support from the Soviet Union China and other communist allies while the US South Korea the Philippines Australia Thailand and other anti communist nations backed South Vietnam Lasting over two decades the war has been characterized by some as a Cold War era proxy war It included not only the battle in Vietnam but also the Laotian Civil War and the Cambodian Civil War leading to all three countries becoming communist states by 1975 The roots of the conflict can be traced back to the First Indochina War which involved the French colonial administration against the Viet Minh a left wing

revolutionary force After the French forces departure from Indochina in 1954 the United States assumed financial and military support for the South Vietnamese government The Viet Cong VC also known as the National Liberation Front NLF emerged in South Vietnam as a common front and began a guerrilla campaign with guidance from North Vietnam North Vietnam invaded Laos in the mid 1950s to support the insurgents and constructed the Ho Chi Minh Trail for supplying and reinforcing the Viet Cong Under President John F Kennedy s Military Assistance Advisory Group MAAG program US involvement escalated from fewer than a thousand military advisors in 1959 to 23 000 in 1964 By 1963 North Vietnam had sent 40 000 troops to fight in South Vietnam *The Cambridge History of the Vietnam War: Volume 1, Origins* Lien-Hang T. Nguyen, Edward Miller, 2024-09-30 When how and why did the Vietnam War begin Although its end is dated April 30 1975 there is no agreement as to when it began The Vietnam War was an enormously complex conflict and while any comprehensive reckoning must include the role of the US it was not an American War This volume presents the scholarship that has flourished since the 1990s to situate the war and its origins within longer chronologies and larger interpretative perspectives The Vietnam War was a war for national liberation and an episode of major importance in the global Cold War Yet it was also a civil war and civil warfare was a defining feature from the outset Understanding the Vietnamese and Indochinese origins of the Vietnam War is a critical first step toward reckoning with the history of this violent costly and complex war **Vietnam's American War** Pierre Asselin, 2018-01-11 A survey of the Vietnamese communist experience during the Vietnam War 1954 75 with a focus on high level decision making and military planning [A Short History of the Vietnam War](#) Gordon Kerr, 2015-02-26 On 8 March 1965 3 500 United States Marines of the 9th Marine Expeditionary Brigade made an amphibious landing at Da Nang on the south central coast of South Vietnam marking the beginning of a conflict that would haunt American politics and society for many years even after the signing of the Paris Peace Accords in January 1973 For the people of North Vietnam it was just another in a long line of foreign invaders For two thousand years they had struggled for self determination coming into conflict during that time with the Chinese the Mongols the European colonial powers the Japanese and the French Now it was the turn of the United States a far away nation reluctant to go to war but determined to prevent Vietnam from falling into Communist hands A Short History of the Vietnam War explains how the United States became involved in its longest war a conflict that from the outset many claimed it could never win It details the escalation of American involvement from the provision of military advisors and equipment to the threatened South Vietnamese to an all out shooting war involving American soldiers airmen and sailors of whom around 58 000 would die and more than 300 000 would be wounded Their struggle was against an indomitable enemy able to absorb huge losses in terms of life and infrastructure The politics of the war are examined and the decisions and ambitions of five US presidents are addressed in the light of what many have described as a defeat for American might The book also explores the relationship of the Vietnam War to the Cold War politics of the time
