Orphans 2 Crystal Orphans:

Proceedings of the Grand Lodge of Free and Accepted Masons of the State of New York Freemasons. Grand Lodge of the State of New York, 1908 **War Orphan in San Francisco** Phyllis H. Mattson, 2006 In March of 1940 as Hitler plans to eradicate Jews 10 year old Lizzi left Vienna on a small transport of children seeking refuge in America Two weeks later she began her new way of life in San Francisco getting a new name Phyllis and having to learn a new language Although her family was scattered on three continents they are linked by letters This poignant coming of age story is told through the letters Phyllis wrote her parents details of her new life as she grew into adolescence and became an American while they tried to parent her long distance During the next six years she moved in and out of foster homes and an orphanage due to her rebellious behavior but as she defended herself stoutly in her letters she gained self confidence and skills to become an independent responsible adult Though her parents tried desperately to join her they were stopped by red tape Her mother labored in German slave camps while her father was erroneously incarcerated in Australia The moods hopes fears and accomplishments of all are recounted in the details of the letters Interwoven between the letters is a narrative that depicts the times and places of that era A Hobo's Son and an Orphan Girl Bob Bristow, 2024-06-06 This book started out as a set of adventure stories that have been published locally in several outdoor newsletters These stories were so well received that the adventures in other parts of the life of the author and his family were added A love story naturally evolved because that was what kept them going and led them from the wilderness where they grew up to the big cities working in politics aerospace and other advanced technologies They combined this city work with many kinds of adventures mostly adventures in wild and unexplored mountains The love became obvious as Bob struggled for over 50 years to satisfy a promise he made to a 13 year old girl in grade school Someday I will build you a castle on a mountain The book is interesting because it describes a lifetime of outdoor adventures and the effort of two kids to stay alive and progress up the social ladder The relevant message is that two very poor kids at the bottom of the social ladder can not only survive but rise to the top The story is unique because the adventures have been experienced by no one else From Bob falling off an 80 foot cliff to Luci battling a new form of cancer that was supposed to take her life Readers should take away a good feeling reading about successfully living through many adventures in the mountains and in social life About the Author Bob Bristow has a BS in Mechanical Engineering an MS in aeronautical Engineering and all PhD coursework completed in Aerospace Engineering He worked for Boeing for over 60 years where he built and ran his own research lab He was an elder in his church and was involved in many professional organizations Bob enjoys skiing scuba diving mountain climbing fishing and hunting He is most passionate about prospecting and mining **Official Guide through Amsterdam for strangers on the occasion of their visit to the International Exhibition at the Crystal Palace ...
