Pacific Warriors The U S Marines In World War II A Pictorial Tribute:

Guadalcanal Eric Hammel, 2007-08-15 On August 7 1942 a scant nine months after Pearl Harbor the Marine Corps struck back against Japan on a small island half a world away Guadalcanal in the Solomon Islands The stakes were high The Japanese had been running roughshod across Asia and the Pacific and even into the Indian Ocean If the Marines failed in the Solomons New Guinea would almost certainly fall mortally threatening Australia The victory of the 1st Marine Division at Guadalcanal told here in pictures for the first time ranks with the most heroic dramatic and enduring of military history The six month long Guadalcanal campaign was by far the longest and most complicated operation the Marines faced in the Pacific War It began with the weapons and tactics of the Marine Corps 1918 combat in France and ended with the revised weapons and tactics that would sweep aside the Japanese defenders of numerous formidable bases all across the wide Pacific bringing the United States armed forces to total victory in the Pacific in World War II This book is a fitting tribute to the men who sacrificed so much in winning this first stepping stone on the path to Tokyo Bay and victory over Japan **Pacific Warriors**

Eric Hammel, 2010-01-31 A powerfully written history Eric Hammel has demonstrated again his genius for bringing the past to life in language that is both understandable and digestible He accompanies his magnificent prose with many never before published photographs of Marines in action during the war The result is a history masterpiece A must read for future generations of Marines For those who fought the battles endured the suffering and paid the price this book is a tribute to their honor glory and steadfast devotion to duty *Leatherneck Magazine* Where did the U S Marines earn their reputation as being the first to fight It was on the South Pacific Island of Guadalcanal America's first land victory of World War II There on August 7 1942 the 1st Marine Division stormed ashore to begin one of the most difficult and brutal campaigns of military history and an unbroken string of victories staged across the Pacific *Pacific Warriors* takes you from the fighting leatherneck's first victory at Guadalcanal to their final victory on Okinawa in 1945 their last battle of the war The book features 300 photographs many which were never before published **Pacific Warriors** Eric M. Hammel, 2005 From the halls of Montezuma to the shores of Tripoli and more recently from the jungles of Vietnam to the killing fields of Iraq America's soldiers of the sea have fought their country's battles with famed valor skill and perseverance in the face of long odds But where did the U S Marines earn their reputation as being the first to fight It was on the South Pacific Island of Guadalcanal There on August 7 1942 the 1st Marine Division stormed ashore to begin one of the most difficult and brutal campaigns of military history and an unbroken string of victories staged across the Pacific **New Georgia, Bougainville, and Cape Gloucester** Eric M. Hammel, 2008 Photo history of the Marines in the Solomons fighting to neutralize the Japanese fortress at Rabaul and paving the way to victory in the Pacific **Two Flags over Iwo Jima** Eric Hammel, 2020-01-10 An authoritative look at an event that has taken on a legendary status an essential history for those wanting the truth behind the legend Publishers Weekly Joe Rosenthal's Raising the Flag on Iwo Jima photo is one of the best known images of US war

history and a powerful symbol of patriotism But the story of how the flag got there and even the identity of the soldiers in the photo has been muddied by history Here military historian Eric Hammel sets the record straight viewing complex events through the lens of the story of the infantry company in which all the flag raisers served The photo captures the moment that the first American flag flew over the core of Imperial Japanese territory on the top of Mount Suribachi The focus of this book lies on the 28th Marine Regiment s self contained battle in February 1945 for Mount Suribachi the 556 foot high volcano on Iwo Jima It was here that this one regiment defeated more than 1500 heavily armed Japanese combatants who were determined to hold the highest vantage point on the island Two Flags over Iwo Jima reveals the all but forgotten first flag raising and the aftermath of the popularization campaign undertaken by the post WWII Marine Corps and national press Hammel attempts to untangle the various battles that led up to the first and second flag raisings as well as follow the men of the 28th Marine Regiment in the events that took place after The full story behind one of the most iconic photographs ever taken is revealed along with the real heroism and stories of the men behind a dramatic moment captured in time A richly illustrated account A must for World War II buffs Kirkus Reviews starred review

Mass Suicides on Saipan and Tinian, 1944 Alexander Astroth,2019-03-28 When the Americans invaded the Japanese controlled islands of Saipan and Tinian in 1944 civilians and combatants committed mass suicide to avoid being captured Though these mass suicides have been mentioned in documentary films they have received scant scholarly attention This book draws on United States National Archives documents and photographs as well as veteran and survivor testimonies to provide readers with a better understanding of what happened on the two islands and why The author details the experiences of the people of the islands from prehistoric times to the present with an emphasis on the Japanese Okinawan Korean Chamorro and Carolinian civilians during invasion and occupation
