bragging It sure is one of the most difficult mediums to paint with and that was exactly the challenge I accepted when I started my Arts education I thought how difficult can it really be I have realized over the time that everything in this world is difficult only until you learn it If you try you do get a grasp of it sooner or later One very important thing is that you find someone who can teach you and can teach you well Here I hope I will be able to transfer as much knowledge as I can in a possibly detailed manner If you were in a class I would be open to questions But that is not the case in our situation so I want to make sure that by the time you finish this book you won't have any questions left I am keeping the struggles in my mind that I made just to learn this technique and how I wished I could get one person or a single book that could be my fairy god mother and teach me everything I needed to know in a wave of a wand That didn't happen of course But I did learn and now that I know I want to transfer my knowledge to you Why is water color one of the difficult materials Everybody has their own reasons the only reason that I am going to tell you is that they are a bit hard to control Don't worry Don't be taken aback I'm here to teach you This book contains activities by which you will learn to control your color brush strokes and many other things I assure you that you have made the best choice You will not only learn to paint flowers and many other things that your heart desires because you will learn to use your brush and get familiar with different materials and techniques I would like to wish you best of luck and hope that your and my hard work will pay in the form of you being as good as me or even better
