of Medinah the Ryder Cup is golf's and arguably one of international sport's most intense high profile tournaments. Two teams tussle through 28 matches over three days for no prize money but enormous national pride. And purportedly in charge of those two teams are the captains whose reputations are shaped forever by their players' results out on the course. Justin Rose's unlikely 35 foot on the 17th green at Medinah Country Club set up Europe's triumph and one of modern sport's most remarkable turnarounds in the 2012 Ryder Cup. It also established Davis Love II as a bad captain and saw Jose Maria Olazabal feted for a series of leadership masterstrokes. In reality neither captain had much to do with that putt being sunk. Yet the pressure remains on the captains to lead their team to victory. As each Cup passes more theories are put forward about how to win. Some of these combine traditional golfing nous with cutting edge sports psychology. Others are red herrings that have led captains down any number of blind alleys. So what can a captain do to win the Ryder Cup? Using exclusive interviews and saturation reporting Gillis shows how strategy has evolved since the very first match in 1927, exploring the enduring and often surprising role played by some of the game's greatest stars including Walter Hagen, Arnold Palmer, Jack Nicklaus, Tony Jacklin, Seve Ballesteros and Paul Azinger. *The Captain Myth* uses golf's greatest event to examine some fundamental questions about leadership, teams and motivation. Out of Bounds John R. Corrigan, 2006 How far will a golfer in decline go to maintain his family's lifestyle and why? Are PGA Tour players who are associated with one equipment manufacturer being killed off? In *Out of Bounds* veteran PGA Tour player and reluctant sleuth Jack Austin uncovers some disturbing answers. Austin has built his career on 300 yard tee shots. But as younger, stronger players enter the game he finds that the pack is catching up. He's not the only player to feel the heat: his middle aged friend Hal Hurricane McCarthy has been struggling to hold on for several seasons. Lately however McCarthy and a few other players have enjoyed significant even mysterious improvements in their play. Some are hitting the ball farther than they ever have. In McCarthy's case the famously hot headed player now exhibits uncharacteristic calm and control in his putting game. At least one golfer, Richie Barter, is convinced that these improvements are the result of performance enhancing drug use and he tells his theory to USA
