Radical

Medicine Louisa L. Williams, 2011-07-12 A radical approach to holistic healing that examines the root causes and cures for ailments such as Alzheimer's disease, breast cancer and heart attacks. Offers cutting edge detoxification and draining therapies to address the tremendous chemical onslaught of modern life. Explains the profound health problems caused by dental amalgams, vaccinations, antibiotics, cosmetics. With the historic use of toxic mercury amalgam fillings, excessive courses of antibiotics, damaging childhood vaccines and the many industrial pollutants and chemicals that have been spread into our air, water and food over the past century, general holistic health guidelines are simply no longer adequate for most people. Only through radical measures that are getting to the true root or underlying cause of disease can effective healing occur. In *Radical Medicine*, naturopathic physician Louisa Williams describes how to treat these and other modern day obstacles to cure in order to ensure against future degenerative disease and achieve the optimal health that is our birthright. Examining the many health problems triggered by dental amalgams and poor dentistry, Dr. Williams explains that our teeth are focal points for health issues that arise elsewhere in the body. She explores the impact of vaccinations, the excessive use of antibiotics and the chemical laden products used as health and beauty aids which are linked to Alzheimer's disease, heart attacks and breast and other cancers, and provides information on cutting edge detoxification treatments as well as drainage and nutritional therapies. A practical guide for practitioners and patients alike, *Radical Medicine* offers a wealth of holistic, natural therapies for overcoming what is poisoning us and our world so we can achieve optimal health and well-being.

The Green Medicine Chest Judith Boice, 2011-10-01 The Nautilus Book Award winning comprehensive guide to natural family health care remedies by a naturopathic physician and acupuncturist. Are pharmaceutical drugs making you or your family sick? Do you want to use safe, earth-friendly medicine? Do you know how to effectively use supplements and natural remedies to build optimal health? Sixty-six percent of the U.S. population consults alternative health care providers and over seventy percent take supplements. But many people don't know how to use these methods effectively. *The Green Medicine Chest* offers a well-organized, straightforward guide for effectively using natural remedies, reducing your doctor bills and improving your overall health. This family health companion shows you how to address acne, bed-wetting, childhood vaccinations, colds, depression, diabetes, fatigue, food allergies, headaches, insomnia, low libido, low thyroid, menstrual cramps, prostatitis, teething and much more. Both scholarly and soulful, both intellectual and entertaining, this gem of a book has inspiring information for general readers as well as enough scientific rigor to appeal to health care professionals. Keep this on hand in the family library or on the waiting room table for your patients. Highly recommended. Dr. Jillian Stansbury, N.D. Reads like a good collection of short stories. Dr. Boice has such a warm and friendly voice and the information she relays is thorough and practical in every sense of the word. I keep *The Green Medicine Chest* close at hand so when I hear the first sneeze, complaints of fatigue or of encounters with poison ivy, I can come to the rescue with the types of treatments I prefer. Messonnier,2014-05-14 **Essential Reiki** Diane Stein,2011-02-02 Reiki is an ancient and profoundly simple system of laying on of hands healing derived from Tibetan Buddhism In the West Reiki has been kept highly secret for many years ESSENTIAL REIKI presents full information on all three degrees of this healing system most of it in print for the first time Teaching from the perspective that Reiki healing belongs to all people Diane Stein breaks new ground in her classic guide to this ancient practice While no book can replace the directly received Reiki attunements ESSENTIAL REIKI provides everything else that the healer practitioner and teacher of this system needs Your Healthy Pregnancy with Thyroid Disease Dana Trentini,Mary Shomon,2016-06-28 Experts address the myriad concerns for women with thyroid disease who are trying to or have conceived **Naturopathic Medicine** Fraser Smith,2022-10-28 This book offers comprehensive coverage of naturopathic medicine The principles and values of this profession are already clearly stated i e Find and Treat the Cause Treat the Whole Person etc but few are the textbooks that provide a clear exposition of what the approach is that differs from what is described as conventional or allopathic medicine The toolkit herbs or nutrients then becomes the defining feature but this is not the most important attribute To paraphrase the historian of medicine Harris Coulter in this approach the body reacts creatively to stressors and the Empirical school or natural medicine approach is more focused on supporting adaptive responses than suppressing symptoms Or to put it another way naturopathic physicians certainly do things to ameliorate symptoms but their real interest is to discern what disturbances to the determining factors of health lead to imbalances physiological dysfunction and are generating the symptoms This is not an attempt to argue that all health issues can get better on their own or that conventional medical interventions aren t capable of producing stellar outcomes Conventional medicine holds great value but there remains a concurrent need for a naturopathic approach that helps rebuild the body There is a need for an approach in medicine that works to support adaptive responses of the body reduce maladaptive responses address determining factors of health and sometimes create temporary homeostasis with agents such as drugs or certain natural medicines can play to maintain life when the body s healing responses are insufficient This book takes this approach and begins by examining what health is and then what states lead to disease In terms of the basis of disease states the book teaches about how the lack of coordination in the body s bioregulatory systems hormones nervous system cell signaling can lead to disease as well as the impact of irreversible degeneration genetic damage chronic stress etc The book takes the reader to some of the more common and well described reasons for these states of dysfunction including the body s inability to process environmental toxins and disruptions to the human microbiome The book then teaches how to assess a patient and how various natural therapies impact root causes of disease the long term consequences and the various clinical manifestations The book then takes a systems approach cardiovascular pulmonary etc This is where most books on the subject start but instead of breaking out a number of conditions and giving protocols of diet supplements herbs etc the author examines how to restore stability and function to that system There is in depth coverage of how to confront

degenerative processes that make self healing far more challenging or perhaps not entirely attainable The application of the model of healing outlined in previous chapters is applied to each system Special topics are then covered ranging from lifespan primary care considerations to the role of research the rise of advanced data analytics as decision assistance to the environmental cultural and global determinants of health Each chapter will additionally include tables that summarize key diagnosis or treatment points arrayed in an order that reflects the model presented in the book This is an ideal guide for students in naturopathic medicine as well as physicians and medical professionals looking to learn more about this field aimed towards maximizing patient resilience
