

Populist Assault

Marilyn P. Watkins

Populist Assault:

A Populist Assault Pauline Adams, Emma S. Thornton, 1982 Sarah E Van De Vort Emery a Michigan woman transplanted from the Finger Lakes region of New York was for many years a voice for Populism in the late 19th century Emery was a woman who believed and acted on her beliefs that freedom and the flowering of the human potential should not give way to the demands of the money power

Post-Truth Populism Saul Newman, Maximilian Conrad, 2024-10-01 This open access book analyses the convergence between post truth political culture and the politics of populism The premise is that there is an intrinsic link between post truth discourse referring to mis disinformation alternative facts fake news conspiracy theories and the general distrust of expert knowledge and official sources of information and the central narrative of populism which opposes the common sense wisdom of ordinary honest people to the expert knowledge of duplicitous technocratic elites The book investigates the current post truth phenomenon as a distinct feature of contemporary political life and the specific ways in which it intersects with the resurgence of populism While there has been a considerable literature on both post truth and populism they are largely treated as separate phenomena and very little research has been conducted on their actual connection The original contribution of this book to an emerging field of study is to develop a strong coherent and empirically informed theoretical framework for understanding the specific paradigm of post truth populism The authors propose this paradigm as a way of interpreting different contemporary political phenomena such as conspiracy theories political destabilisation and debates around immigration the role of journalists and the media climate change gender and sexuality Islam and minority rights as well as a way of understanding the threats and challenges this poses to the liberal democratic model and way of life

How Autocrats Attack Expertise Richard L. Abel, 2023-12-28 Chronicling and analyzing resistance to the threat that autocracy poses to American liberal democracy this book provides the definitive account of Trump's assault on truth and his populist attacks on expertise as well as scientific and legal opposition to them This book is about the threat of autocracy which antedated Donald Trump and will persist after he leaves the stage Pandering to populists autocrats attack professional expertise in an Orwellian world where ignorance is strength and where as Hannah Arendt wrote people believe everything and nothing Trump sought to inflame xenophobia by blaming China for the pandemic and closing U S borders then declaring victory and when that proved premature wrongly blaming the number of tests for escalating cases He sought to muzzle government scientists and denounced those who defied or evaded his directives as members of the deep state preferring to rely on inept buddies He elevated obscure scientists who promoted quack cures and opposed effective preventive measures while sidelining the few reputable experts who nevertheless courageously resisted political interference In addition to these as this book documents independent scientists scientific journals and professional associations also outspoken often more so Even the pharmaceutical industry sought to preserve the integrity of a federal bureaucracy that assured the public the drugs they consumed were safe and efficacious Following Trump's numerous

efforts to distort and undermine expertise this book describes and evaluates the resilience of scientific and legal defenses of truth This definitive account and analysis of Trump s populist rejection of truth and expertise will appeal to scholars students and others with interests in politics populism and the rule of law and more specifically to those concerned with resisting the threat that autocracy poses to liberal democracy

Angels in the Machinery Rebecca Edwards, 1997-11-27 Angels in the Machinery offers a sweeping analysis of the centrality of gender to politics in the United States from the days of the Whigs to the early twentieth century Author Rebecca Edwards shows that women in the U S participated actively and influentially as Republicans Democrats and leaders of third party movements like Prohibitionism and Populism decades before they won the right to vote and in the process managed to transform forever the ideology of American party politics Using cartoons speeches party platforms news accounts and campaign memorabilia she offers a compelling explanation of why family values women s political activities and even candidates sex lives remain hot button issues in politics to this day

The Populist Persuasion Michael Kazin, 1998-10-29 Traces the history of populism in the United States from the time of Thomas Jefferson to the era of Bill Clinton

Populism and Trade Kent Jones, 2021 In an age of global populism open trade policy has become a victim of anti globalization and economic nationalism Populism and Trade addresses these concerns by tracing the impact of divisive political tactics in influencing voters to support protectionism and reject trade integration and cooperation Focusing on the influence of the Trump administration and the Brexit referendum Kent Jones explains the fragile nature of global trade institutions and argues for the policies needed to save them

Unadjusted Man in the Age of Overadjustment , The great critic Peter Viereck in a volume that both reproduces an earlier effort and presents an entirely new work on the intersection of history and literature offers a biting critique of the American desire for normalcy that leads to a culture of the surrender of personality In contrast to this voluntary thought control process is the unadjusted person Cast in the mold of great individualists from Thomas More to Friedrich Nietzsche such a person responds to fundamental values of conscience rather than conformity built exclusively on ego gratification and icon worship Viereck s book is a stinging critique of the liberal presumption of a monopoly in critical thought He argues to the contrary that most varieties of liberal expression offer little else than the common platitude dressed up as critique In such a cultural environment conservatism is the skeleton in the liberal closet The virtue of conservatism is that in its very stress on liberty as dependent on tradition and law it permits the human being an opportunity to test all transient things by the touchstone of all lasting ideas Unadjusted Man cuts deep and in many directions against left totalitarian regimes of Europe and right wannabes like McCarthyism in America For Viereck the art of conserving is not an embrace of utopias to come or empires that were but retaining the sense of individuality over against the senselessness of the massman Civil liberties in this approach are a right to non conspiratorial dissent informed by fundamental values The new material is presented unabashedly without an attempt to rewrite personal history and with an admission that not every prediction made in the original edition has come to fruition That said the

underlying themes of the original are not so much repeated as expanded upon For those seeking a work in the classic mold of conservatism rather than the strident reactionary views that have come to dominate much of the conservative dialogue this will be a special book a special entrance to the mind of a great figure in American culture wars of present as well as past

Studies In The Transformation Of U.S. Agriculture A. Eugene Havens, Gregory Hooks, Patrick H Mooney, Max Pfeffer, 2019-09-05 In recent years the consensual view of rural society has been challenged by theorists identifying the conflict exploitation and power relations in rural society Beyond this theoretical challenge empirical studies of the sociology of agriculture have provided a fresh understanding of the dynamics of U S agriculture This book contributes to the growing literature by providing a historical perspective The contributors explore historical developments in U S agriculture within the context of the larger political economy The book opens with a review of the similarities and differences between the critical rural sociology of today with that of the 1930s and moves on to a study of the accumulation process in U S agriculture Other issues covered include the erosion of the southern class structure during and after the 1930s the landed aristocracy's reassertion in the post bellum south changes in the class structure and locus of agriculture in the midwest and historical developments in the labor process and in capitalist agriculture in California The concluding chapter provides a framework for studying both the origins and the consequences of state agriculture policies Rural Democracy Marilyn P.

Watkins, 2019-05-15 What happens to social movements in rural settings when they do not face the divisive issues of race and class Marilyn Watkins examines the stable political climate built by successive waves of Populism socialism the farmer labor movement and the Grange in turn of the century western Washington She shows how all of these movements drew upon the same community base empowered farmers and encouraged them in the belief that democracy independence and prosperity were realizable goals Indeed they were in a setting where agriculture was diversified farmers were debt free and critically women enjoyed equal status as activists in social movements Rural Democracy illuminates the problems that undermined Populism and other forms of rural radicalism in the South and the Midwest by demonstrating the political success of those movements where such problems were notably absent in Lewis County Washington By so doing Watkins convincingly demonstrates the continuing value of local community studies in understanding the large scale transformations that continue to sweep over rural America **Italian Populism and Constitutional Law** Giacomo Delledonne, Giuseppe

Martinico, Matteo Monti, Fabio Pacini, 2020-02-25 This edited volume explores the relationship between constitutionalism and populism in the Italian context Italian populism is of interest to comparative lawyers for many reasons Firstly the country has a long lasting tradition of anti parliamentarism over the course of its history as a unitary state After the 2018 general election it has turned into the first European country in which two self styled populist parties formed a coalition government Although it collapsed in August 2019 many issues that it had raised remain Secondly as Italy is a founding member of the European Communities the constitutional implications of populist politics have to be considered not only within the national framework

but also in a wider context This book argues that the relationship between populism and constitutionalism should not be seen in terms of mutual exclusion and perfect opposition Indeed populism frequently relies on concepts and categories belonging to the language of constitutionalism majority democracy people offering a kind of constitutional counter narrative Myth, Media, and the Southern Mind Stephen A. Smith,1985 **New Perspectives on Populism** Jeffrey Friedman,2022-11-10 Populism has taken the world by storm but what is it In this volume twelve political scientists and political theorists approach this question from a variety of new perspectives empirical and theoretic covering populism around the world In addition to chapters on populism in Eastern Europe and Britain six authors analyse populism in the United States treating it variously as a reaction against technocracy a form of technocracy a manifestation of regional and class norms a violent ideological import and potentially a progressive democratic phenomenon All the contributors attempt to understand populists on their own terms rather than reducing populism to a psychological or structural phenomenon This book was originally published as a special issue of the journal Critical Review Japan's Quiet Leadership Mireya Solis,2023-08-14 Why has Japan emerged from the lost decades unscathed from the populist wave and a far more consequential actor in the geopolitics of the Indo Pacific In answering this question Japan s Quiet Leadership provides a sweeping look at Japan s domestic economic and political evolution its economic statecraft and the array of geopolitical challenges that have triggered a gradual but substantial shift in the country s security profile This deep dive into Japan s trajectory over the last three decades underscores Japan s hidden strengths in its democratic resilience social stability and proactive diplomacy while reckoning with the profound challenges the nation faces depopulation rising inequality voter disengagement and threats to Asia s long peace The book traces the profound currents of change coursing through the Japanese polity and its external environment and the myriad ways in which Japan s experience has become more relevant to countries coping with slow growth adverse demographics adjustment to economic globalization and the emergence of a powerful and assertive China This is a story of Japan s reinvention as a network power to overcome the harsh realities of diminishing relative capabilities In reshaping the Indo Pacific Tokyo deployed a robust economic strategy of trade integration and infrastructure finance and a proactive security diplomacy cultivating new partnerships with regional and extra regional actors and deepening the alliance with the United States Nevertheless acute geopolitical rifts Japan s pandemic insularity and the securitization of international economic relations are testing Japan s statecraft of connectivity The tasks at home are no less pressing delivering on the green digital and human capital transformations avoiding the return of the politics of indecision at the helm of the nation and fostering democratic dynamism This book illuminates where the Japanese polity economy and people are heading as we move past the Abe era and well into the 2020s and beyond **Demolition Agenda** Thomas O. McGarity,2025-05-06 A comprehensive account of the first Trump administration s efforts to destroy our government institutions and what we can do before it s too late Demolition Agenda presents chilling details of what happened to health science environmental science and

consumer protection agencies when President Donald J Trump put his best people in charge Forbes Magazine In the wake of a return to Trump era governance what Forbes Magazine calls the wealth of solid information to be found in Thomas O McGarity s Demolition Agenda is more urgent than ever Now available in a revised and updated edition this groundbreaking work offers a comprehensive look at how the first Trump administration systematically dismantled the country s regulatory agencies exposing Americans to greater risks while empowering corporate interests From Scott Pruitt s corruption scandal at the EPA to Elaine Chao s weakening of transportation safety measures and Ryan Zinke s stint as secretary of the interior before he faced eighteen federal inquiries and was fired and let s not forget Rick Perry Betsy DeVos Sonny Perdue Andrew Puzder the list goes on McGarity writes authoritatively and with revealing detail Ralph Nader about the abuses of power that defined the first Trump administration A new preface and a new final chapter tell us what to expect in round two and how to protect ourselves from the demolition agenda

Poland's Constitutional Breakdown Wojciech Sadurski,2019-05-16 Since 2015 Poland s populist Law and Justice Party PiS has been dismantling the major checks and balances of the Polish state and subordinating the courts the civil service and the media to the will of the executive Political rights have been radically restricted and the Party has captured the entire state apparatus The speed and depth of these antidemocratic movements took many observers by surprise until now Poland was widely regarded as an example of a successful transitional democracy Poland s anti constitutional breakdown poses three questions that this book sets out to answer What exactly has happened since 2015 Why did it happen And what are the prospects for a return to liberal democracy These answers are formulated against a backdrop of current worldwide trends towards populism authoritarianism and what is sometimes called illiberal democracy As this book argues the Polish variant of illiberal democracy is an oxymoron By undermining the separation of powers the PiS concentrates all power in its own hands rendering any democratic accountability illusory There is however no inevitability in these anti democratic trends this book considers a number of possible remedies and sources of hope including intervention by the European Union

One Market Under God Thomas Frank,2010-02-10 In a book that has been raising hackles far and wide the social critic Thomas Frank skewers one of the most sacred cows of the go go 90s the idea that the new free market economy is good for everyone Frank s target is market populism the widely held belief that markets are a more democratic form of organization than democratically elected governments Refuting the idea that billionaire CEOs are looking out for the interests of the little guy he argues that the great euphoria of the late nineties was never as much about the return of good times as it was the giddy triumph of one America over another Frank is a latter day Mencken as readers of his journal The Baffler and his book The Conquest of Cool know With incisive analysis passionate advocacy and razor sharp wit he asks where we are headed and whether we re going to like it when we get there

The Battle for the Future of Antitrust Aurelien Portuese,2025-01-08 In an era where technology is evolving at breakneck speed and populist movements are reshaping political landscapes the regulation of market participants stands at a critical

crossroads The future of antitrust once a relatively stable domain of law and policy is now caught in a fierce battle between traditional doctrines and emerging approaches that seek to address the new realities of our time This book delves into this struggle offering a thought provoking exploration of how antitrust laws have evolved how they are being challenged and what is at stake for the future Through a unique lens that juxtaposes the legacies of Louis Brandeis Robert Bork and Joseph Schumpeter this book offers an insightful analysis of the forces shaping the future of antitrust By tracing the historical evolution of antitrust law through economic theory and examining the ongoing debates that define today's regulatory environment the author provides a comprehensive yet accessible guide to the competing schools of thought in this critical field This is a highly valuable resource for a diverse readership interested in the future of competition law and the broader regulation of innovation from legal experts to students of law and economics as well as professionals and policymakers navigating the complexities of market regulation

Migrants' Rights, Populism and Legal Resilience in Europe Vladislava Stoyanova, Stijn Smet, 2022-06-02 Bringing together scholars of migration and constitutional law this volume analyses the problematic relationship between the rise of populism restrictions of migrants rights and democratic decay in Europe By offering both constructive and critical accounts it creates a nuanced debate on the possibilities for and limitations of legal resilience against populist erosion of migrants rights Crucially it does not merely diagnose the causes of restrictions of migrants rights but also proposes how the law might be used as a solution In this volume the law is considered as both a source of resilience and part of the problem at three distinct levels the legal theoretical the European and the national level It is a major contribution to the literature on migrants rights offering a nuanced account of how legal resilience might be used to safeguard migrants rights against further erosion in populist times This book is available as Open Access

International Discourses of Authoritarian Populism Ludwig Deringer, Liane Ströbel, 2022-12-30 International Discourses of Authoritarian Populism provides 15 cutting edge chapters probing into the diversity of present day populist discourse from across the world Not adhering to any particular school the volume explores populism from a variety of disciplines and perspectives with contributions characterized by heuristic openness as called for by the manifold manifestations of populism The chapters balance theoretical and empirical studies as well as quantitative and qualitative surveys and case studies to offer readings on historical and new types of populism and the politicians associated with these variates Authors draw on a variety of print digital textual and visual source materials to provide a close examination of the phenomena interconnected with populism including separatism Catalexit human rights and legal issues debate rhetoric and journalism with many authors writing as insiders about the situation within their own country Through its multi disciplinarity International Discourses of Authoritarian Populism provides fresh insights into the existing and potential dangers of populism and a basis for further critical assessment and discussion It will be a key resource for scholars and students across a range of disciplines including sociology political science linguistics media and communication studies literary studies and history

Moreover it will be of special interest to professionals who deal with both national and international issues of populism

The Life and Death of the Solid South Dewey W. Grantham, 2021-10-21 Southern style politics was one of those peculiar institutions that differentiated the South from other American regions This system long referred to as the Solid South embodied a distinctive regional culture and was perpetuated through an undemocratic distribution of power and a structure based on disfranchisement malapportioned legislatures and one party politics It was the mechanism that determined who would govern in the states and localities and in national politics it was the means through which the South's politicians defended their region's special interests and political autonomy The history of this remarkable institution can be traced in the gradual rise long persistence and ultimate decline of the Democratic Party dominance in the land below the Potomac and the Ohio This is the story that Dewey W Grantham tells in his fresh and authoritative account of the South's modern political experience The distillation of many years of research and reflection is both a synthesis of the extensive literature on politics in the recent South and a challenging reinterpretation of the region's political history

Populist Assault Introduction

In the digital age, access to information has become easier than ever before. The ability to download Populist Assault has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Populist Assault has opened up a world of possibilities. Downloading Populist Assault provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Populist Assault has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Populist Assault. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Populist Assault. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Populist Assault, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Populist Assault has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Populist Assault Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience.
