Russian Constitutional Experiment Government Of Duma 1907 1914:

The Russian Constitutional Experiment Geoffrey A. Hosking, 1973-05-10 **The Russian Constitutional Experiment** Geoffrey Alan Hosking, **The Tsarist Secret Police and Russian Society, 1880-1917** Fredric S. Zuckerman, 1996-05 Karakozov in 1866 Russian political life became trapped within a vicious circle of political reaction growing disillusionment with the government and intensifying political dissent that increasingly manifested itself in acts of terrorism against Tsarist officials Jews and Muslims in the Russian Empire and the Soviet Union Franziska Davies, Martin Schulze Wessel, Michael Brenner, 2015-11-18 The Russian Empire and the Soviet Union were multiethnic and multireligious empires which ruled over a large number of Jews and Muslims In many ways these two non Christian minorities presented similar challenges to the imperial order Which policies did the state pursue toward Jews and Muslims How did Jews and Muslims attempt to advance their interests in the political sphere Which role did they play in the imperial army What did the Jewish and Muslim Enlightenment movements have in common In which respects were the experiences of Jews and Muslims fundamentally different This book brings together specialists in Russian Jewish and Russian Muslim history and offers perspectives for a comparative approach to the history of Jews and Muslims in Russia Longman Companion to Imperial Russia, 1689-1917 David Longley, 2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period *The Memoirs of Count Witte* Sergei Iu Witte, Sidney Harcave, 2016-09-16 A portrait of the twilight years of Isarism by Count Sergei Witte 1849 1915 the man who built modern Russia Witte presents incisive and often piquant portraits of the mighty and those around them powerful Alexander III the weak willed Nicholas II and the neurasthenic Empress Alexandra along with his own notorious cousin Madam blavatsky the priestess of the occult *Origins of the First World War* Gordon Martel, 2013-11-14 Origins of the First World War summarizes and analyses the policies issues and crises that brought Europe to war in 1914 Martel explains the position of each of the great powers and their place in the system of alliances that dominated international politics He examines the strategic and political problems that confronted each power and the way in which society and economics influenced the decision making process In a clear and accessible manner the book demonstrates how and why the alliance system was created how it led to a network of complicated strategic commitments how an escalating series of international crises from the turn of the century fuelled preparations for war why the peculiarities of the Balkans are essential in understanding the outbreak of war in 1914 Incorporating the latest scholarship on the subject this revised third edition provides a Guide to Further Reading Who s Who and Glossary The comprehensive selection of Documents include key treaties crises and representations of popular militarism and nationalism The book provides students with the clearest most

concise accessible and up to date account of the Origins of the First World War available **The End of Tsarist Russia**
Dominic Lieven, 2016-08-16 An Economist Best Book of the Year A Financial Times Best Book of the Year Winner of the the Pushkin House Russian Book Prize Finalist for the Lionel Gelber Prize An Amazon Best Book of the Month History One of the world's leading scholars offers a fresh interpretation of the linked origins of World War I and the Russian Revolution Lieven has a double gift first for harvesting details to convey the essence of an era and second for finding new startling and clarifying elements in familiar stories This is history with a heartbeat and it could not be more engrossing Foreign Affairs
World War I and the Russian Revolution together shaped the twentieth century in profound ways In *The End of Tsarist Russia* acclaimed scholar Dominic Lieven connects for the first time the two events providing both a history of the First World War's origins from a Russian perspective and an international history of why the revolution happened Based on exhaustive work in seven Russian archives as well as many non Russian sources Dominic Lieven's work is about far more than just Russia By placing the crisis of empire at its core Lieven links World War I to the sweep of twentieth century global history He shows how contemporary hot issues such as the struggle for Ukraine were already crucial elements in the run up to 1914 By incorporating into his book new approaches and comparisons Lieven tells the story of war and revolution in a way that is truly original and thought provoking The Russian Empire Andreas Kappeler, 2014-08-27 The national question and how to impose control over its diverse ethnic identities has long posed a problem for the Russian state This major survey of Russia as a multi ethnic empire spans the imperial years from the sixteenth century to 1917 with major consideration of the Soviet phase It asks how Russians incorporated new territories how they were resisted what the character of a multi ethnic empire was and how finally these issues related to nationalism The Outbreak of the First World War Jack S. Levy, John A. Vasquez, 2014-04-03 The First World War had profound consequences both for the evolution of the international system and for domestic political systems How and why did the war start Offering a unique interdisciplinary perspective this volume brings together a distinguished group of diplomatic historians and international relations scholars to debate the causes of the war Organized around several theoretically based questions it shows how power alliances historical rivalries militarism nationalism public opinion internal politics and powerful personalities shaped decision making in each of the major countries in the lead up to war The emphasis on the interplay of theory and history is a significant contribution to the dialogue between historians and political scientists and will contribute to a better understanding of the war in both disciplines
