Russian Now Grammar:

A Grammar of Kolyma Yukaghir Elena Maslova, 2009-05-08 Kolyma Yukaghir is a seriously endangered language spoken by about 50 people in the northeast of Asiatic Russia. It is one of the two surviving languages of the Yukaghir family which is considered by different scholars either as an isolate left over from before the expansion of other languages and language families into Siberia or as a distant relative of the Uralic family. In many ways Yukaghir fits the grammatical type widespread among the languages of Siberia, namely that of predominantly verb final dependent marking language with relatively rich agglutative morphology and deranking strategies of clause linking. Furthermore, it has a number of typologically remarkable features which will be of interest to general linguists irrespective of their theoretical orientation. These include Yukaghir focus marking system, differential object marking based on global effects of person hierarchy, the obligatory use of bound possessive markers to indicate non coreference of the possessor with the subject, elaborated switch reference system, intimate interaction between aspect and valence changing derivation, etc. The book incorporates all major components of descriptive grammar from phonology to syntax with a special chapter on coreference and discourse coherence, annotated and translated sample texts, a Yukaghir-English vocabulary and a subject index. The description is based on extensive field materials and richly exemplified by non elicited data. The organization of the book facilitates its use as a reference grammar with numerous cross references between sections and concise summaries of interrelated phenomena discussed in various parts of the grammar. The book is of interest to scholars of Uralic and Siberian languages, linguistic typology and general linguistics.

Manchu Grammar Liliya M. Gorelova, 2002-04-01 With the help of this long awaited comprehensive grammar of Manchu, the official language in China during the Qing dynasty, access can be gained to the numerous official documents of more than 250 years of Chinese history immediately preceding the Republic. Taking into full account the scholarship on the subject from both China and Russia, the volume provides full coverage of the Manchu writing system, morphology and phonology. Special attention is given to syntax, until recently a conspicuous hiatus in Manchu linguistic studies. Also dealt with is Sibe, which the author convincingly argues to be a direct successor of Manchu vernacular and its relation with classical Manchu. Many grammatical problems of Manchu are considered in a wider framework of the Manchu-Tungusic languages, the group to which Manchu belongs. Dr. Gorelova's grammar is a true reference work indispensable for students of Qing China and Oriental languages. *Munsey's Magazine*, 1899 *Munsey's Magazine for ...*, 1899 *Contributions to Grammatical Studies* Frans van Coetsem, Linda R. Parts of Speech Brander Matthews, 2022-08-21 Brander Matthews' *Parts of Speech* delves into the intricacies of language and grammar, exploring the essential building blocks of communication. Through a scholarly and thought-provoking analysis, Matthews dissects the role of each part of speech in shaping the structure of sentences and conveying meaning. Drawing from a rich literary tradition, Matthews demonstrates how an understanding of grammar can enhance one's writing and appreciation of literature. This book serves as a

comprehensive guide for both language enthusiasts and students looking to deepen their understanding of syntax and semantics As a prominent literary critic and educator Matthews brings a wealth of knowledge and expertise to this engaging examination of the mechanics of language His meticulous research and insightful commentary make Parts of Speech a valuable resource for anyone seeking to sharpen their linguistic skills and broaden their literary horizons I highly recommend this book to all those interested in the art of language and the power of words **The Handbook of Lexical Functional**

Grammar Mary Dalrymple, 2023-12-14 Lexical Functional Grammar LFG is a nontransformational theory of linguistic structure first developed in the 1970s by Joan Bresnan and Ronald M Kaplan which assumes that language is best described and modeled by parallel structures representing different facets of linguistic organization and information related by means of functional correspondences This volume has five parts Part I Overview and Introduction provides an introduction to core syntactic concepts and representations Part II Grammatical Phenomena reviews LFG work on a range of grammatical phenomena or constructions Part III Grammatical modules and interfaces provides an overview of LFG work on semantics argument structure prosody information structure and morphology Part IV Linguistic disciplines reviews LFG work in the disciplines of historical linguistics learnability psycholinguistics and second language learning Part V Formal and computational issues and applications provides an overview of computational and formal properties of the theory implementations and computational work on parsing translation grammar induction and treebanks Part VI Language families and regions reviews LFG work on languages spoken in particular geographical areas or in particular language families The final section Comparing LFG with other linguistic theories discusses LFG work in relation to other theoretical approaches

Russian Now Grammar Introduction

In today's digital age, the availability of Russian Now Grammar books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Russian Now Grammar books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Russian Now Grammar books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Russian Now Grammar versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Russian Now Grammar books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Russian Now Grammar books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Russian Now Grammar books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Russian Now Grammar books and manuals for download have transformed the way we access information. They provide a

cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Russian Now Grammar books and manuals for download and embark on your journey of knowledge?
