Russian Politics Challenges Of Democratization

Mark Galeotti

Russian Politics Challenges Of Democratization:

Russian Politics Zoltan D. Barany, Robert G. Moser, 2001-08-27 What went wrong in Russia's decade old post communist transition A group of leading young scholars answer this question by offering assessments of five crucial political arenas during the Yeltsin era elections executive legislative relations interactions between the central state and the regions economic reforms and civil military relations All of the contributors recognize that adverse historical legacies have complicated Russian democratization They challenge structural explanations that emphasize constraints of the pre existing system however and concentrate instead on the importance of elite decisions and institution building The authors agree that elites failure to develop robust political institutions has been a central problem of Russia's post communist transition The weakness of the state and its institutions has contributed to a number of serious problems threatening democratic consolidation These include the tensions between the executive and the legislature the frail infrastructure for successful market reform and the absence of proper civilian control over the armed forces *New Challenges to Democratization* Peter Burnell, Richard Youngs, 2009-12-04 Brings together leading international scholars to assess the claim that democratization around the world is facing a serious challenge and features in depth studies on US democracy promotion the Middle East Russia China and new democracies **Democracy Derailed in Russia** M. Steven Fish, 2005-08-29 Why has democracy failed to take root in Russia After shedding the shackles of Soviet rule some countries in the postcommunist region undertook lasting democratization Yet Russia did not Russia experienced dramatic political breakthroughs in the late 1980s and early 1990s but it subsequently failed to maintain progress toward democracy In this book M Steven Fish offers an explanation for the direction of regime change in post Soviet Russia Relying on cross national comparative analysis as well as on in depth field research in Russia Fish shows that Russia's failure to democratize has three causes too much economic reliance on oil too little economic liberalization and too weak a national legislature Fish's explanation challenges others that have attributed Russia's political travails to history political culture or to shock therapy in economic policy The book offers a theoretically original and empirically rigorous explanation for one of the most pressing political problems of our time **Challenges to Democracy** Sten Berglund, 2001-01-01 The book is written in a systematic clear and accessible style and provides an excellent introduction to the state of democracy in contemporary postsocialist Europe Recommended for undergraduate graduate research and faculty collections P Rutland Choice The euphoria evidenced in the aftermath of the collapse of communist regimes in the late 1980s and early 1990s sometimes conveyed the impression that the process of democratization would be achieved without difficulty or tribulation This book sets out to provide a thorough comparative analysis of the challenges which face the emerging democracies of Central and Eastern Europe and considers the impact of political change Drawing heavily on available survey data the book provides an in depth account of how the new democracies of Central and Eastern Europe have coped with four major challenges political fragmentation nationalism lack of respect for

human rights and poorly developed civil service systems The book demonstrates that although the first few years of the 1990s were marked by increasing disenchantment with the new regimes the change of governments as a direct result of the electoral process and the prospects for European integration have served to reverse this negative trend Indeed the authors find that the new political systems have managed to cope with the challenges so effectively that striking similarities with Western democracies are now apparent

After Communism: Perspectives on Democracy (p) Donald R. Kelley, 2003 In this collection top scholars of Soviet and post Soviet studies convene to explore communism's aftermath They consider state building and constitutionalism the transition to market capitalism and democracy across Eastern Europe the political development of Muslim states the complex and differential developments of electoral systems the risks and opportunities of nationalism and new political and economic activities in Russia from corruption to contracts Editor Donald Kelley introduces the volume with a synthesis of the theoretical and empirical findings of the volume and his brief chapter introductions place each contribution in relation to the other essays and to larger debates on democratization

The Politics of Security in Modern Russia Mark Galeotti, 2016-03-03 The Putin era saw a striking securitization of politics something that he has bequeathed to his chosen successor Dmitry Medvedev The omens from the early days of the Medvedev presidency have been mixed marked both by less confrontational rhetoric towards the West and by war with Georgia and continued re armament Has the Medvedev generation learned the lessons not just from the Soviet era but also from the Yeltsin and Putin presidencies or will security remain the foundation of Russian foreign and domestic policy Fully up to date to reflect the evolving Medvedev presidency the 2008 Georgian war and the impact of the economic downturn this volume is a much needed objective and balanced examination of the ways in which security has played and continues to play a central role in contemporary Russian politics The combination of original scholarship with extensive empirical research makes this volume an invaluable resource for all students and researchers of Russian politics and security affairs

Contemporary Russian Politics Neil Robinson, 2019-04-16 Vladimir Putin's return to the Kremlin for a fourth presidential term in 2018 has seen Russian democracy weaken further and Russia's relations with the West deteriorate seriously Yet within Russia Putin's position remains unchallenged and his foreign policy battles have received widespread public support But is Putin as safe as his approval ratings lead us to believe And how secure is the regime that he heads In this new book Neil Robinson places contemporary Russian politics in historical perspective to argue that Putin's regime has not overcome the problems that underpinned the momentous changes in twentieth century Russian history when the country veered from tsarism to Soviet rule to post communist chaos The first part of the book outlining why crises have been perennial problems for Russia is followed by an exploration of contemporary Russian political institutions and policy to show how Putin has stabilised Russian politics But while Putin's achievements as a politician have been considerable in strengthening his personal position they have not dealt successfully with the enduring problem of the Russian state's functionality Like other Russian rulers Putin has

been much better at establishing a political system that supports his rule than he has at building up a state that can deliver material wealth and protection to the Russian people As a result Robinson argues Russia has been and remains vulnerable to political crisis and regime change Promoting Democracy and Human Rights in Russia Sinikukka Saari,2009-12-04 This book discusses how various international organisations including the European Union successfully promoted in Russia common European norms of human rights and democracy with Russia co operating fully in the process but how more recently Russia has begun to challenge these norms moving towards semi authoritarianism Constitutional Bargaining in Russia, 1990-93 Edward Morgan-Jones,2010-02-25 The years 1990 93 were a critical moment in Russia s political development This book provides a systematic explanation of outcomes of constitutional bargaining processes in Russia which radically reshaped the institutions of the Russian state removing Russia from constitutional subordination to the Soviet Union in 1990 creating a presidency and a constitutional court in 1991 and restructuring the relationship between the central state and its component federal units with the passage of three Federal Treaties in 1992 The book explores the reasons for these outcomes and identifies why there were consistent delays to the passage of a new Russian constitution as well as why negotiations eventually broke down The book assesses the plausibility of different theoretical approaches to constitutional choice and argues that the role of uncertainty and politician s strategic responses to uncertainty in shaping constitutional outcomes has been under explored by rational choices approaches to constitutional bargaining Using a rich set of source materials including roll call votes parliamentary records unpublished parliamentary and constitution commission documents Russian newspapers the book provides a detailed study of Russian politician s decision making about constitutional choices It is a valuable resource to those interested in Russia and post communist politics the origins of political institutions comparative government democratisation and development studies The Rhetorical Rise and Demise of “Democracy” in Russian Political Discourse, Volume 2 David Cratis Williams,Marilyn J. Young,Michael K. Launer,2022-05-17 Post Soviet Russia in the 1990s saw a surge in civic participation The traditional power structure officially relinquished control of political rhetoric and a nascent civil society had begun to emerge Free elections and political partisanship between reformist and conservative elements of Russian society spurred on by Russia s economic troubles gave a Wild West tenor to public rhetoric that was reflected in the election campaigns of 1993 1995 and 1996 In this volume the authors examine through a series of contemporaneously written essays the arc of government rhetoric during the height of media freedom the quest for a new national identity and the struggle for self government

If you ally habit such a referred **Russian Politics Challenges Of Democratization** book that will give you worth, get the categorically best seller from us currently from several preferred authors. If you desire to droll books, lots of novels, tale, jokes, and more fictions collections are in addition to launched, from best seller to one of the most current released.
