

RUSSIA'S COMMUNISTS AT THE CROSSROADS

JOAN BARTH URBAN
AND VALERIE D. SOLOVEI

Russias Communists At The Crossroads

Agnieszka Mrozik,Stanislav Holubec

Russias Communists At The Crossroads:

Russia's Communists At The Crossroads Joan Urban, 2021-08-12 This book is about the evolution of the communist movement in the Russian Federation from the last years of the U S S R s existence through Russia s presidential elections of June July 1996 when the chief contenders were the incumbent president Boris N Yeltsin and his communist challenger Gennadii A Ziuganov Our main protagonist is the Communist Party of the Russian Federation or CPRF as it is commonly called But the CPRF was a latecomer to the post Soviet communist playing field Its formal establishment came only in February 1993 well after the formation of a number of more doctrinaire communist parties which initially competed with the CPRF and influenced its political profile and conduct in numerous if not always readily apparent ways All of these new Russian CPs emerged from the rubble of what had been the mighty and supposedly monolithic Communist Party of the Soviet Union CPSU On the Marxist Leninist political spectrum however the range of the official positions espoused by these post Soviet neocommunist groups was more comparable to that of the international communist movement as a whole in the post Stalin era than to the CPSU under Nikita S Khrushchev and Leonid I Brezhnev

Russia's Communists At The Crossroads Joan Urban, Valerii Solovei, 1997-04-25 Less than five years after President Boris Yeltsin s ban on communist activity in Russia the Communist Party of the Russian Federation CPRF rose from the debris of the former Communist Party of the Soviet Union to win over one third of the seats in the lower house of parliament in December 1995 and to challenge Yeltsin for the presidency itself in mid 1996 This groundbreaking study analyzes the CPRF s evolution as it sought to reshape its program and practice to fit the realities of post Soviet Russia while also battling the more orthodox Marxist Leninist groups on its left The authors examine the CPRF s origins internal factions and electoral strategy during the parliamentary and presidential contests of 1995 and 1996 They address in particular the nationalist thinking of CPRF chairman Gennadii A Ziuganov as well as the political profile of leadership and official program that were endorsed at the Third CPRF Congress in January 1995 The CPRF s alternative strategic choices and prospects in the aftermath of the critical 1995 1996 electoral season are also assessed

The Communist Party in Post-Soviet Russia Luke March, 2002 This pioneering analysis uses the results from the first ever Irish election study to provide a comprehensive survey of the motives outlook and behaviour of voters in the Republic of Ireland Building on the foundations laid down by previous work on comparative electoral behaviour it explores long term influences on vote choice such as party loyalties and enduring values as well as short term ones such as the economy the party leaders and the candidates themselves It also examines how people use their vote and why so many people do not vote at all Many features of Irish elections make such a detailed study particularly important The single transferable vote system allows voters an unusual degree of freedom to pick the candidates they prefer while electoral trends observed elsewhere can be found in a more extreme form in Ireland For example attachment to parties is very low differences between them are often obscure candidate profiles are very high and turnout is falling rapidly However Irish

elections defy international trends in other respects most notably in the degree of personal contact parties and candidates make with their voters Findings are presented in a manner that is highly accessible to anyone with an interest in elections electoral systems and electoral behaviour The book is essential reading for anyone interested in Irish politics and is an important text for students of European Politics Parties and Elections Comparative Politics and Political Sociology

Restructuring Post-Communist Russia Yitzhak Brudny,Jonathan Frankel,Stefani Hoffman,2004-06-21 Since the fall of the Soviet Union in 1991 the question of whither Russia has been the source of ceaseless speculation both at home and abroad In search of answers twelve highly qualified scholars examine the complex interplay between continuity and change that has marked developments in Russia under the leadership first of Boris Yeltsin and now of Vladimir Putin Analysing the recent past they also peer into the country s future In his introduction to the volume Peter Rutland asks whether we are witnessing the gradual entrenchment of parliamentary democracy the slow return to autocracy or mere political stagnation

Restructuring Post Communist Russia poses the fundamental questions while providing the information and analysis needed to give the at least preliminary answers

Historical Memory of Central and East European Communism Agnieszka Mroziak,Stanislav Holubec,2018-03-19 Every political movement creates its own historical memory The communist movement though originally oriented towards the future was no exception The theory of human history constitutes a substantial part of Karl Marx s and Friedrich Engels s writings and the movement inspired by them very soon developed its own strong historical identity combining the Marxist theory of history with the movement s victorious milestones such as the October Revolution and later the Great Patriotic War which served as communist legitimization myths throughout almost the entire twentieth century During the Stalinist period however the movement s history became strongly reinterpreted to suit Joseph Stalin s political goals After 1956 this reinterpretation lost most of its legitimating power and instead began to be a burden The unwanted memory of Stalinism and subsequent examples of violence the Gulag Katy the 1956 Budapest uprising and the 1968 Prague Spring contributed to the crisis of Eastern European state socialism in the late 1980s and led to attempts at reformulating or even rejecting communist self identity This book s first section analyzes the post 1989 memory of communism and state socialism and the self identity of the Eastern and Western European left The second section examines the state socialist and post socialist memorial landscapes in the former German Democratic Republic Czechoslovakia Czech Republic Poland Lithuania Ukraine and Russia The final section concentrates on the narratives the movement established when in power about its own past with the examples of the Soviet Union Poland Romania and Czechoslovakia

Russia's Unfinished Revolution Michael A. McFaul,2015-05-15 For centuries dictators ruled Russia Tsars and Communist Party chiefs were in charge for so long some analysts claimed Russians had a cultural predisposition for authoritarian leaders Yet as a result of reforms initiated by Mikhail Gorbachev new political institutions have emerged that now require election of political leaders and rule by constitutional procedures Michael McFaul traces Russia s tumultuous political history from

Gorbachev's rise to power in 1985 through the 1999 resignation of Boris Yeltsin in favor of Vladimir Putin. McFaul divides his account of the post-Soviet country into three periods: the Gorbachev era (1985-1991), the First Russian Republic (1991-1993), and the Second Russian Republic (1993-present). The first two were, he believes, failures: failed institutional emergence or failed transitions to democracy. By contrast, new democratic institutions did emerge in the third era, though not the institutions of a liberal democracy. McFaul contends that any explanation for Russia's successes in shifting to democracy must also account for its failures. The Russian Soviet case, he says, reveals the importance of forging social pacts; the efforts of Russian elites to form alliances failed, leading to two violent confrontations and a protracted transition from communism to democracy. McFaul spent a great deal of time in Moscow in the 1990s and witnessed firsthand many of the events he describes. This experience combined with frequent visits since and unparalleled access to senior Russian policymakers and politicians has resulted in an astonishingly well-informed account. *Russia's Unfinished Revolution* is a comprehensive history of Russia during this crucial period.

Politics in Russia Thomas F. Remington, 2015-07-22. Highly regarded for its comprehensive coverage up to date scholarship and comparative framework. *Politics in Russia* is an authoritative overview of Russia's contemporary political system and its recent evolution. Area specialist Thomas Remington focuses on four areas of change in this text: state structure, regime change, economic transformation, and identity to offer a dynamic context for analyzing the post-Soviet era. With a consistent emphasis on the intersection of politics and economics and the tension between authoritarian and democratic trends, no other text guides students through the complexities and ambiguities of Russian politics today like *Politics in Russia*.

Political Parties in the Russian Regions Derek S. Hutcheson, 2005-08-03. This book, based on extensive original research in a range of Russian provinces, examines political parties in the new Russia, exploring in particular how party activism on the ground actually works in practice.

Developments in Russian Politics 5 Stephen White, Alex Pravda, Zvi Y. Gitelman, 2001. Russia has a new parliament and a new president and the shape of its future political life remains uncertain. Taking the elections of 1999 and 2000 as their starting point, the contributors to *Developments in Russian Politics 5* describe the institutional framework of the post-Yeltsin system and examine the policy choices that confront the Putin administration. This completely revised edition includes new discussions of such topics as media and political communication, crime and corruption, and Russia's continuing search for a national idea. Other sections cover elections and electoral procedures, parties and organized interests, as well as economic, social, and foreign policy. Written by leading scholars from both sides of the Atlantic, *Developments in Russian Politics 5* will replace earlier editions as the leading text for students of Russia and for a wider group of readers seeking a reliable and up-to-date introduction to the politics of the world's largest country.

Russian Messianism Peter J. S. Duncan, 2002-11. This unique work will be of great interest to those engaged in politics and Russian studies as well as professionals dealing with Russia.

The Enigmatic Realm of **Russias Communists At The Crossroads**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Russias Communists At The Crossroads Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russias Communists At The Crossroads PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong

learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russias Communists At The Crossroads PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russias Communists At The Crossroads free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
