Improving Quality Assurance in European Vocational Education and Training Adrie J. Visscher, 2009-04-29 Many resources are invested in the development and introduction of Quality Assurance Systems in educational institutions all over the world Our assumption is that as a result of quality assurance activities practitioners obtain information about their own functioning and institutional performance which is new and valuable to them and which therefore will form a basis for them to improve performance This assumption proves to be na ve too often performance feedback is under utilized and evaluations become void legitimizing rites instead of a basis for organizational learning and the improvement of institutions The aim of this book was to find out when educational institutions do transform Quality Assurance data into actions to improve performance and how the use of such data can be promoted This volume reports on the study of Quality Assurance structures and activities in 36 educational institutes in 6 European Countries and presents guidelines for Quality Assurance

Managing a Quality Service Linda Nazarko, 2004 This handbook covers the knowledge and understanding required to deliver a quality service to the service user It includes chapters on enabling and developing staff partners in care managing expectations and planning for the future
