Saad ahaq̣h sinil, 1974 Lists alphabetically Navajo words and their English counterparts under such categories as clothing plants food colors and parts of the body

Resources in Education, 1984 *Navajo Lifeways* Maureen Trudelle Schwarz, 2001 I think what is always really amazing to me is that Navajo are never amazed by anything that happens Because it is like in a lot of our stories they are already there Sunny Dooley Navajo Storyteller During the final decade of the twentieth century Navajo people had to confront a number of challenges from unexplained illness the effects of uranium mining and problem drinking to threats to their land rights and spirituality Yet no matter how alarming these issues Navajo people made sense of them by drawing guidance from what they regarded as their charter for life their origin stories Through extensive interviews Maureen Trudelle Schwarz allows Navajo to speak for themselves on the ways they find to respond to crises and chronic issues In capturing what Navajo say and think about themselves Schwarz presents this southwestern people s perceptions values and sense of place in the world

Blood and Voice Maureen Trudelle Schwarz, 2016-12-15 Adulthood in the Navajo world is marked by the onset of menstruation in females and by the deepening of the voice in males Accordingly young adults must accept responsibility over the powers manifest in blood and voice for women the forces that control reproduction and growth for men the powers of protection and restoration of order that come through maintaining Navajo oral tradition The maintenance of the latter tradition has long been held to be the function of the Navajo singer a role usually viewed as male But despite this longstanding assumption women can and do fill this role Drawing on interviews with seventeen Navajo women practitioners and five apprentices Maureen Trudelle Schwarz explicates women s role as ceremonial practitioners and shows that it is more complex than has previously been thought She examines gender differences dictated by the Navajo origin story details how women came to be practitioners and reveals their experiences and the strategies they use to negotiate being both woman and singer Women who choose careers as singers face complex challenges since some rules prohibit menstruating women from conducting ceremonies and others regarding sexual continence can strain marital relationships Additionally oral history places men in charge of all ceremonial matters Schwarz focuses on how the reproductive life courses of Navajo women influence their apprenticeships and practices to demonstrate how they navigate these issues to preserve time honored traditions Through the words of actual practitioners she shows how each woman brings her own unique life experience to the role While differing among individuals these experiences represent a commitment to shared cultural symbols and result in a consensus that sustains social cohesion By showing the differences and similarities between the apprenticeship initiation and practice of men and women singers **Blood and Voice** offers a better understanding of the role of Navajo women in a profession usually viewed as a male activity and of the symbolic construction of the self in Navajo culture It also addresses classic questions concerning the sexual division of labor menstrual taboos gender stereotypes and the tension between tradition and change that will enlighten students of

other cultures *Diné Identity in a Twenty-First-Century World* Lloyd L. Lee, 2020-05-19 Din identity in the twenty first century is distinctive and personal It is a mixture of traditions customs values behaviors technologies worldviews languages and lifeways It is a holistic experience Din identity is analogous to Din weaving like weaving Din identity intertwines all of life s elements together In this important new book Lloyd L Lee a citizen of the Navajo Nation and an associate professor of Native American studies takes up and provides insight on the most essential of human questions who are we Finding value and meaning in the Din way of life has always been a hallmark of Din studies Lee s Din centric approach to identity gives the reader a deep appreciation for the Din way of life Lee incorporates Din baa hane Navajo history Sa h Naagh Bik eh H zh n harmony Din Bizaad language K relations K clanship and N hi K yah land to address the melding of past present and future that are the hallmarks of the Din way of life This study informed by personal experience offers an inclusive view of identity that is encompassing of cultural and historical diversity To illustrate this Lee shares a spectrum of Din insights on what it means to be human Din Identity in a Twenty First Century World opens a productive conversation on the complexity of understanding and the richness of current Din identities Marietta Wetherill Marietta Wetherill, 1997 While her husband Richard excavated ruins and created a trading post empire at the turn of the century Marietta learned the rituals and reality of Navajo life from medicine men **Reclaiming Diné History** Jennifer Nez Denetdale, 2015-09-01 In this groundbreaking book the first Navajo to earn a doctorate in history seeks to rewrite Navajo history Reared on the Navajo Nation in New Mexico and Arizona Jennifer Nez Denetdale is the great great great granddaughter of a well known Navajo chief Manuelito 1816 1894 and his nearly unknown wife Juanita 1845 1910 Stimulated in part by seeing photographs of these ancestors she began to explore her family history as a way of examining broader issues in Navajo historiography Here she presents a thought provoking examination of the construction of the history of the Navajo people Din in the Navajo language that underlines the dichotomy between Navajo and non Navajo perspectives on the Din past Reclaiming Din History has two primary objectives First Denetdale interrogates histories that privilege Manuelito and marginalize Juanita in order to demonstrate some of the ways that writing about the Din has been biased by non Navajo views of assimilation and gender Second she reveals how Navajo narratives including oral histories and stories kept by matrilineal clans serve as vehicles to convey Navajo beliefs and values By scrutinizing stories about Juanita she both underscores the centrality of women s roles in Navajo society and illustrates how oral tradition has been used to organize social units connect Navajos to the land and interpret the past She argues that these same stories read with an awareness of Navajo creation narratives reveal previously unrecognized Navajo perspectives on the past And she contends that a similarly culture sensitive re viewing of the Din can lead to the production of a Navajo centered history Molded in the Image of Changing Woman Maureen Trudelle Schwarz, 2022-03-29 What might result from hearing a particular song wearing used clothing or witnessing an accident Ethnographic accounts of the Navajo refer repeatedly to the influences of events on health and well being yet until now no

attempt has been made to clarify the Navajo system of rules governing association and effect This book focuses on the complex interweaving of the cosmological social and bodily realms that Navajo people navigate in an effort alternately to control contain or harness the power manifested in various effects Following the Navajo life course from conception to puberty Maureen Trudelle Schwarz explores the complex rules defining who or what can affect what or whom in specific circumstances as a means of determining what these effects tell us about the cultural construction of the human body and personhood for the Navajo Schwarz shows how oral history informs Navajo conceptions of the body and personhood showing how these conceptions are central to an ongoing Navajo identity She treats the vivid narratives of emergence life origins as compressed metaphorical accounts rather than as myth and is thus able to derive from what individual Navajos say about the past their understandings of personhood in a worldview that is actually a viable philosophical system Working with Navajo religious practitioners elders and professional scholars Schwarz has gained from her informants an unusually firm grasp of the Navajo highlighted by the foregrounding of Navajo voices through excerpts of interviews These passages enliven the book and present Schwarz and her Navajo consultants as real multifaceted human beings within the ethnographic context
