Sacred Biography In The Buddhist Traditions Of South And Southeast Asia:

Sacred Biography in the Buddhist Traditions of South and Southeast Asia Juliane Schober, 2002-01-01 This interdisciplinary collection of essays explores the biographical genre of the Buddhist traditions of South and Southeast Asia. Scholars in the history of religions, anthropology, literature, and art history present a broad range of explorations into sacred biography as an interpretive genre. Each essay makes unique contributions and the collection as a whole engages methodological and interpretive approaches that are central to scholars of Buddhism and those specializing in the study of South and Southeast Asia.

Family in Buddhism Liz Wilson, 2013-08-01 A wide-ranging exploration of Buddhism and family in Asia, from biological families to families created in monasteries. The Buddha left his home and family and enjoined his followers to go forth and become homeless. With a traditionally celibate clergy, Asian Buddhism is often regarded as a world renouncing religion inimical to family life. This edited volume counters this view, showing how Asian Buddhists in a wide range of historical and geographical circumstances relate as kin to their biological families and to the religious families they join. Using contemporary and historical case studies as well as textual examples, contributors explore how Asian Buddhists invoke family ties in the intentional communities they create and use them to establish religious authority and guard religious privilege. The language of family and lineage emerges as central to a variety of South and East Asian Buddhist contexts. With an interdisciplinary Pan-Asian approach, *Family in Buddhism* challenges received wisdom in religious studies and offers new ways to think about family and society.

The Social Life of Tibetan Biography Amy Holmes-Tagchundarpa, 2014-07-30 *The Social Life of Tibetan Biography* explores the creation of Tibetan religious authority in Tibetan cultural areas throughout East Inner and South Asia through engaging with the relationship between textual biography and social community in the case of the Eastern Tibetan yogi Tokden Shakya Shri (1853-1919). It explores the different mechanisms used by Shakya Shri's community in the creation of his biographical portrait to develop his lineage, including the use of biographical tropes, details of interpersonal connections, educational and patronage networks, and representations of sacred site creation and maintenance. In doing so, this study decenters Tibetan and Himalayan religious history through recognizing that peripheries could act as alternative centers of authority for diverse Tibetan Buddhist communities.

The Buddha Vanessa R. Sasson, Kristin Scheible, 2023 Retellings of the Buddha's life story have animated and sustained Buddhist thought and practice through some 2,500 years of history. To this day, Buddhist holidays and rituals are pinned to the arc of his biography: celebrating his birth, awakening, teaching, and final nirvana. His story is the model that exemplary Buddhists follow. Often there is a moment of insight akin to the Buddha's experience with the Four Sights, followed by a great departure from home and a period of searching that it is hoped will lead to final awakening. The Buddha's story is not just the Buddha's story; it is the story of Buddhism. In this book, twelve leading scholars of South Asian texts and traditions articulate the Buddha life blueprint, the underlying and foundational pattern that holds the life story of a Buddha together. They retell the episodes of

Buddha Gautama's extended life story while keeping in mind the cosmic paradigmatic arc of his narrative. The contributors have dedicated their careers to exploring hagiographical materials each applying their own methodological and theoretical interests to shed new light on the enduring story of Buddhism. Using multiple perspectives, voices, and sources, this volume underscores the multivalent centrality of this story. The book will be an invaluable resource to practicing Buddhists and students of Buddhist Studies to help them engage in the most foundational story of the tradition.

Encyclopedia of Monasticism William M. Johnston, 2013-12-04. The two-volume *Encyclopedia of Monasticism* describes the monastic traditions of both Christianity and Buddhism with more than 600 entries on important monastic figures of all periods and places, surveys of countries and localities, and topical essays covering a wide range of issues: e.g., art, behavior, economics, liturgy, politics, theology, and scholarship. Coverage encompasses not only geography and history worldwide but also the contemporary dilemmas of monastic life. Recent upheavals in certain countries are highlighted: Korea, Russia, Sri Lanka, etc. Topical essays subtitled *Christian Perspectives* and *Buddhist Perspectives* explore in imaginative fashion comparisons and contrasts between Christian and Buddhist monasticism. *Encyclopedia of Monasticism* also includes more than 500 color and black and white illustrations covering all aspects of monastic life, art, and architecture.

Becoming the Buddha Donald K. Swearer, 2020-07-21. *Becoming the Buddha* is the first book-length study of a key ritual of Buddhist practice in Asia: the consecration of a Buddha image, or new Buddha, a ceremony by which the Buddha becomes present or alive. Through a richly detailed, accessible exploration of this ritual in northern Thailand, an exploration that stands apart from standard text-based or anthropological approaches, Donald Swearer makes a major contribution to our understanding of the Buddha image, its role in Buddhist devotional life, and its relationship to the veneration of Buddha relics. Blending ethnography, analysis, and Buddhist texts related to this mimetic reenactment of the night of the Buddha's enlightenment, he demonstrates that the image becomes the Buddha's surrogate by being invested with the Buddha's story and charged with the extraordinary power of Buddhahood. The process by which this transformation occurs through chant, sermon, meditation, and the presence of charismatic monks is at the heart of this book. Known as opening the eyes of the Buddha image, consecration traditions throughout Buddhist Asia share much in common. Within the cultural context of northern Thailand, *Becoming the Buddha* illuminates scriptural accounts of the making of the first Buddha image, looks at debates over the ritual's historical origin, at Buddhological insights achieved, and at the hermeneutics of absence and presence, and provides a thematic comparison of several Buddhist traditions.

Historical Dictionary of Burma (Myanmar) Donald M. Seekins, 2017-03-27. Burma, Myanmar, is a Southeast Asian country that is emerging from crisis after more than a half-century of hard-line military rule and cultural, diplomatic, and economic isolation.
