memorial in the Scottish village of Bridge of Weir lists 72 men who died during the First World War Their deaths occurred in
almost every theatre of the war They were awarded very few medals and their military careers were not remarkable except
in the important respect that they like countless other peaceful civilians answered their country s call in its time of need This
book follows the lives of these sons of Bridge of Weir not just as soldiers sailors and airmen but as husbands fathers sons
brothers and members of a small local community which felt their loss intensely At the same time it also paints a larger
picture of the war of the politicians and generals and military campaigns which shaped it The brave men of Bridge of Weir
know little of the wider context their experience was of the little histories in which they fought and died Readers of this book
will understand what the 72 never knew why and how the war was fought that claimed their lives Time and Sacrifice in
the Aztec Cosmos Kay Almere Read,1998-07-22 This introduction to the imaginative world of the Mexica or Aztec explores
sacrifice in the richly textured life of 16th century Mexico Kay Almere Read describes a universe in which every object was
timed by a given lifespan and in which sacrifice was the mechanism by which time functioned This book makes a convincing
case for what sacrifice meant religiously and for how it came to be that human sacrifice of staggering proportions could be
accepted matter of factly by the Mexica people
